Social Cohesion And Conflict Prevention In Asia Managing Diversity Through Development:

Social Cohesion and Conflict Prevention in Asia Nat J. Colletta, Teck Ghee Lim, Anita Kelles-Viitanen, 2001-01-01 This book is based on discussions from the Asian Regional Consultation on Social Cohesion and Conflict Management that was sponsored by the World Bank and the Asian Development Bank Participants speaking in their personal capacity included representatives from government civil society and donor organisations The papers included in this volume cite a multiplicity of traditional obstacles to social cohesion and integration in the region ranging from xenophobic nationalism to poverty socioeconomic disparities gender inequality and ethnic religious and cultural discrimination **Social Cohesion and Conflict Prevention in Asia** Nat J. Colletta, 1999 **Long-Term Conflict Prevention and Industrial Development** Ralf Bredel, 2003 After decades of striving to prevent international conflict major armed conflicts in the 1990s have taken place within national boundaries After the series of national independence wars in the 1950s and 1960s and frequent geopolitical wars in the 1970s and 1980s a category of wars of the third kind prevailed The aim of this book is to consider the root causes of recent internal conflicts and to develop long term conflict prevention strategies from here New insights suggest the central role of politico economic inequalities in ethnic religious and cultural conflict The United Nations system has just started to adjust to this new reality of conflict and make long term conflict prevention a priority issue on international agendas Whereas development practitioners should principally conceive their work through a conflict prevention lens there is a shift in focus to United Nations agencies that deal with the economic characteristics of conflict The unbroken significance of a sustainable industrial development process in developing countries may allow the United Nations Industrial Development Organization UNIDO a particular vantage point and role in the long term prevention of conflict **Transforming the Developmental Welfare State in East Asia** H. Kwon, 2016-04-19 Since the economic crisis of 1997 there have been significant social policy reforms in East Asia Using the concept of the developmental welfare state this book seeks to answer whether the welfare reforms in East Asia have extended social rights while maintaining its developmental credentials Transforming the Developmental Welfare State in East Asia explains the way in which the shift in economic strategy has influenced social policy reform in East Asia It also analyzes the political dynamics of social policy in which economic imperatives for social reform were transformed into social policy reform **Social Cohesion in Asia** Aurel Croissant, Peter Walkenhorst, 2019-11-25 This book explores the historical origins contemporary dynamics and future challenges of social cohesion in South Southeast and East Asia one of the most dynamic and at the same time heterogeneous regions in the world in terms of economic political and human development The comparative case studies in this volume develop a better understanding of social cohesion in Asia by exploring how social cohesion is understood analyzed and sometimes politically instrumentalised Examining different dimensions and qualities of social cohesion and how they are linked together it also discusses the challenges of social cohesion in individual societies The case studies include examples from Bangladesh India

Sri Lanka Indonesia Myanmar Singapore South Korea and Mainland China and building on the conceptual work and empirical findings of the Asian Social Cohesion Radar this book provides detailed cross country analyses over the past 15 years Combining rigorous conceptual and theoretical reasoning with a systematic empirical analysis of trends across the region Social Cohesion in Asia will be of great interest to students and scholars of Asian politics international relations political sociology comparative politics and Democratization Studies **Social Cohesion in European Societies** Bujar Aruqaj, 2023-03-17 This book explains the concept of social cohesion in the context of a comparative sociological study It proposes an innovative approach to the measurement of social cohesion considering as constitutive elements social trust institutional trust and societies degree of openness Aruqaj observes these elements across time and on multiple social levels individual socio economic inequalities and ethno linguistic diversification group social categorisations and regional statistics of religious gender social status and migration differences and societal reflecting the quality of life and human capabilities This book provides an analysis of social cohesion not only between but also within European societies It will appeal to students and scholars interested in solidarity and social integration working in sociology social psychology and development studies *The Role of Public Administration in Building a Harmonious Society* Network of Asia-Pacific Schools and Institutes of Public Administration and Governance. Annual Conference, Asian Development Bank, 2006 This volume brings together a collection of papers presented at the annual conference of the Network of Asia Pacific Schools and Institutes of Public Administration and Governance NAPSIPAG The publication reflects the diversity of grounded voices to be found in the region While the approaches are different a distinguishing feature is the depth of local knowledge they exhibit and the manner in which innovation from within the Asia and Pacific region is highlighted **Social Cohesion in Greater China** Ka-Ho Mok, Yeun-wen Ku, 2010 This book critically examines the issues and challenges of social development faced by societies in Mainland China Taiwan and Hong Kong with particular reference to the major strategies these societies adopt to promote social cohesion and civil harmony in the context of globalization It focuses on people who have been socially marginalized by the Asian financial crisis in 1997 and examines the measures Greater China has adopted to balance economic growth with social development The book will be of interest to readers who wish to know more about societies in Mainland China and the effects of globalization **International Approaches to Governing Ethnic Diversity** Jane Boulden, Will Kymlicka, 2015-02-12 One of the most remarkable features of the post Cold War period has been the upsurge of international involvement in questions of ethnic diversity From the United Nations and the European Court of Human Rights to diverse international philanthropic and advocacy organizations a wide range of international actors have adopted policies and principles for addressing questions of ethnic rights identity and conflict International Approaches to Governing Ethnic Diversity explores whether and how these international actors contribute to the peaceful and democratic governance of ethnic diversity It focuses on two broad areas of international work the evolution of international legal norms regarding the

rights of minorities and indigenous peoples and international approaches to conflict and post conflict development The book charts new territory by mapping the range of international actors who affect the governance of ethnic diversity and exploring their often contradictory roles and impacts Most international actors come to questions of ethnic diversity indirectly and reluctantly on the basis of widely varying mandates many of which were established to fulfill other objectives They naturally therefore have different priorities and perspectives And yet the book identifies a striking convergence amongst international actors around discourses of diversity and equality demonstrating the existence of an epistemic community where actors work within common vocabularies discourses and principles that attempt to link human rights pluralism development and peace

What Holds Asian Societies Together? Bertelsmann Stiftung, 2017-12-11 Social cohesion has become an important public goal in many countries across the globe not only in the Western hemisphere but also in Asia Despite the growing political and academic interest in the concept there is no generally accepted definition of social cohesion As a result empirical insights are lacking Against this backdrop the Bertelsmann Stiftung has initiated the Social Cohesion Radar which now for the first time presents empirical findings on South Southeast and East Asia The study provides an analysis and review of social cohesion in 22 Asian countries in a comparative perspective It presents a valid and reliable measurement of current and past levels of social cohesion and explores its most important determinants and outcomes As an extension of the Social Cohesion Radar series the study will be of interest and value to policy makers academics think tanks and civil society organizations
