Taste Of The West:

Taste of the West Oliver Akamnonu, 2008-10-29 **Taste of the West** Taste of the West, Taste of the West Taste of the West, 1995 **A Taste of the West Country** Jennie Cooper, 2016 *The Taste of Empire* Lizzie Collingham, 2017-10-03 A history of the British Empire told through twenty meals eaten around the world In *The Taste of Empire* acclaimed historian Lizzie Collingham tells the story of how the British Empire's quest for food shaped the modern world Told through twenty meals over the course of 450 years from the Far East to the New World Collingham explains how Africans taught Americans how to grow rice how the East India Company turned opium into tea and how Americans became the best fed people in the world In *The Taste of Empire* Collingham masterfully shows that only by examining the history of Great Britain's global food system from sixteenth century Newfoundland fisheries to our present day eating habits can we fully understand our capitalist economy and its role in making our modern diets The Taste of Ashes Marci Shore, 2013-01-15 An inventive wholly original look at the complex psyche of Eastern Europe in the wake of the revolutions of 1989 and the opening of the communist archives In the tradition of Timothy Garton Ash's *The File* Yale historian and prize winning author Marci Shore draws upon intimate understanding to illuminate the afterlife of totalitarianism *The Taste of Ashes* spans from Berlin to Moscow moving from Vienna in Europe's west through Prague Bratislava Warsaw and Bucharest to Vilnius and Kiev in the post communist east The result is a shimmering literary examination of the ghost of communism no longer Marx's specter to come but a haunting presence of the past Marci Shore builds her history around people she came to know over the course of the two decades since communism came to an end in Eastern Europe her colleagues and friends once communists and once dissidents the accusers and the accused the interrogators and the interrogated Zionists Bundists Stalinists and their children and grandchildren For them the post communist moment has not closed but rather has summoned up the past revolution in 1968 Stalinism the Second World War the Holocaust The end of communism had a dark side As Shore pulls the reader into her journey of discovery reading the archival records of people who are themselves confronting the traumas of former lives she reveals the intertwining of the personal and the political of love and cruelty of intimacy and betrayal The result is a lyrical touching and sometimes heartbreaking portrayal of how history moves and what history means **The Chinese Taste in Eighteenth-Century England** David Porter, 2010-11-11 Eighteenth century consumers in Britain living in an increasingly globalized world were infatuated with exotic Chinese and Chinese styled goods art and decorative objects However they were also often troubled by the alien aesthetic sensibility these goods embodied This ambivalence figures centrally in the period's experience of China and of contact with foreign countries and cultures more generally David Porter analyzes the processes by which Chinese aesthetic ideas were assimilated within English culture Through case studies of individual figures including William Hogarth and Horace Walpole and broader reflections on cross cultural interaction Porter's readings develop new interpretations of eighteenth century ideas of luxury consumption gender

taste and aesthetic nationalism Illustrated with many examples of Chinese and Chinese inspired objects and art this is a major contribution to eighteenth century cultural history and to the history of contact and exchange between China and the West

The Bitter Taste of Victory Lara Feigel, 2016-01-28 As the Second World War neared its conclusion Germany was a nation reduced to rubble 3.6 million German homes had been destroyed leaving 7.5 million people homeless an apocalyptic landscape of flattened cities and desolate wastelands In May 1945 Germany surrendered and Britain America Soviet Russia and France set about rebuilding their zones of occupation Most urgent for the Allies in this divided defeated country were food water and sanitation but from the start they were anxious to provide for the minds as well as the physical needs of the German people Reconstruction was to be cultural as well as practical denazification and re education would be key to future peace and the arts crucial in modelling alternative less militaristic ways of life Germany was to be reborn its citizens as well as its cities were to be reconstructed the mindset of the Third Reich was to be obliterated When later that year twenty two senior Nazis were put in the dock at Nuremberg writers and artists including Rebecca West Evelyn Waugh John Dos Passos and Laura Knight were there to tell the world about a trial intended to ensure that tyrannous dictators could never again enslave the people of Europe And over the next four years many of the foremost writers and filmmakers of their generation were dispatched by Britain and America to help rebuild the country their governments had spent years bombing Among them Ernest Hemingway Martha Gellhorn Marlene Dietrich George Orwell Lee Miller W. H. Auden Stephen Spender Billy Wilder and Humphrey Jennings The Bitter Taste of Victory traces the experiences of these figures and through their individual stories offers an entirely fresh view of post war Europe Never before told this is a brilliant important and utterly mesmerising history of cultural transformation

A Taste of Progress: Food at International and World Exhibitions in the Nineteenth and Twentieth Centuries Professor Peter Scholliers, Dr Nelleke Teughels, 2015-11-28 World exhibitions have been widely acknowledged as important sources for

understanding the development of the modern consumer and urbanized society yet whilst the function and purpose of architecture at these major events has been well studied the place of food has received very little attention Food stood as a powerful semiotic device for communicating and maintaining conceptions of identity history traditions and progress of inclusion and exclusion making it a valuable tool for researching the construction of national or corporate sentiments Combining recent developments in food studies and the history of major international exhibitions this volume provides a refreshing alternative view of these international and intercultural spectacles

Slavery and the Culture of Taste Simon Gikandi, 2014-04-27 It would be easy to assume that in the eighteenth century slavery and the culture of taste the world of politeness manners and aesthetics existed as separate and unequal domains unrelated in the spheres of social life But to the contrary *Slavery and the Culture of Taste* demonstrates that these two areas of modernity were surprisingly entwined Ranging across Britain the antebellum South and the West Indies and examining vast archives including portraits period paintings personal narratives and diaries Simon Gikandi illustrates how the violence and ugliness of enslavement actually shaped theories of taste notions of beauty and practices of high culture and how slavery's impurity informed and haunted the rarified customs of the time Gikandi focuses on the ways that the enslavement of Africans and the profits derived from this exploitation enabled the moment of taste in European mainly British life leading to a transformation

of bourgeois ideas regarding freedom and selfhood He explores how these connections played out in the immense fortunes made in the West Indies sugar colonies supporting the lavish lives of English barons and altering the ideals that defined middle class subjects Discussing how the ownership of slaves turned the American planter class into a new aristocracy Gikandi engages with the slaves own response to the strange interplay of modern notions of freedom and the realities of bondage and he emphasizes the aesthetic and cultural processes developed by slaves to create spaces of freedom outside the regimen of enforced labor and truncated leisure Through a close look at the eighteenth century s many remarkable documents and artworks Slavery and the Culture of Taste sets forth the tensions and contradictions entangling a brutal practice and the distinctions of civility
