This Haunted Isle Peter Underwood, 1993 Peter Underwood has personally visited the historic buildings and sites of Britain and here presents a wealth of intriguing legends and new stories of ghostly encounters from more than a hundred such throughout the United Kingdom From Abbey House in Cambridge to Zennor in Cornwall this is an A to Z of the haunted houses of Britain At Bramshill in Hampshire now a police training college there have been so many sightings that even

sceptical police officers have had to admit that the place is haunted Beautiful Leeds Castle in Kent has a large phantom black dog there is an Elizabethan gentleman seen by a Canon of the Church of England at Croft Castle a Pink Lady at Coughton Court a prancing ghost jester at Gawsworth a spectre in green velvet at Hoghton Tower six ghosts at East Riddlesden Hall a headless apparition at Westwood Manor and then there are some little known ghosts in Windsor Castle Hampton Court Palace and the Tower of London and the strange ghosts of Chingle Hall perhaps the most haunted house in England The Delamere Saga: the Untold Story of Vale Royal Abbey Geoffrey Hebdon,2020-02-17 This colourful and thoroughly researched history of the Lord Delamere branch of the British aristocracy focuses on the famous Vale Royal Abbey in Cheshire England The Cholmondeley family who owned the Abbey throughout the 18th and 19th centuries are described in lavish and intimate detail as they maneuvered to maintain through three generations their status as a leading family in the United Kingdom Beginning in the late 17th century we follow Charles Cholmondeley as he served as a member of the King s army in Canada in the war against the French Part I witnesses the ubiquitous Thomas Cholmondeley who purchased the title Lord Baron Delamere for 5000 from the British crown in 1821 Part II covers the 2nd Lord Delamere Hugh Cholmondeley who led a very sad and difficult life and experienced the deterioration of Vale Royal Part III reviews the life of Hugh Cholmondeley Jnr 3rd Lord Delamere his abandonment of Vale Royal Abbey and his relocation to East Africa Narcissistic Hugh was part of the notorious happy valley crowd of Kenya and their lives of debauchery sex and drugs The Vale Royal Abbey lives on today a national treasure and testament to the intriguing lives of those who occupied it over the centuries *Thus Until* Emilia Ilieva,Reuben Matheka,2025-08-04 Thus Until A History of Egerton University is a thorough historical chronological and well researched account of Egerton University from a whites only college when it started in 1939 through to the expansion it has experienced over the years culminating in being a full university More than any other university in Kenya Egerton has a long and colourful history but like all the other universities it has suffered from the political economic and financial challenges of the time especially since the double intake of the 1990s Chapter One provides the required background to the study highlighting agricultural and educational policies and steering away from the Happy Valley hype so characteristic of the period The reader will learn about the Egerton family in Chapter Two and particularly about Lord Egerton himself and the colonial circumstances within which he lived The chapter dispels some of the popularly held myths about him Chapter Three deals with the beginnings of the college and the various structural and curriculum experiments tried out and the kind of enrolment and students it experimented with as an all white establishment The chapter ends with Africans beginning to agitate for change With great attention to detail the later chapters put the university in a broader local and international context thereby increasing its relevance to society A History of Egerton University though heavily footnoted and with a detailed bibliography is written in a simple easy flowing and accessible style **Operation Colossus** Lawrence Paterson,2020-06-24 Provides an excellent overview of the development of parachute troops as well as an exciting battle

narrative and gripping human interest story Argunners Magazine Formed by a collection of free thinking army and air force officers the fledgling British paratrooper unit known as the SAS deployed trial and error in terms of tactics and equipment before an elite few were selected to make the first British parachute raid of the war which took place in Basilicata Italy on 10 February 1941 Collectively known as X Troop these men were parachuted by specially selected bomber crews into the heart of enemy territory where they successfully destroyed their target the Tragino Aqueduct before becoming the object of an exhaustive manhunt by Italian troops and civilians Captured they were variously interrogated imprisoned and the Italian SOE agent placed on trial for treason and executed Given the distances that had to be covered the logistical complications and the lack of any precedent the raid was a remarkable feat Its success or failure depended on a group of men using methods and equipment thus far untried by the British Army They were truly guinea pigs for those that would follow in their footsteps Often overlooked in British military history Paterson brings this extraordinary episode to light drawing on verbatim testimony and interrogating the truth of previous accounts From the formation of the unit and the build up to its first deployment through Operation Colossus and its aftermath to its ongoing legacy today this is the fascinating story of the modern day British Parachute Regiment Well written with all the flash and dash of typical commando warfare Historical Miniatures Gaming Society
