The Concept of Service Quality in Commercial Practice Amelikeh Confidence E. N., 2020-07-30 *Commercial Practice* is the work done for the earning acquisition and ownership of existence and within existence What one acquires the one is said to own resulting in the application of ownership to anything at all acquirable including the slave however the slave is held in possession disowned and hence cannot be said to be owned We cannot accurately say that one owns a slave nor that a slave has owner when the slave is held disowned The disowned thing has no owner The application of ownership to the slave has brought difficulty in telling the relationship between parent and child husband and wife employer and employee and citizen and state for instance as a person being owned sounds as the person being a slave We have redeemed the reality of ownership There are things one can own and things one cannot own although acquirable therefore there are things one has the Right to acquire and things one has no Right to acquire If you cannot own it and you acquire it then you have stolen it rendering you a criminal as theft is a crime Learn *Commercial Practice* it is the legitimate method of acquiring and possessing and ownership

Slaves of Christ Robert

Gadeken,2025-05-29 No one in the first century could imagine a world without slavery Yet it was merely part of an entire social system of obligation in which no one was entirely free Responsibility was built into their world whether service to or benefit from those above them These relationships defined them Modern Christians have lost the sense of responsibility and obedience that is part of a relationship with Jesus Their obsession with freedom and independence threatens their relationship with Jesus They see slavery as the opposite of freedom but the early Christians saw slavery to Jesus as the only real freedom When Paul said Christians are slaves of Christ he said it with joy Moderns who take that phrase as a metaphor for commitment miss the point It is a definition It is a relationship that defines a person As Luther said a Christian is someone who has been purchased with the blood of Christ that I may be his own live under him and serve him When modern Christians recover the meaning of slave of Christ they too can say it with joy

The Inhuman Race Leonard Cassuto,1997

The Tyrant's Writ Deborah Tarn Steiner,2015-03-08 Covering material as diverse as curse tablets coins tattoos and legal decrees Deborah Steiner explores the reception of writing in archaic and classical Greece She moves beyond questions concerning ancient literacy and the origins of the Greek alphabet to examine representations of writing in the myths and imaginative literature of the period Maintaining that the Greek alphabet was not seen purely as a means of transcribing and preserving the spoken word the author investigates parallels between writing and other signifiers such as omens tokens and talismans the role of inscription in religious rites including cursing oath taking and dedication and perceptions of how writing functioned both in autocracies and democracies Particularly innovative is the suggestion that fifth century Greek historians and dramatists portrayed writing as an essential tool of tyrants who not only issue written decrees but also inscribe human bodies with brands and cut up land with compasses and rules The despotic overtones associated with writing inform discussion of its function in democracies Although writing could promote equal justice ancient sources also linked this activity with historical and mythical figures who opposed the populist regime By examining this highly nuanced portrayal of writing Steiner offers a new perspective on ancient views of written law and its role in fifth century Athenian democracy Originally published in 1994 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books

challenges as the 15 articles in this interdisciplinary volume illustrate. They focus on a wide range of different factual and fictional text types including inscriptions from Egyptian tombs, biblical stories, novels from antiquity, the Middle High German *Rolandslied*, Ottoman court records, captivity narratives, travelogues, the American gift book *The Liberty Bell*, and oral narratives by Caribbean Hindu women. Most of the texts discussed in this volume have so far received comparatively little attention in slavery and dependency studies. The volume thus also seeks to broaden the archive of texts that are deemed relevant in research on the histories of asymmetrical dependencies, bringing together perspectives from disciplines such as Egyptology, theology, literary studies, history, and anthropology.

Queer Objects Guy Davidson, Monique Rooney, 2020-06-29

Pursuing the discursive or material effects of relational queerness, this book reflects on how objects can illuminate, affect, and animate queer modes of being. In the early 1990s, the queer theorist Eve Kosofsky Sedgwick defined queer as multiply transitive, relational, and strange, rather than a fixed identity. In spite of this, much of the queer theoretical scholarship of the last three decades has used queer as a synonym for anti-normative sexual identities. The contributions to this volume return to the idea of transitivity, exploring what happens when queer is thought of as a turning toward or turning away from a diverse range of objects, including bodily waste, frozen cats, archival ephemera, the writing of Virginia Woolf, the Pop art of Ray Johnson, the podcast *S-Town*, and Maggie Nelson's memoir *The Argonauts*. Relevant to those studying queer theory, this book will also be of wider interest to those researching identity and the way in which it is represented in a variety of artistic disciplines. This book was originally published as a special issue of *Angelaki*.

Scripturalizing the Human Vincent L. Wimbush, 2015-07-16

Scripturalizing the Human is a transdisciplinary collection of essays that reconceptualizes and models scriptural studies as a critical comparative set of practices with broad ramifications for scholars of religion and biblical studies. This critical historical and ethnographic project is focused on scriptures, scripturalization, scripturalizing as shorthand for the psycho-cultural and socio-political work we make language do for and to us. Each essay focuses on an instance of or situation involving such work, engaging with the Bible, Book of Mormon, Bhagavata Purana, and other sacred texts, artifacts, and practices in order to explore historical and ongoing constructions of the human. Contributors use the category of scriptures understood not simply as texts but as freighted shorthand for the dynamics and ultimate politics of language as tools for self-illumination and self-analysis. The significance of the collection lies in the window it opens to the rich and complex view of the highs and lows of human un-making as it establishes the connections between a seemingly basic and apolitical religious category and a set of larger social, cultural phenomena and dynamics.
