Tavern Lamps Are Burning:

The Tavern Lamps are Burning Carl Carmer, 1996 New York State has had its share of writers who have at some point in their careers taken New York as their subject The writings compiled here by Carl Carmer a native of New York State and one of its finest folklorists celebrate what he calls the undefined gleanings of this great state spanning four centuries and six regions of its upstate region Carmer writes in his foreword I have long held that York State is a country that its people have specific characteristics that make it distinctive Tavern Lamps gives us 98 British and American authors with a biographical listing of the authorship in the back of the book and over 150 selections celebrating the rich culture and heritage of the state In the collection we read Rudyard Kipling on Buffalo s grain elevators Edith Wharton in the Hudson River Country Theodore Dreiser on Owego Herman Melville on the Erie Canal Henry James on Saratoga Washington Irving on Knickerbocker Samuel L Clemens De Witt cLinton Edna St Vincent Millay and many more This collection complemented by 40 paintings from the collection of the New York State Historical Association gives us upstate New York from a myriad of its inhabitants and visitors a multi faceted portrait of an area about which Carmer hopes the peppered reader will be convinced that there is an over all one of a kind nonesuchness that separates upstate from the rest of the world **The Tavern Lamps are Burning** Carl

Carmer, 1964 *A Teacher's Guide to the Classroom Use of Carl Carmer's The Tavern Lamps are Burning* Jeanne Schwarz, 1965 **Mysterious Virginia** Sherman Carmichael, 2022-10 Explore the lore of the Old Dominion From colonial era witches to modern sightings of Bigfoot the history of the Old Dominion is filled with creepy tales Cemeteries battlefields and inns host haunts from Virginia s earliest days Some appear as corporeal figures and some as lights or ghostly noises Delve into the sad and scary stories of patients who still linger in Victorian era sanatoriums Unexplained sightings of mysterious creatures from Bigfoot to werewolves are widespread in the western part of the state and Chessie rears her head in the Bay for the lucky few Even prominent buildings like the Executive Mansion in Richmond have their own uncanny legends Join master storyteller Sherman Carmichael as he tells spooky tales of the Old Dominion **Catalog of Copyright Entries** Library of Congress. Old Lamps and Lighting Devices Herbert C. Darbee, 1976 **Once More Unto the Speech, Dear Friends: The histories** William Shakespeare, 2006-09 Applause Books There has been a great change in the last twenty years to actor auditions which now require the demonstration of enormous flexibility The actor is often expected to show more range than ever before and often several shorter audition speeches are asked for instead of one or two longer ones To stay at the top of his or her game the Shakespearean actor needs more knowledge of what makes the play tick especially since the early plays demand a different style from the later ones Each genre comedy history tragedy has different requirements No current monologue book deals directly with the bulk of these concerns One More unto the Speech Dear Friends now fills that gap This three volume set will help actors discover the extra details of humanity that the original folio texts automatically offer Of

Shakespeare's 37 plays only *Pericles* is not included. In the trilogy of books there are over 900 separate audition possibilities. This represents about 600 more monologues than are available in any other series. There are four parts to each speech: A background giving context and approximate timing; A modern text version; The original folio version; Commentary to explain the differences between the two texts including full discussion of the devices peculiar to that speech's genre, the age and gender of the character and more.

The Tavern Knight Raphael Sabatini, 2008-01-11. He whom they called the Tavern Knight laughed an evil laugh such a laugh as the pious might conceive on the lips of Satan. Thus begins Sabatini's masterful romance of the life of a Tavern King, a story of swashbuckling adventure and murderous action. Unusually for Sabatini, he has turned to English history to provide the backdrop for this thrilling tale.

Joseph Kerwin, 2002-01-01. The First World War has claimed the life of Colbert Cobb, Whittier's brother and the sanity of his friends. He returns home at the beginning of the 1920s, a decade that will mark America's passage into the modern age. Against the tumultuous backdrop of a small town that is both clinging to its past and stretching toward its future, he must hold what is left of his family together. When two mysterious sisters seem to contact his dead brother through a s...

Immigrants Volume I: Dragon Tooth Gold Series By Kent J. McGrew. *Immigrants Volume I: Dragon Tooth Gold Series* begins the story of Aaden Callahan and Anna Mercier, two landed immigrants. They meet while teaching at Columbia University in New York City. The year is 1841. The young Dr. Callahan woos and wins the heart of the smart and beautiful Anna, but their courtship isn't easy. Kent J. McGrew brings years of industrial experience as a metallurgical engineer to every aspect of his stories. A sailing trip doesn't just take you somewhere; it teaches navigation and the skills to weather hurricanes, fight pirates, and outwit the oppressive laws of the day concerning African Americans. Through the eyes of his characters, his readers get to experience America in the mid-1800s, where land and resources were in abundance to all who worked with determination. The industrial revolution is robust, and the Callahan family shapes an empire with whiskey and lumber and a loyal labor force in the form of emancipated slaves. *Dragon Tooth Gold* is uniquely laden with the engineering and technology of the times. Our ancestors worked hard, and despite the current feeling that their thinking was old-fashioned, everything that they did successfully was well thought out, sometimes beyond genius. I want my readers to see our roots in the reality of getting the work done. In our age of information, invention, and innovation are all too often taken for granted. Our physical world still needs to be put together piece by piece. Knowing how we got where we are today will help us prevent the mistakes, prejudices, and misconceptions of the past.
