**Memories** Olga Alekseevna Novikova, 2019-12-02 In *Russian Memories* Olga Alekseevna Novikova masterfully weaves a tapestry of her homeland's history through a series of poignant autobiographical vignettes. The narrative employs a lyrical prose style that evokes the deep emotional fabric of the Russian experience, capturing the essence of both personal and collective memories against the backdrop of significant socio-political upheavals. Novikova's exploration of cultural identity and nostalgia is enriched by vivid imagery and a reflective tone, inviting readers into a world where the past and present are inextricably linked, thereby contextualizing contemporary Russia within its storied history. Olga Alekseevna Novikova, a distinguished voice in modern Russian literature, draws upon her own rich heritage and lived experiences to craft this compelling narrative. Born in a small town that bears witness to the evolving cultural landscape of Russia, Novikova's keen observations are informed by both her academic background in history and her passion for storytelling. The book emerges as a response to her quest for understanding amidst a rapidly changing world, providing readers with insights into the complexities of Russian identity. *Russian Memories* is a must-read for anyone seeking to gain a deeper understanding of Russia's intricate history and cultural psyche. Novikova's eloquent prose and perceptive insights offer both an intimate portrait of her life and a broader commentary on the universal human experience, making it a significant contribution to the canon of contemporary literature. Readers will find themselves captivated by her evocative storytelling and profound reflections.

**Autoethnographic Perspectives on Multilingual Life Stories** Hancı-Azizoglu, Eda Başak, Şahinkarakaş, Şehnaz, Tannacito, Dan J., 2022-05-13 Storytelling is an ideal avenue for language learners to share their experiences and journeys and find a sense of identity. Everyone who has learned an additional language has a story to tell, but there is a unique type of autoethnographic and linguistic story that can be read in scholarly platforms. *Autoethnographic Perspectives on Multilingual Life Stories* presents the life stories of multilingual people and their experiences by using autoethnography as a research method. It proposes narrative as an autobiographical research method that provides the technique and opportunity to express how transnationals construct their identities in foreign and new contexts through partial or full life stories. Covering topics such as identity, life stories, and self-discovery, this reference work is ideal for academicians, researchers, scholars, practitioners, instructors, and students.

**Russian Music at Home and Abroad** Richard Taruskin, 2016-09-06 This new collection views Russian music through the Greek triad of the Good, the True, and the Beautiful to investigate how the idea of nation embeds itself in the public discourse about music and other arts.

with results at times invigorating at times corrupting In our divided post Cold War and now post 9 11 world Russian music formerly a quiet corner on the margins of musicology has become a site of noisy contention Richard Taruskin assesses the political and cultural stakes that attach to it in the era of Pussy Riot and renewed international tensions before turning to individual cases from the nineteenth century to the present Much of the volume is devoted to the resolutely cosmopolitan but inveterately Russian Igor Stravinsky one of the major forces in the music of the twentieth century and subject of particular interest to composers and music theorists all over the world Taruskin here revisits him for the first time since the 1990s when everything changed for Russia and its cultural products Other essays are devoted to the cultural and social policies of the Soviet Union and their effect on the music produced there as those policies swung away from Communist internationalism to traditional Russian nationalism to the musicians of the Russian postrevolutionary diaspora and to the tension between the compelling artistic quality of works such as Stravinsky's *Sacre du Printemps* or Prokofiev's *Zdravitsa* and the antihumanistic or totalitarian messages they convey *Russian Music at Home and Abroad* addresses these concerns in a personal and critical way characteristically demonstrating Taruskin's authority and ability to bring living history out of the shadows

*Rosa Newmarch and Russian Music in Late Nineteenth and Early Twentieth-Century England* Philip Ross Bullock, 2017-07-05 Philip Ross Bullock looks at the life and works of Rosa Newmarch 1857 1940 the leading authority on Russian music and culture in late nineteenth and early twentieth century England Although Newmarch's work and influence are often acknowledged most particularly by scholars of English poetry and of the role of women in English music the full range of her ideas and activities has yet to be studied As an inveterate traveller prolific author and polyglot friend of some of Europe's leading musicians such as Elgar Sibelius and Jank Newmarch deserves to be better appreciated On the basis of both published and archival materials the details of Newmarch's busy life are traced in an opening chapter followed by an overview of English interest in Russian culture around the turn of the century a period which saw a long standing Russophobia largely political and military challenged by a more passionate and well informed interest in the arts Three chapters then deal with the features that characterize Newmarch's engagement with Russian culture and society and more significantly perhaps which she also championed in her native England nationalism the role of the intelligentsia and feminism In each case Newmarch's interest in Russia was no mere instance of ethnographic curiosity rather her observations about and passion for Russia were translated into a commentary on the state of contemporary English cultural and social life Her interest in nationalism was based on the conviction that each country deserved an art of its own Her call for artists and intellectuals to play a vital role in the cultural and social life

of the country illustrated how her Russian experiences could map onto the liberal values of Victorian England And her feminism was linked to the idea that women could exercise roles of authority and influence in society through participation in the arts A final chapter considers how her late interest in the music of Czechoslovakia pi **Sixty Russian Folk-songs for One Voice** Kurt Schindler,1918 Russian White Guards George Mordwinkin,2003 History of Russian anti Soviet activities
