the book is a contribution to the still emerging field of queer theology translating the rigors of scholarly research into transforming proposals for faith communities **Women's Utopian and Dystopian Fiction** Sharon R. Wilson, 2014-07-18

Women's Utopian and Dystopian Fiction explores the genres of utopian and dystopian recent fiction. It is about how this literature of both imagined perfection and disaster creates new worlds and critiques gender roles, traditions, and values. Essays range in subject matter from Charlotte Perkins Gilman, P. D. James, Joanna Russ, and Marge Piercy to Ursula Le Guin, Fay Weldon, and Toni Morrison. Two of the three sections focus on Doris Lessing and Margaret Atwood. Examining especially the twentieth century, including second wave feminism writers from Tunisia, Turkey, Italy, Korea, the US, and England, give both an historical and a global perspective. Utopian and dystopian elements are explored in the Nobel Prize winning Doris Lessing's *Memoirs of a Survivor*, the little known *Mara and Dann*, and *The Cleft*, and new perspectives are offered on Atwood's *The Handmaid's Tale*.

Listen Here Sandra L. Ballard, Patricia L. Hudson, 2013-07-24 A comprehensive and unsurpassed anthology of women writers from Appalachia. Exceptional in diversity and scope. *Southern Historian*. **Listen Here: Women Writing in Appalachia** is a landmark anthology that brings together the work of 105 Appalachian women writers including Dorothy Allison, Harriette Simpson Arnow, Annie Dillard, Nikki Giovanni, Denise Giardina, Barbara Kingsolver, Jayne Anne Phillips, Janice Holt Giles, George Ella Lyon, Sharyn McCrumb, and Lee Smith. Editors Sandra L. Ballard and Patricia L. Hudson offer a diverse sampling of time periods and genres, established authors and emerging voices. From regional favorites to national bestsellers, this unprecedented gathering of Appalachian voices displays the remarkable talent of the region's women writers who've made their mark at home and across the globe. A giant step forward in Appalachian studies for both students and scholars of the region and the general reader. Nothing less than a groundbreaking and landmark addition to the national treasury of American literature. *Bloomsbury Review*. A remarkable accomplishment bringing together the work of 105 female Appalachian writers saying what they want to and saying it in impressive bodies of literature. *Lexington Herald Leader*. One of the keenest pleasures in *Listen Here* lies in its diversity of voices and genres. *Material Culture*. Besides introducing readers to many new voices, the anthology provides a strong counterpart to the stereotype of hillbillies that have cursed the region. *Atlanta Journal-Constitution*. Full of welcome surprises to those new to this regional literature, specifically it includes particularly strong selections from children's fiction and a substantial number of African American writers. *Choice*. [Nature Writing](#) Don Scheese, 2013-10-28 In this comprehensive study of the genre, Don Scheese traces its evolution from the pastoralism evident in the natural history observations of Aristotle and the poetry of Virgil to current American writers. He documents the emergence of the modern form of nature writing as a reaction to industrialization. Scheese's personal observations of natural settings sharpen the reader's understanding of the dynamics between author and locale. His study is further informed by ample use of illustrations and close readings of core writers such as Thoreau, John Muir, and Mary Austin, showing how each writer's work exemplifies the pastoral tradition and celebrates a spirit of place in the United States. **The**

Implied Spider Wendy Doniger, 2011 Wendy Doniger's foundational study is both modern in its engagement with a diverse range of religions and refreshingly classic in its transhistorical cross cultural approach. By responsibly analyzing patterns and themes across context, Doniger reinvigorates the comparative reading of religion, tapping into a wealth of narrative traditions from the instructive tales of Judaism and Christianity to the moral lessons of the Bhagavad Gita. She extracts political meaning from a variety of texts while respecting the original ideas of each. A new preface confronts the difficulty of contextualizing the comparison of religions as well as controversies over choosing subjects and positioning arguments, and the text itself is expanded and updated throughout. **The Oxford Encyclopedia of American Literature** Jay Parini, 2004

The Encyclopedia of American Literature gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present. At the core of the Encyclopedia lie 250 essays on poets, playwrights, essayists, and novelists. Figures such as Whitman, Melville, Faulkner, Frost, and Morrison are discussed in detail, with each examined in the context of his or her times, an assessment of the writer's current reputation, a bibliography of major works, and a list of major critical and biographical works about the writer. Fifty entries on major works such as *Moby Dick*, *Song of Myself*, *Walden*, *The Great Gatsby*, *The Waste Land*, *Their Eyes Were Watching God*, *Death of a Salesman*, and *Beloved* place the work in its historical context and offer a range of possibilities with regard to critical approach. The Encyclopedia also contains essays on literary movements, periods, and themes, pulling together a broad range of information and making connections between them. Each entry has its own primary and annotated secondary bibliography, and a system of cross references helps readers locate information with ease. The Encyclopedia of American Literature is an outstanding reference source for students studying authors or particular pieces of literature, libraries looking for one comprehensive source, and readers interested in American literature, its authors, and its connection with various areas of study. [Gratitude for the Wild](#) Nathaniel Van Yperen, 2019-06-17 Since the passage of the Wilderness Act of 1964, a hotly contested debate over the value of wilderness reveals cultural anxieties about an American society that has spurned limits. *Gratitude for the Wild* explores how the wild, known in wilderness, raises our tolerance for mystery, in the recognition of our limits and in the celebration of a God-loved world that exceeds our grasping. The idea of wilderness introduces questions about the balance between utility and appreciation and between enjoyment and restraint. Wilderness is a nexus of competing and contested accounts of responsibility. In conversation with the work of Doug Peacock, Terry Tempest Williams, James Gustafson, and Martin Luther King Jr., Nathaniel Van Yperen offers an original argument for how wilderness can evoke a vision of a good life in which creaturely limits are accepted in gratitude, even in the face of ambiguity and mystery. Through the theme of gratitude, the book refocuses attention on the role of affection and testimony in ecological ethics and Christian ethics.

Explorations in Ecocriticism Paul Lindholdt, 2015-04-09 A chief innovation of *Explorations in Ecocriticism* is to push ecological criticism beyond its focus on literary studies to engage with other arts and culture One chapter closely examines the pictures commissioned by the U S Bureau of Reclamation to valorize its big dam projects Previously no one has written

about the large art collection that toured the nation under the auspices of the Smithsonian in the early 1970s when the Bureau of Reclamation was under fire and new environmental regulations were becoming law Another chapter An Iconography of Sabotage previously published in France as part of a Paris symposium looks at the pictorial dimension of saboteurs throughout American history with a special emphasis on the IWW and Earth First The book draws extensively on the social sciences Ecology and environment are treated too often as technical topics that go over the heads of lay readers Many Americans care about air and water quality the extinction of species and the unfortunate politicization of science But they also find the discourse daunting the details exceedingly complex By leavening such heavy subjects with current events Explorations in Ecocriticism makes environmental issues accessible to lay readers and offers routes to sustainability in the United States today **Gathered for God** Dent Davidson,Jeffrey Lee,2018 The next generation of the classic Episcopal teaching series Accessible and engaging enough for newcomers and adult learners but full of content for church leaders and seminarians Filled with interactive study questions and accompanied by online materials
