

"Kennan's latest masterpiece [and] a  
tract for our times—humane, intelligent,  
and overwhelmingly plausible."  
*New York Times Book Review*

# THE FATEFUL ALLIANCE

FRANCE, RUSSIA,  
AND THE  
COMING OF THE  
FIRST  
WORLD WAR

GEORGE F. KENNAN

# The Fateful Alliance France Russia And The Coming Of The First World War

**Spencer C. Tucker**

## **The Fateful Alliance France Russia And The Coming Of The First World War:**

*The Fateful Alliance* George Frost Kennan, 1984 An analysis of the Russian French alliance of 1894 and what went wrong in Europe at the end of the nineteenth century

**The Fateful Alliance** George F. Kennan, 1985-09-01 Chronicles the collapse of a confident forward looking Europe into World War I

New York Magazine, 1984-11-05 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

The Origins of the First World War William Mulligan, 2017-04-13 A second edition of this leading introduction to the origins of the First World War and the pre war international system William Mulligan shows how the war was a far from inevitable outcome of international politics in the early twentieth century and suggests instead that there were powerful forces operating in favour of the maintenance of peace He discusses key issues ranging from the military public opinion economics diplomacy and geopolitics to relations between the great powers the role of smaller states and the disintegrating empires In this new edition the author assesses the extensive new literature on the war s origins and the July Crisis as well as introducing new themes such as the relationship between economic interdependence and military planning With well structured chapters and an extensive bibliography this is an essential classroom text which significantly revises our understanding of diplomacy political culture and economic history from 1870 to 1914

**Contesting the Origins of the First World War** Troy Paddock, 2019-07-31 Contesting the Origins of the First World War challenges the Anglophone emphasis on Germany as bearing the primary responsibility in causing the conflict and instead builds upon new perspectives to reconsider the roles of the other Great Powers Using the work of Terrance Zuber Sean McMeekin and Stefan Schmidt as building blocks this book reassesses the origins of the First World War and offers an explanation as to why this reassessment did not come about earlier Troy R E Paddock argues that historians need to redraw the historiographical map that has charted the origins of the war His analysis creates a more balanced view of German actions by also noting the actions and inaction of other nations Recent works about the roles of the five Great Powers involved in the events leading up to the war are considered and Paddock concludes that Germany does not bear the primary responsibility This book provides a unique historiographical analysis of key texts published on the origins of the First World War and its narrative encourages students to engage with and challenge historical perspectives

**The Origins of the First World War** James Joll, Gordon Martel, 2022-08-02 This thoroughly revised edition has been updated to incorporate recent case studies biographies syntheses journal articles and scholarly conferences that appeared in conjunction with the centenary of the outbreak of the First World War in 2014 The original version of this work published by James Joll in 1984 quickly became established as the authoritative introduction to the subject of the war s

origins Significantly expanded by Gordon Martel in 2007 this volume continues to offer a careful clear and comprehensive evaluation of the multitude of explanations advanced to explain the causes of the cataclysm of 1914 addressing each of the major interpretive approaches to the subject with essay like chapters addressing the alliance system militarism and strategy the international economy imperial rivalries the role of domestic politics and the mood of 1914 This edition offers an extensive new introduction a new conclusion including ten fateful choices that led to war an entirely new chapter on the July Crisis and a vastly expanded Guide to Further Reading Covering over a century of controversy and scholarship *The Origins of the First World War* is a valuable resource for all students and scholars interested in this major conflict

*Roads to Glory* Ronald P. Bobroff, 2006-02-22 Until now it has been accepted that the Turkish Straits the Russian fleet's gateway to the Mediterranean were a key factor in shaping Russian policy in the years leading to World War I Control of the Straits had always been accepted as the major priority of Imperial Russia's foreign policy In this powerfully argued revisionist history Ronald Bobroff exposes the true Russian concern before the outbreak of war the containment of German aggression Based on extensive new research Bobroff provides fascinating new insights into Russia's state development before the revolution examining the policies and personal correspondence of its policy makers And through his detailed examination of the rivalries and alliances of the Triple Entente he sheds new light on European diplomacy at the beginning of the twentieth century

**Peace, War and the European Powers, 1814-1914** Christopher John Bartlett, 1996-10-02 The causes of war have tended to attract more attention than the causes of peace yet the two are intimately related Indeed there was much talk of war during the unprecedentedly long periods of peace between the European great powers in the years 1815 1854 and again in 1871 1914 the Near Eastern crises of 1878 and 1887-8 being only two of the more notable examples In the case of the latter there occurred a spell of fatalistic and belligerent talk in both Berlin and Vienna which in many ways anticipated that which gripped those capitals by 1914 A study of the whole question of the best methods by which to defend and advance the national interest is often more illuminating on why wars were avoided than are studies of the documentation surrounding the Holy Alliance the congress system or the Concert of Europe It is clear that the Concert tended to become most active only after a war had already been fought or when the powers had already decided that conflict was likely to prove too costly dangerous and unpredictable in its effects both at home and abroad Thus the Russians twice advanced almost to the gates of Constantinople only to recoil at the implications of trying to obtain control of the Straits Similarly Habsburg thoughts of war were frequently neutralised by reminders of financial weakness This valuable book will be welcomed by anyone wishing to understand the nature of European state relations in the nineteenth century Professor Bartlett examines why major wars did happen and did not happen with particular attention being paid to the events of 1914

**Turning Points** Richard L. DiNardo, 2020-02-24 This book provides a comprehensive and illuminating study of some of the most crucial campaigns on the Eastern Front during what was perhaps the most momentous year of World War I in that battleground *Turning Points*

The Eastern Front in 1915 offers a well researched and fascinating study of war in a distinct theater of operations and shows how it was impacted by diplomacy coalition warfare command technology and the environment in which it is conducted In contrast to those on the Western Front lines in the east in 1915 moved hundreds of miles Although the work focuses more on the Central Powers significant attention is also given to the Russians The book follows the course of events on the Eastern Front during the critical year of 1915 proceeding chronologically from January 1915 to the end of active operations in October with a brief mention of some action in December In addition to the better known campaigns in the Carpathians and Gorlice Tarn w the work covers lesser known operations including the Second Battle of the Masurian Lakes the Austro Hungarian Black Yellow offensive into eastern Galicia and the German move into Lithuania Naval action on the Baltic Sea is also covered

**Neutrality as a Policy Choice for Small/Weak Democracies** Michael F. Palo, 2019-07-08 In Neutrality as a Policy Choice for Small Weak Democracies Learning from the Belgian Experience Michael F Palo has three main objectives First he employs a counterfactual approach to examine the hypothesis that had permanent neutrality not been imposed on Belgium in 1839 it would have pursued neutrality anyway until war broke out in 1914 Secondly he analyses why after abandoning obligatory neutrality during World War I the Belgians adopted voluntary neutrality in October 1936 Finally he seeks to use the historical Belgian case study to test specific International Relations Theories and to contribute to Small State Studies especially the behaviour of small weak democracies in the international system

**Global Geostrategy** Brian Blouet, 2013-05-13 This is a new examination of Halford Mackinder s seminal global geostrategic work from the perspective of geography diplomatic history political science international relations imperial history and the space age Mackinder was a man ahead of his time He foresaw many of the key strategic issues that came to dominate the twentieth century Until the disintegration of the Soviet Union western defence strategists feared that one power or alliance might come to dominate Eurasia Admiral Mahan discussed this issue in The Problem of Asia 1900 but Mackinder made the most authoritative statement in The Geographical Pivot of History 1904 He argued that in the closed Heart Land of Euroasia was a strategically placed region with great resources that if controlled by one force could be the basis of a World Empire James Kurth in Foreign Affairs has commented that it has taken two World Wars and the Cold War to prevent Mackinder s prophecy becoming reality In World War I and World War II Germany achieved huge territorial gains at the expense of the Russian empire and the Soviet Union In the former conflict the Russian empire was defeated by Germany but the western powers insisted that the territorial gains made by Germany at the treaty of Brest Litovsk be given up In World War II Britain and the US gave material support to Stalin s totalitarian regime to prevent Nazi Germany gaining control of the territory and resources that might have been a basis for world domination The west highly conscious of Mackinder s dictum 1919 that Who rules East Europe commands the Heartland quickly adopted policies to contain the Soviet Union History has therefore proved Mackinder s work to be of vital importance to generations of strategic thinking and he remains a key influence in the new

millennium This book will be of great interest to all students and scholars of strategic studies and military history and of geopolitics in particular **Hidden History** Gerry Docherty, James MacGregor, 2013-07-04 Think you know about British history and the causes of the First World War Think again This fascinating and gripping study of events at the turn of the Twentieth Century is a remarkable insight into how political and social factors that we widely accept to be the causes of The Great War were really just a construct put together by a very small but powerful political elite Thought provoking Docherty and Macgregor do not mince their words their arguments are powerful Britain at War Simply astonishing Reader review Very illuminating Reader review You simply MUST read this book Reader review This is a page turner Reader review Hidden History uniquely exposes those responsible for the First World War It reveals how accounts of the war s origins have been deliberately falsified to conceal the guilt of the secret cabal of very rich and powerful men in London responsible for the most heinous crime perpetrated on humanity For ten years they plotted the destruction of Germany as the first stage of their plan to take control of the world The assassination of Archduke Franz Ferdinand was no chance happening It lit a fuse that had been carefully set through a chain of command stretching from Sarajevo through Belgrade and St Petersburg to that cabal in London Our understanding of these events has been firmly trapped in a web of falsehood and duplicity carefully constructed by the victors at Versailles in 1919 and maintained by compliant historians ever since The official version is fatally flawed warped by the volume of evidence they destroyed or concealed from public view Hidden History poses a tantalising challenge The authors ask only that you examine the evidence they lay before you **Justice and the Genesis of War** David A. Welch, 1995-08-10 Studies of the causes of wars generally presuppose a realist account of motivation when statesmen choose to wage war they do so for purposes of self preservation or self aggrandizement In this book however David Welch argues that humans are motivated by normative concerns the pursuit of which may result in behaviour inconsistent with self interest He examines the effect of one particular type of normative motivation the justice motive in the outbreak of five Great Power wars the Crimean war the Franco Prussian war World War I World War II and the Falklands war Realist theory would suggest that these wars would be among the least likely to be influenced by considerations other than power and interest but the author demonstrates that the justice motive played an important role in the genesis of war and that its neglect by theorists of international politics is a major oversight **A History of Russia Volume 1** Walter G. Moss, 2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US Canada and around the world Moss s accessible history includes full treatment of everyday life the role of women rural life law religion literature and art In addition it provides many other features that have proven successful with both professors and students including a well organized and clearly written text references to varying historical perspectives numerous illustrations and maps that supplement and amplify the text fully updated bibliographies accompanying each chapter as well as a general bibliography of more comprehensive works a glossary and chronological and genealogical lists

Moss's *A History of Russia* will appeal to academics, students and general readers alike. **Enduring Controversies in Military History** Spencer C. Tucker, 2017-09-21 This provocative examination of major controversies in military history enables readers to learn how scholars approach controversial topics and provides a model for students in the study and discussion of other historical events. Why did Alexander the Great's empire fall apart so soon after his death? How did France win the Hundred Years War despite England winning its major battles? Was slavery the primary cause of the American Civil War? Would it have benefited the Allies militarily to have gone to war against Germany in 1938 rather than in 1939? Should women be allowed to serve in combat positions in the U.S. military? All of these questions and many other historical controversies are addressed in this thought-provoking reference book. By exploring every angle of some of the most contentious debates involving military history, this book builds students' critical thinking skills by supplying a complete background of the controversial topic to provide context and also by providing multiple perspective essays written by top scholars in the field. The perspective essays present arguments for different positions on the controversy. Readers will consider the cases for and against whether Hannibal should have marched on Rome after his momentous victory at Cannae, whether the United States was justified in using the atomic bomb in Japan, whether Adolf Hitler was primarily responsible for the Holocaust and whether torturing prisoners during the War on Terror is warranted among many other historical military debates. For Peace and Money Jennifer Siegel, 2014-11-03 A study of the ways in which Russian financial debt to French and British bankers influenced diplomacy among the nations in the late 19th and early 20th centuries. Diplomacy Henry Kissinger, 2012-10-01 Kissinger's absorbing book tackles head-on some of the toughest questions of our time. Its pages sparkle with insight. Simon Schama in the NEW YORKER. Spanning more than three centuries from Cardinal Richelieu to the fragility of the New World Order, DIPLOMACY is the now classic history of international relations by the former Secretary of State and winner of the Nobel Peace Prize. Kissinger's intimate portraits of world leaders, many from personal experience, provide the reader with a unique insight into what really goes on and why behind the closed doors of the corridors of power. Budding diplomats and politicians should read it as avidly as their predecessors. Machiavelli. Douglas Hurd in the DAILY TELEGRAPH. If you want to pay someone a compliment, give them Henry Kissinger's DIPLOMACY. It is certainly one of the best and most enjoyable books on international relations past and present. DIPLOMACY should be read for the sheer historical sweep, the characterisations, the story telling, the ability to look at large parts of the world as a whole. Malcolm Rutherford in the FINANCIAL TIMES. **German Strategy and the Path to Verdun** Robert T. Foley, Robert Thomas Foley, 2005-01-06 Almost 90 years since its conclusion, the battle of Verdun is still little understood. *German Strategy and the Path to Verdun* is a detailed examination of this seminal battle based on research conducted in archives long thought lost. Material returned to Germany from the former Soviet Union has allowed for a reinterpretation of Erich von Falkenhayn's overall strategy for the war and of the development of German operational and tactical concepts to fit this new strategy of

attrition By taking a long view of the development of German military ideas from the end of the Franco German War in 1871 German Strategy and the Path to Verdun also gives much needed context to Falkenhayn s ideas and the course of one of the greatest battles of attrition the world has ever known      **Trading with the Bolsheviks** Andrew J. Williams,1992 The aims of this work are to examine the political economic financial and normative reasoning used by the governments and key departments of state of the three main victors of the First World War the United States Britain and France in their decision making on the question of whether or not to trade with the Soviet Union in the inter war years and to put the debate about Russian trade within these countries into the wider context of the domestic political and economic problems facing them and in particular to examine how the economic legacy of the Revolution especially the denunciation of all Czarist era debts to the West and the confiscation of Western property in the Soviet Union as well as the question of concessions discussion of which paralleled the debate on trade      Stalin Stephen Kotkin,2015-10-13 In his biography of Stalin Kotkin rejects the inherited wisdom about Stalin s psychological makeup showing us instead how Stalin s near paranoia was fundamentally political and closely tracks the Bolshevik revolution s structural paranoia the predicament of a Communist regime in an overwhelmingly capitalist world surrounded and penetrated by enemies At the same time Kotkin posits the impossibility of understanding Stalin s momentous decisions outside of the context of the history of imperial Russia

Getting the books **The Fateful Alliance France Russia And The Coming Of The First World War** now is not type of inspiring means. You could not solitary going later ebook gathering or library or borrowing from your links to right to use them. This is an unconditionally simple means to specifically acquire guide by on-line. ### **The Fateful Alliance France Russia And The Coming Of The First World War Introduction**

In today's digital age, the availability of The Fateful Alliance France Russia And The Coming Of The First World War books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of The Fateful Alliance France Russia And The Coming Of The First World War books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of The Fateful Alliance France Russia And The Coming Of The First World War books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing The Fateful Alliance France Russia And The Coming Of The First World War versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation.

Furthermore, The Fateful Alliance France Russia And The Coming Of The First World War books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing The Fateful Alliance France Russia And The Coming Of The First World War books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely

distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for The Fateful Alliance France Russia And The Coming Of The First World War books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The Fateful Alliance France Russia And The Coming Of The First World War books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The Fateful Alliance France Russia And The Coming Of The First World War books and manuals for download and embark on your journey of knowledge?

### **FAQs About The Fateful Alliance France Russia And The Coming Of The First World War Books**

**What is a The Fateful Alliance France Russia And The Coming Of The First World War PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a The Fateful Alliance France Russia And The Coming Of The First World War PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a The Fateful Alliance France Russia And The Coming Of The First World War PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools,

like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a The Fateful Alliance France Russia And The Coming Of The First World War PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a The Fateful Alliance France Russia And The Coming Of The First World War PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
