The Father Of Fires:

The father of fires Kenneth M. Cameron, 1981 **Tarot of the Spirit** Pamela Eakins, 1992-01-01 Illustrated with the Tarot of the Spirit deck painted by Joyce Eakins Centered on the Qabbalistic Tree of Life this symbolism clearly explores the Minor Arcana as a representation of the four components of life spirit emotion intellect and body while it reveals the Major Arcana to be the keys to our emotional response patterns to the symbolic universe in which we live Includes seven monthly meditations individual readings and layouts **Fathers Under Fire** Irwin Garfinkel, Sara S. McLanahan, Daniel R. Meyer, Judith A. Seltzer, 1998-11-01 This important and highly informative collection of studies on nonresident fathers and child support should be of great value to scholars and policymakers alike American Journal of Sociology Over half of America's children will live apart from their fathers at some point as they grow up many in the single mother households that increasingly make up the nation's poor Federal efforts to improve the collection of child support from fathers appear to have little effect on payments and many critics have argued that forcing fathers to pay does more harm than good Much of the uncertainty surrounding child support policies has stemmed from a lack of hard data on nonresident fathers Fathers Under Fire presents the best available information on the financial and social circumstances of the men who are at the center of the debate In this volume social scientists and legal scholars explore the issues underlying the child support debate chief among them on the potential repercussions of stronger enforcement Who are nonresident fathers This volume calls upon both empirical and theoretical data to describe them across a broad economic and social spectrum Absentee fathers who do not pay child support are much more likely to be school dropouts and low earners than fathers who pay and nonresident fathers altogether earn less than resident fathers Fathers who start new families are not significantly less likely to support previous children But can we predict what would happen if the government were to impose more rigorous child support laws The data in this volume offer a clearer understanding of the potential benefits and risks of such policies In contrast to some fears stronger enforcement is unlikely to push fathers toward But it does seem to have more of an effect on whether some fathers remarry and become responsible for new families In these cases how are subsequent children affected by a father's pre-existing obligations Should such fathers be allowed to reduce their child support orders in order to provide for their current families Should child support guidelines permit modifications in the event of a father's changed financial circumstances Should government enforce a father's right to see his children as well as his obligation to pay support What can be done to help under or unemployed fathers meet their payments This volume provides the information and insight to answer these questions The need to help children and reduce the public costs of welfare programs is clear but the process of achieving these goals is more complex Fathers Under Fire offers an indispensable resource to those searching for effective and equitable solutions to the problems of child support Fire of Mercy, Heart of the Word, Vol 2 Erasmo Leiva-Merikakis, 1996-01-01 To the unstudied eye St Matthew's gospel can seem a terse narrative almost a historical

document and not the tremendously spiritual and doctrinal storehouse that it is In his third volume of meditations on Matthew chapters 19-25 Erasmo Leiva continues to show Matthew's prose to be not terse so much as economical astoundingly so given its depth The lay reader can derive great profit from reading this Each short meditation comments on a verse or two pointing to some facet of the text not immediately apparent but rich with meaning Leiva's work is scholarly but eminently approachable by the lay reader The tone is very much of taste and see how good the Lord is and an invitation of friend come up higher The goal of the book is to help the reader experience the heat of the divine heart and the light of the divine Word Leiva comments on the Greek text demonstrating nuances in the text that defy translation He uses numerous quotes from the Fathers and the Liturgy of the Church to demonstrate the way the Tradition has lived and read the Word of God His theological reflection vivifies doctrine by seeking its roots in the words and actions of Jesus

The Fire of Love Richard Rolle (of Hampole), 1981

God Under Fire Zondervan, 2009-12-15 God Never Changes Or does he God has been getting a makeover of late a reinvention that has incited debate and troubled scholars and laypeople alike Modern theological sectors as diverse as radical feminism and the new open theism movement are attacking the classical Christian view of God and vigorously promoting their own images of Divinity God Under Fire refutes the claim that major attributes of the God of historic Christianity are false and outdated This book responds to some increasingly popular alternate theologies and the ways in which they cast classical Christian theism in a negative light Featuring an impressive cast of world class biblical scholars philosophers and apologists God Under Fire begins by addressing the question Should the God of Historic Christianity Be Replaced From there it explores issues as old as time and as new as the inquest into the openness of God How for instance does God risk relate emotive and change Does he do these things and if so why These and other questions are investigated with clarity bringing serious scholarship into popular reach Above all this collection of essays focuses on the nature of God as presented in the Scriptures and as Christians have believed for centuries God Under Fire builds a solid and appealing case for the God of classical Christian theism who in recent years as through the centuries has been the God under fire

The Spirit and the Lake of Fire Rustin Umstattd,2017-06-28 The Holy Spirit and the Lake of Fire What does the Spirit have to do with God s final judgment The Holy Spirit and God s judgment upon sin are not two topics that are often connected but to understand the full work of the Spirit they need to be It is not enough to view judgment as the work of just the Father and the Son but in full Trinitarian fashion it must be understood as the work of all three persons of the Trinity In The Spirit and the Lake of Fire Rustin Umstattd establishes the Spirit s role in judgment by connecting several symbols that are used for both the Spirit and judgment such as fire God s breath and God s arm Furthermore by examining Augustine s position that the Spirit is the mutual love of the Father and the Son and Luther s position that God s wrath is the underside of his love Umstattd demonstrates how one comes to the conclusion that the Spirit is operative in God s judgment upon sin
