

Sidebar:

There are differing opinions regarding who Prophet Ibrahim (عليه السلام) father was.

In the Qur'an, it refers to a man named Azar as Prophet Ibrahim's (عليه السلام) father,

“ And [mention, O Muhammad], when Abraham said to his father Azar, “Do you take idols as deities? Indeed, I see you and your people to be in manifest error.

This perspective is also reflected in the hadith of Sahih al-Bukhari 3350;

Abu Huraira recalls the Prophet (ﷺ) referring to Ibrahim's father as Azar. However, a group of early scholars (including Ibn Abbas) held that Tarakh was the name of Ibrahim's father.

This name, Tarakh, draws a parallel with the biblical account of Terah. To reconcile the name provided in the Qur'an, it's believed Azar was a title recognized by the locals over that Allah (سُبْحَانَهُ وَتَعَالَى) chose to refer to him by his proper original name.

Shiites believe that the line of Prophethood is pure and free from polytheism and, therefore, rejects the idea of Azar being his biological father. Instead, the Arabic word "Ab," which is used in the Qur'an, does not necessarily mean a biological father but is also used to refer to a paternal uncle. So, they believe that his father died before his birth, and his paternal uncle raised him. However, the most literal meaning and view of Qur'an commentators like Tabari, Ibn Kathir, and Qurtubi say Azar was Ibrahim's father and an idolater. Regardless of the historical account, it does not change our understanding of Prophet Ibrahim's (عليه السلام) story.

The Father Of The Prophet
