With Memorials of Their Lives and Writings from Fox and Bishop Bale. [Edited by Legh Richmond.]** Legh Richmond, 1809 *Life of Father Ignatius of St. Paul, Passionist. The Hon. & Rev. George Spencer Rev. Father Pius A Sp. Sancto*, 2020-09-28 Great servants of God have seldom been understood in their lifetime Persecution has assailed them often from quarters where help would be expected in their defence Even holy souls are sometimes mistaken about the particular line of virtue which distinguishes their contemporaries from themselves St John of the Cross St Joseph Calasanz and St Alphonsus Liguori have had the close of their lives embittered as we might call it by domestic persecution and it was some time before their splendour as they vanished from the horizon of life rose again to its zenith and outshone its former glory If the impartial eye with which we

read their actions fails to find a plea for the manner they have been dealt with let us remember that we have no interests at stake no false colouring of passion to blind us Death indeed does not always mow down mistaken notions with the life of him about whom they are taken up We must however be thankful that it slays so many wrong impressions and attribute the residue to other causes Justice to the dead is an impulse of nature and those who would qualify praise of the living by the mention of unworthy actions or inferior motives will qualify blame of the dead by a contrary proceeding This instinct has its golden mean as well as every other If an ancient Greek ostracised a man because he was praised by every one many moderns will defend a man because he is similarly blamed Whenever there exists a difference of opinion about a man during life it requires some length of time after he has departed for prejudice to settle to the bottom and allow his genuine character to be seen through clearly These facts and the experience of history lead us to conclude that a man's life cannot be impartially written when his memory is yet fresh in people's minds Thousands have had opportunities of judging and bring their impressions to compare them with the page that records the actions from which they were taken and if they be different from the idea the biographer intends to convey it is not probable that in every case their possessors will be content to lay them aside It is supposed moreover that a biographer owes a kind of vassalage to his subject that he is obliged to defend him through thick and thin in good and evil report He is obliged according to traditionary though arbitrary laws to suppress whatever will not tell in his favour to put the very best face upon what he is compelled to relate and to make the most of excellencies His opinion therefore must be received with caution for it is his duty to be partial in the most odious sense of that word and it would be a capital sin to deviate from this long established rule These difficulties do not beset the life that is here presented to the public Father Ignatius had his alternations of praise and blame during life but those who thought least of him were forced to admit his great sanctity If this latter quality be conceded apology has no room An admitted saint does not require to be defended for the aureola of his own brow will shed the light through which his actions are to be viewed We see therefore no wrong impressions that require to be removed no calumnies that have to be cleared away nothing in fact to be done except to give a faithful history of his life For this reason we venture to publish this work before the second anniversary of his death and it would have been published sooner if the materials from which it is composed could have been arranged and digested

Forgetting Fathers David Marshall,2015-09-24 An eloquent personal reflection on the fascination of family history and the desire to both discover and escape origins In Forgetting Fathers David Marshall weaves together the stories of his grandfather and great grandfather with his own quest to solve the mystery of his family s past Beginning as a search for his lost family name Marshall attempts to understand the origins of his grandfather who spent part of his childhood in the Hebrew Orphan Asylum of the City of New York He also reconstructs the life and death of his great grandfather a Russian immigrant tailor who died at age thirty six in a private sanitarium dedicated to the treatment of mental and nervous diseases The narrative becomes a detective story that reflects on our ambivalence about origins the relation between history and mourning and the compulsion to search for life stories Forgetting Fathers combines historical accounts based on records reports and public documents with autobiographical reflections and speculations Included throughout are photographs newspaper clippings and facsimiles of original documents that provide a sense of both the texture of the times and the fabric of archival and genealogical research One of our most gifted literary scholars David Marshall in Forgetting Fathers has written an un forgettable detective story born in a deeply felt personal quest to solve the mystery of his grandfather s name The result is not only an absorbing read it is a profound testament to the human impulse to know who we are and from whence we came For Marshall that secret was locked a century ago in the Hebrew Orphan Asylum of the City of New York and in his odyssey to find and turn the key Marshall becomes the living proof of Eudora Welty s timeless line Remembering is done through the blood Henry Louis Gates Jr Alphonse Fletcher University Professor Harvard University Forgetting Fathers is a truly remarkable piece of work The pertinacity of Marshall as a reader as a critic as a theorist impels him on his quest to learn all that he can about his past The book is riveting Jonathan Freedman coeditor of Jewish in America From the Hebrew Orphan Asylum to the history of New York tailors David Marshall weaves his Jewish family memoir with gripping details An enlightening contribution to the growing body of research on the lives and institutions of twentieth century Jewish immigrants Mikhal Dekel author of The Universal Jew Masculinity Modernity and the Zionist Moment Accusatory Theology Archim.
