Robert Lowell's Imitations and the Cold War Simon van

Schalkwyk, 2025-08-07 The first book length study focusing on Robert Lowell's career long preoccupation with the liberal mode of translational adaptation known as imitation Robert Lowell's *Imitations and the Cold War* argues that Lowell's imitations are simultaneously symptomatic of and critically responsive to familiar nodes of Cold War ideology such as containment and contamination secrecy and security post imperial U S expansion and Empire It departs from studies focused solely on *Imitations* 1961 Lowell's book length collection of translational adaptations by demonstrating how imitation shadows Lowell's work from his earliest collections *Land of Unlikeness* 1944 and *Lord Weary's Castle* 1946 through his celebrated mid career collections *Life Studies* 1959 and *For the Union Dead* 1964 and to later works such as *Near the Ocean* 1969 and his contributions of adaptations from the Russian of Anna Akhmatova and Osip Mandelstam collected in Olga Carlisle's anthology *Poets on Street Corners* 1967 Simon van Schalkwyk excavates the imitational substrate undergirding and informing Lowell's compositional method and poetic imagination throughout the course of his career In so doing he shows how imitation enacts at the level of form Lowell's restless investment in Cold War geopolitics and literary networks in ways that inform develop and complicate his more conventional canonization as an unquestionably American poet preoccupied solely and simplistically with personal or autobiographical modes of poetic confession As literary sites at which containment's dualities porosities leakages and contaminants are most clearly displayed Lowell's imitations simultaneously challenge and develop our understanding of confession's presumably strict preoccupation with the personal regional and national frameworks through which Lowell has commonly been understood

Robert Lowell's Language of the Self

Katharine Wallingford, 2018-08-25 Katharine Wallingford's incisive study treats Robert Lowell's work as a poetry of self examination and explores the ways in which he used methods common to psychoanalysis and other forms of psychotherapy in his poetry Although he was never psychoanalyzed in a strictly Freudian sense Lowell spent many years in psychotherapy Wallingford stresses not the pathological aspects of Lowell's work however but rather his lifelong process of self examination a process with ethical as well as psychological dimensions She links this process to the tradition of self scrutiny that Lowell inherited from his New England Puritan ancestors Through close readings of the poetry and of unpublished drafts of several poems as well as letters from Lowell to George Santayana Allen Tate and his cousin Harriet Winslow Wallingford treats Lowell's use of specific psychoanalytic techniques free association repetition concentration on the relation between the poet and the other to whom he addresses himself and the use of memory to probe the past The book considers as well the role the narrative plays in these psychoanalytic and poetic techniques Lowell believed firmly in the identity of self and language one life one writing and this study brings us closer to an understanding both of the poet and of his dense and moving poetry It enriches our reading of Lowell's poetry by calling attention to the ways in which his poetic techniques are analogous to and

to some extent derived from psychoanalytic techniques techniques that have in our time become integrated into our culture as a whole Originally published in 1988 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

Words in Air Elizabeth Bishop, Robert Lowell, 2024-05-01 Three decades of correspondence between two great twentieth century American poets A brilliant testament to the pleasure and power of good company These two lifetimes of mutual admiration make for irresistible reading Oprah.com Words in Air takes its place amid the letters of Keats and Hopkins and Owen as one of the great poetic correspondences The Atlantic Robert Lowell once remarked in a letter to Elizabeth Bishop You have always been my favorite poet and favorite friend The

feeling was mutual Bishop said that conversation with Lowell left her feeling picked up again to the proper table land of poetry and she once begged him Please never stop writing me letters they always manage to make me feel like my higher self I've been re-reading Emerson for several days Neither ever stopped writing letters from their first meeting in 1947 when both were young newly launched poets until Lowell's death in 1977 Presented in Words in Air is the complete correspondence between Bishop and Lowell The substantial revealing and often very funny interchange that they produced stands as a remarkable collective achievement notable for its sustained conversational brilliance of style its wealth of literary history its incisive snapshots and portraits of people and places and its delicious literary gossip as well as for the window it opens into the unfolding human and artistic drama of two of America's most beloved and influential poets The pleasures of this remarkable correspondence lie in the untiring way these poets entertained each other with the comic inadequacies of the world The New York Times Book Review Words in Air may be the only book of its precise kind ever published the lifelong correspondence between two artists of equal genius The New Yorker This volume takes its place along with the correspondence between Edmund Wilson and Vladimir Nabokov or Kingsley Amis and Philip Larkin as consummated examples of wit affection and indeed in the case of Bishop and Lowell love Boston Sunday Globe Becoming a Poet David Kalstone, 2001 A celebrated study of Elizabeth Bishop's genius as revealed through her literary friendships **The New-York Mirror** George Pope Morris, 1836 **What the Furies Bring** Kenneth Sherman, 2009 In the foreword to his new book What the Furies Bring acclaimed poet and essayist Kenneth Sherman asks in the wake of 9/11 What help is writing to the writer What help to the reader Examining the works of authors who have lived and written under great duress Sherman suggests how writing can serve as equipment for living He contemplates Primo Levi's desire to tell his story a yearning that kept the Holocaust survivor writing through periods of crushing depression Sherman's insight into the ways diary writing afforded Chaim Kaplan and Anne Frank a means to keep their sanity and humanity under the most harrowing conditions will prove inspirational to readers In The Angel of Disease Sherman examines the curative aspects of writing by discussing authors who though critically ill persisted in their quest for the right word Sherman's book is not limited to writers from our past He captures our current situation in Poetry and Terrorism a prescient essay that delves into the moral and aesthetic considerations brought to the foreground since the terrorist attacks on NYC He follows this with essays that consider whether contemporary poets and novelists have risen to the task of articulating the new age The furies in Sherman's title belong to history and what they bring is not only destruction but the opportunity to transform our art and ourselves

Something to Say William Carlos Williams, 1985 *Something to Say* William Carlos Williams on Younger Poets collects all of Williams' known writings reviews essays introductions and letters to the editor on the two generations of poets that followed him from Kenneth Rexroth and Louis Zukofsky to Robert Lowell and Allen Ginsberg What might have been a random collection of occasional pieces achieves remarkable coherence from the singleness of Williams' poetic vision his belief that the

secret spirit of ritual of poetry was trapped in restrictive molds and if these could be broken the spirit would be able to live again in a new contemporary form Only a revived clarity and accuracy in sight and expression would enable the modern world to reform social order which Williams saw in complete disarray To resuscitate American Poetry Williams concentrated his efforts on the purification of poetic speech his American idiom and on remaking the poetic line in a new measure his variable foot And while his battles with his contemporaries on these issues could be heated he was always a nurturing father to the young a useful presence a model and a liberator He told Ginsberg to pare down and economize Roethke to open up and encouraged Lowell and Levertov to shake off poetic conventions But in all his emphasis on the poem as a made object of concrete physicality or as a field of action he would return again and again to this basic advice to young writers The only thing necessary is to have something to say when at last the opportunity comes to say it *Pastoral, Pragmatism, and Twentieth-Century American Poetry* A. Mikkelsen,2011-01-31 In the first expansive study of American pastoral since Leo Marx's *The Machine in the Garden* Mikkelsen reinvigorates discussion of this literary mode as a form of cultural commentary whose subjects extend beyond the simple or rustic life to encompass the major social economic and political transformations of the past century *Forty-Four Image Poems* Norman J.
