The Federal Government Service:

Biography of an Ideal United States Civil Service Commission. Office of Public Affairs, 1974 A Government Ill Executed Paul C. Light, 2009-09-30 The federal government is having increasing difficulty faithfully executing the laws which is what Alexander Hamilton called the true test of a good government This book diagnoses the symptoms explains their general causes and proposes ways to improve the effectiveness of the federal government Employing Hamilton's seven measures of an energetic federal service Paul Light shows how the government is wanting in each measure After assessing the federal report card Light offers a comprehensive agenda for reform including new laws limiting the number of political appointees reducing the layers of government management reducing the size of government as its Baby Boom employees retire revitalizing the federal career and reducing the heavy outsourcing of federal work Although there are many ways to fix each of the seven problems with government only a comprehensive agenda will bring the kind of reform needed to reverse the overall erosion of the capacity to faithfully execute all the laws *The Federal Government Service* American Assembly, 1954 **The Federal Government Service** American Assembly, 1965 Originally served as source material for participants in the Sixth American Assembly at Arden House Harriman N Y **Salary and Wage Administration in the Federal Service, Hearings ..., on S. 1415 ..., Feb 25-28, 1946** United States.
