Ways of Being Male John Stephens, 2013-10-18 Given the substantial impact of feminism on children's literature and culture during the last quarter century it comes as no surprise that gender studies have focused predominantly on issues of female representation The question of how the same patriarchal ideology structured representations of male bodies and behaviors was until very recently a marginal discussion Now that masculinity has emerged as an overt theme in children's literature and film critical consideration of the subject is timely if not long overdue Ways of Being Male addresses this new concern in an unprecedented collection of essays examining how contemporary debates about masculinity are reflected in fiction and film for young adults An outstanding team of scholars elucidates the ways in which different versions of male identity are constructed and presented to young audiences The contributors drawn from a variety of academic disciplines employ international discourses in literary criticism feminism social sciences film theory psychoanalytic criticism and queer theory in their wide ranging exploration of male representation With its illuminating array of perspectives this pioneering survey

Twentieth-Century American Literature Christine Grogan, 2016-10-03 The first major study to challenge the narrow definition of post traumatic stress disorder PTSD by rereading six American literary texts this book argues for the importance of literature in representing not just circumscribed singular traumatic events as Cathy Caruth argued in the late nineties but for giving voice to chronic and cumulative or complex traumatic experiences This interdisciplinary study traces the development of father daughter incest narratives published in the last hundred years from male authored fiction to female authored memoir bringing new readings to Fitzgerald's *Tender Is the Night* Ellison's *Invisible Man* and the Dylan Farrow Woody Allen case This study builds on the work of those ushering in a second wave of trauma theory which has argued that the difficulty of speaking about a traumatic experience is not necessarily caused by neurobiological changes that prevent victims from recalling details Rather it's from social and political repercussions In other words they argue that many who experience trauma aren't unable to deliver accounts they fear the results There is a significant gender component to trauma whose implications along with those of race and class have largely gone unexamined in the first wave of trauma theory Exploring two additional questions about articulating trauma this book asks what happens when the voice of trauma is crying out from what Toni Morrison has called the most delicate most vulnerable member of society a female child and second what happens when the trauma is not just a time limit event but chronic and cumulative experiences Some traumatic experiences namely father daughter incest are culturally reduced to the untellable and yet accounts of paternal incest are readily

available in American literature This book is written in part as a response to the psychological community which failed to include complex PTSD in the latest edition of the DSM DSM 5 denying victims many of whom are father daughter incest survivors the validation and recognition they deserve and leaving many misdiagnosed and thereby mistreated *Retelling Jane Austen* Tammy Powley, April Van Camp, 2024-08-30 Jane Austen wrote for a Regency period audience and could never have predicted the lasting success of her original works The slew of variations and adaptations of Austen's works in both film and novels has grown into an industry with a fan base clamoring for more This collection fills a gap in Austen scholarship examining universal and contemporary themes in the original literature and how the works have been adapted since 2000 onward Essays explore Austen retellings with a New York City setting Jane Austen and Islamic culture and even a plot with zombies This volume demonstrates Jane Austen's enduring talent and relevancy The Representation of Masochism and Queer Desire in Film and Literature B. Mennel, 2016-04-30 Defining masochism as literary perversion this book probes the productivity of masochistic aesthetics in the literature of Leopold von Sacher Masoch and contemporary queer films analysing radical accounts of desire gender and sexuality
