Norman attacked Henry Ballard a prosperous merchant on the steps of the new and luxurious Astor House Hotel Agitated and distraught Norman had followed Ballard down Broadway before confronting him at the door to the hotel Taking out a folding knife she stabbed him just missing his heart Ballard survived the attack and the trial that followed created a sensation Newspapers in New York and beyond followed the case eagerly and crowds filled the courtroom every day The prominent author and abolitionist Lydia Maria Child championed Norman and later included her story in her fiction and her writing on women s rights The would be murderer also attracted the support of politicians journalists and legal and moral reformers who saw her story as a vehicle to change the law as it related to seduction and to advocate for the rights of workers Cry of Murder on Broadway describes how New Yorkers besotted with the drama of the courtroom and the lurid stories of the penny press followed the trial for entertainment Throughout all this Norman gained the sympathy of New Yorkers in particular the jury which acquitted her in less than ten minutes Miller deftly weaves together Norman s story to show how in one violent moment she expressed all the anger that the women of the emerging movement for women s rights would soon express in words

The Libertine's Nemesis James Fowler,2017-07-05 What is the role of the prude in the roman libertin James Fowler argues that in the most famous novels of the genre by Richardson Crebillon fils Laclos and Sade the prude is not the libertine s victim but an equal and opposite force working against him and that ultimately she brings retribution for his social erotic and philosophical presumption In a word she is his Nemesis He is vulnerable to her power because of the ambivalence he feels towards her she is his ideological enemy but also his ideal object Moreover the libertine succumbs to an involuntary nostalgia for the values of the Seventeenth Century which the prude continues to embody through the age of Enlightenment In Crebillon fils and Richardson the encounter between libertine and prude is played out as a skirmish or duel between two individuals In Laclos and Sade the presence of female libertines the Marquise de Merteuil and Juliette allows that encounter to be reenacted within a murderous triangle

Ghost Stories in Late Renaissance France Timothy Chesters, 2011-01-13 Caught in the grip of savage religious war fear of sorcery and the devil and a deepening crisis of epistemological uncertainty the intellectual climate of late Renaissance France c 1550 1610 was one of the most haunted in European history Although existing studies of this climate have been attentive to the extensive body of writing on witchcraft and demons they have had little to say of its ghosts Combining techniques of literary criticism intellectual history and the history of the book this study examines a large and hitherto unexplored corpus of ghost stories in late Renaissance French writing These are shown to have

arisen in a range of contexts far broader than was previously thought whether in Protestant polemic against the doctrine of purgatory humanist discussions of friendship the growing ethnographic consciousness of New World ghost beliefs or courtroom wrangles over haunted property Chesters describes how over the course of this period we also begin to see emerge characteristics recognisable from modern ghost tales the setting of the haunted house the eroticised ghost or the embodied revenant Taking in prominent literary figures including Rabelais Ronsard Montaigne d Aubign as well as forgotten demonological tracts and sensationalist pamphlets *Ghost Stories in Late Renaissance France* sheds new light on the beliefs fears and desires of a period on the threshold of modernity It will be of interest to any scholar or student working in the field of early modern European history literature or thought

Empire and Poetic Voice Patrick Colm Hogan, 2012-02-01 In *Empire and Poetic Voice* Patrick Colm Hogan draws on a broad and detailed knowledge of Indian African and European literary cultures to explore the way colonized writers respond to the subtle and contradictory pressures of both metropolitan and indigenous traditions He examines the work of two influential theorists of identity Judith Butler and Homi Bhabha and presents a revised evaluation of the important Nigerian critics Chinweizu Jemie and Madubuike In the process he presents a novel theory of literary identity based equally on recent work in cognitive science and culture studies This theory argues that literary and cultural traditions like languages are entirely personal and only appear to be a matter of groups due to our assertions of categorical identity which are ultimately both false and dangerous

Sublime Voices Christopher Bolton, 2020-03-17 Since the 1950s Abe K b 1924 1993 has achieved an international reputation for his surreal or grotesque brand of avant garde literature From his early forays into science fiction to his more mature psychological novels and films and finally the complicated experimental works produced near the end of his career Abe weaves together a range of voices the styles of science and the language of literary forms In Abe s oeuvre this stylistic interplay links questions of language and subjectivity with issues of national identity and technological development in a way that ultimately aspires to become the catalyst for an artistic revolution While recognizing the disruptions such a revolution might entail Abe s texts embrace these disjunctions as a way of realizing radical new possibilities beyond everyday experience and everyday values By arguing that the crisis of identity and postwar anomie in Abe s works is inseparable from the need to marshal these different scientific and literary

voices Christopher Bolton explores how this reconciliation of ideas and dialects is for Abe part of the process whereby texts and individuals form themselves a search for identity that must take place at the level of the self and society at large
