The Financier:

The Financier Theodore Dreiser, 2023-12-11 First published in 1912 Theodore Dreiser's third novel *The Financier* captures the ruthlessness and sparkle of the Gilded Age alongside the charismatic amorality of the power brokers and bankers of the mid nineteenth century This volume is the first modern edition of *The Financier* to draw on the uncorrected page proofs of the original 1912 version which established Dreiser as a master of the American business novel The novel was the first volume of Dreiser's Trilogy of Desire also known as the Cowperwood Trilogy which includes *The Titan* 1914 and *The Stoic* 1947 Dreiser laboriously researched the business practices and personal exploits of real life robber baron Charles Yerkes to narrate Frank Algernon Cowperwood's early career in *The Financier* which explores the unscrupulous world of finance from the Civil War through the panic incited by the 1871 Chicago fire In 1927 the monumental novel reappeared in a radically revised version for which Dreiser notorious for lengthy novels agreed to cut more than two hundred and seventy pages This revised version became the most familiar reprinted by publishers and studied by scholars for decades For this new edition Roark Mulligan meticulously reviewed earlier versions of the novel and its publication history including the last minute removal of paragraphs pages and even whole chapters from the 1912 edition cuts based mainly on the advice of H L Mencken The restored text better matches Dreiser's original vision for the work More than three hundred additional pages not available to modern readers including those cut from the 1927 edition and more than seventy hastily removed from the manuscript just days before publication in 1912 more effectively establish characterization and motivation Restored passages dedicated to the internal thoughts of major and minor characters bring a softer dimension to a novel primarily celebrated for its realistic attention to the cold external world of finance Mulligan's historical commentary reveals new insights into Dreiser's creative practices and how his business knowledge shaped *The Financier* This supplemental material considers the novel's place within the tradition of American business novels and its reflections on the scandalous business practices of the robber baron era *The Financier*, 1901 *The Financier* Theodore Dreiser, 1912 Set in 19th century Philadelphia and based on the life of flamboyant financier C T Yerkes Dreiser's portrayal of the unscrupulous magnate Frank Cowperwood embodies the idea that behind every great fortune there is a crime In Philly the protagonist is eventually imprisoned for embezzlement of public funds He later leaves prison departs for Chicago makes another fortune and becomes involved in still further shabby practices You don't read Dreiser for literary finesse but his great intensity and keen journalistic eye give this portrait a powerful reality The author wrote two subsequent novels based on the life of Yerkes *The Titan* and *The Stoic* Amazon.com
