Reuben's Fall Sheri L Leafgren, 2016-06-16 This study offers a lens on two kindergarten classrooms examining moments of disobedience as children interacted with children their teachers and the space and time elements of the classroom environments Through Eisner's educational criticism author Sherry Leafgren also examines the elements of school kindergarten and teachers within the spaces of their intersections with the children While past research has directed our attention to addressing the problem of classroom disobedience Leafgren provides an opportunity and means to view these familiar actions through fresh lenses of possibilities Predicated by an event in the researcher's teaching life she utilizes Deleuze and Guattari's rhizoanalysis to openly seek lateral paths of understanding by linking and folding the findings with texts other than those that would be normally used toward developing new understandings and questions regarding children's disobediences An earlier version of this book was awarded the distinguished dissertation award from the International Institute for Qualitative Methodology

Teaching Communication Anita L. Vangelisti, John A. Daly, Gustav W. Friedrich, 2013-11-05 The field of communication was founded in part because of a need to make people better communicators That meant teaching them how to communicate more effectively whether it be in public settings or in private Most of that teaching has happened within the classroom and many professionals have spent their lives instructing others on various aspects of communication Inside this second edition the editors have assembled a fully comprehensive and contemporary discussion of topics and issues concerning the teaching of communication The chapters contained herein contributed by key voices throughout the communication discipline address conceptual as well as practical issues related to communication instruction The contents of this new edition reflect the dramatic changes that have occurred in communication education since the publication of the first edition in 1990 This book focuses initially on the goals

of communication education then delves into the preparation of specific communication courses. It includes assistance for instructors in organizing instructional content and discusses the use of instructional strategies and tools as well as offering ideas on evaluating the processes and products of instruction. The volume also covers unique teaching assignments that may be encountered from the basic course to continuing education and addresses 2 year college teaching, directing forensic programs, distance education and consulting. It concludes with important professional issues faced by both new and experienced communication instructors including ethics and political issues within classrooms and departments. This volume is a necessity for anyone starting out a career as a communication instructor. Veteran educators who know that learning to teach is a continual growth experience will find useful and invaluable information within the book's pages. Whatever background and level of experience all communication educators will find this new edition to be an essential resource for their work.
