The Florida Gun Owners Guide Gun Owners Guides:

The Florida Gun Owner's Guide Donna Lea Hawley, Alan Korwin, 1998 These up to date comprehensive gun owner s guides give you the straight scoop on gun ownership possession and use Actual laws are reprinted with all the key laws and regulations spelled out in plain English A must for those who own or may own a gun **The Heller Case** Alan Korwin, David B. Kopel, 2008 **Voter's Self Defense Manual** Project Vote Smart, 2014-09-26 Vote Smart s Voter s Self Defense Manual is a starting point for direct access to information about your candidates and elected officials It contains a record of the past two years for each Congress person by listing 17 votes and 17 special interest group ratings as well as campaign finance information It is only a sampling of Vote Smart s online database with information on Congressional members political courage voting records interest group ratings campaign contributions and contact information This publication is available free of charge to all citizens *Voter's Self Defense Manual: 2012 Edition* , The Behavioral Science of Firearms Gianni Pirelli, Hayley Wechsler, Robert J. Cramer, 2019 This book focuses on how the principles and empirical knowledge within behavioral science can inform and improve firearm related policy practice and research It features a formal framework for the assessment of civilians seeking firearms permits reinstatement of their firearms subsequent to revocation and considerations for relevant others The Last Gun Tom Diaz, 2013-03-26 Newtown Connecticut Aurora Colorado Both have entered our collective memory as sites of unimaginable heartbreak and mass slaughter perpetrated by lone gunmen Meanwhile cities such as Chicago and Washington D C are dealing with the painful everyday reality of record rates of gun related deaths By any account gun violence in the United States has reached epidemic proportions A widely respected activist and policy analyst as well as a former gun enthusiast and an ex member of the National Rifle Association Tom Diaz presents a chilling up to date survey of the changed landscape of gun manufacturing and marketing The Last Gun explores how the gun industry and the nature of gun violence have changed including the disturbing rise in military grade gun models But Diaz also argues that the once formidable gun lobby has become a paper tiger marshaling a range of evidence and case studies to make the case that now is the time for a renewed political effort to attack gun violence at its source the guns themselves In the aftermath of Newtown a challenging national conversation lies ahead The Last Gun is an indispensable guide to this debate and essential reading for anyone who wants to understand how we can finally rid America s streets schools and homes of gun violence and prevent future Newtowns Lethal Logic Dennis A. Henigan, 2009-06-30 Guns don t kill people people kill people When guns are outlawed only outlaws will have guns An armed society is a polite society Who hasn t heard these engaging assertions time and time again Burned into the national consciousness by years of targeted disciplined messaging by the National Rifle Association and others they are just a few of the bumper sticker slogans that have defined the gun control debate in America Long ridiculed by gun control advocates they are the first words that come to mind for most Americans when the gun issue is discussed This is the first book both to acknowledge the profound and deadly

impact of the gun lobby's bumper sticker logic on the gun control debate and to systematically expose the misguided thinking at the core of the pro gun slogans. Indeed, the author contends that the gun lobby's remarkable success in blocking passage of lifesaving gun laws is the result in large part of its relentless and effective use of these simple and resonant messages. Their persuasive power has been a largely ignored influence on the current politics of gun control in which the gun lobby wields unprecedented power in the Republican Party while many Democratic Party leaders see the policy benefits of stronger gun laws as not worth the political risk of standing up to the NRA. The book contends that the current political stalemate over guns will never be broken until the pro gun slogans are exposed as the cleverly disguised fallacies that they are.

Guns in America Jan E. Dizard, Robert Muth, Stephen P. Andrews, 1999-04. Should you own a gun? Americans losing trust in each other and institutions. Arms and the woman: a feminist reappraisal. Guns are the tools by which we forge our liberty. Gun control in America: a history of discrimination against the poor and minorities. Talk at Temple Beth Shir Shalom, Friday, April 30, 1993. Apocalypse now. They've had enough. Author's call to arms gets answer. The anti-environment connection. America's only realistic option: promoting responsible gun ownership. What are the alternatives? Lawsuits aim at gun industry. Crime fighting's about face. Second thoughts on the Second Amendment. Ten essential observations on guns in America. Selected Crime Issues United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime and Criminal Justice, 1991.

"Guns Don't Kill People, People Kill People" Dennis A. Henigan, 2016-07-26. A must read for every American who longs to bring sanity to our nation's gun laws. This book debunks the lethal logic behind the myths that have framed the gun control debate. Ariana Huffington, Huffington Post. The gun lobby's remarkable success in using engaging slogans to frame the gun control debate has allowed it to block lifesaving gun legislation for decades. But is there any truth to this bumper sticker logic? Dennis Henigan exposes the mythology and misguided thinking at the core of these pro gun catchphrases which continue to have an outsized influence on public attitudes toward guns and gun control. Pro Gun Myths Include: When guns are outlawed, only outlaws will have guns. An armed society is a polite society. The only thing that stops a bad guy with a gun is a good guy with a gun. Gun control doesn't work because criminals don't follow the law. Gun manufacturers shouldn't be responsible for gun crime any more than Budweiser is responsible for drunk driving. We don't need new gun laws. We just need to enforce the ones we have. Gun control is a slippery slope to complete gun bans. Henigan counters the gun lobby's messages by weaving together the most compelling current research and insights drawn from the grim reality of deadly gunfire in our homes and communities. Henigan charts a new path toward ending the American nightmare of gun violence. Gun Control and Constitutional Rights United States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution, 1981.
