The Foundation Stone Meditation:

The Foundation Stone Meditation Rudolf Steiner, 2013-05-19 The Foundation Stone Meditation holds a central place in the inner life of many students of Rudolf Steiner's work. First presented during the refounding of the Anthroposophical Society at the Christmas Conference of 1923/24, it is a powerful and penetrating meditative text which many consider to be a key to the spiritual mysteries of our time. This version features three alternative translations by George Adams, Pauline Wehrle, and Richard Seddon, together with the original German verses and an introduction by Michael Wilson. Foundation Stone Meditation Sergei O. Prokofieff, 2006 Meditative reflection strengthening thinking and feeling through the will is one of the main methods of experiencing Anthroposophy. Prokofieff writes: "The best path to this goal is inner work with the Foundation Stone Meditation because this meditation is the quintessence of the whole of Anthroposophy given in meditatively inspired form by means of earthly words." Rudolf Steiner described the substance of the Foundation Stone Meditation as spoken by him out of the will of the spiritual world and as verses heard from the Cosmic Word. Owing to its spiritual and mantric form, the text of this meditation represents an archetype and is thus a key to the most diverse areas of world and human existence. Depending on which spiritual portal is opened with this key, explains Prokofieff, one arrives at one result or another, and one and the same line of the meditation becomes a reply to the most varied questions. The author applies this method in this work and in the process illuminates and opens up many dimensions of spiritual science. His research embraces among other aspects the relationship of the Foundation Stone Meditation to the being Anthroposophia, the spiritual hierarchies, human karma, the Rosicrucian, Michaelic, and Grail streams, the Mystery of Golgotha, the two Jesus children, the three spiritual sources of Anthroposophy, and even the Constitution of the General Anthroposophical Society.

The Foundation Stone Meditation Adriana Koulas, 2019-07-28 Rudolf Steiner gave the Foundation Stone Meditation to the members of the Anthroposophical Society in 1923 after arson destroyed the First Goetheanum in Dornach. This event was the first of many terrible future obstacles that the society would have to face, and he gave this meditation to strengthen the forces of the souls of those who would take it into their hearts. Sergei O. Prokofieff, one of the foremost pupils of Rudolf Steiner, called the Foundation Stone Meditation the quintessence of all Anthroposophy, and for those willing to work with it, it is a path to one's true humanity, or one might equally say a path to the spirit. For in it, one finds the idea of trichotomy of body, soul, and spirit, something abolished at the Council of Constantinople in 869 AD. It was only at the turn of the 20th Century that it was once again possible to speak of spirit, and Rudolf Steiner was the inaugurator of the idea of threefoldness of individual human beings and of the society in which they live. It is this germinating spirit that is being threatened by adversarial forces in our times. For the adversarial forces would have the human being fall to the level of a beast and relinquish his or her humanity. In the Foundation Stone Meditation, one hears a call to the human soul to embark on the fully conscious development of this humanity, giving it precise instructions on how to do so, and also paradoxically, one hears a call from the

human soul itself for the protection of higher beings against those adversarial powers who would seek to derail this development In our time freedom means that if we want the help of the spiritual world we must ask for it consciously and freely In this book we explore how this four part meditation meditation is such a question whose answer creates a counter force counter balance counter image and counter weight to the four adversarial beings working on human beings in our times Asuras Ahriman Lucifer and Sorath Never before have we needed to understand this meditation as we do today our humanity depends on it

The Foundation Stone Willem Zeylmans Van Emmichoven, 2002-09-15 During the Christmas Conference of 1923/24 when the Anthroposophical Society was refounded Rudolf Steiner presented to its members for the first time the Foundation Stone Meditation On consecutive days during that week Steiner showed how elements of the Meditation could be rebuilt into new meditations sometimes referred to as rhythms which could be inwardly practiced Zeylmans van Emmichoven was present at that formative meeting and lived intensively with these rhythms for more than 30 years Initially in the Netherlands and later during his many journeys around the world Zeylmans began to make people aware of the germinating forces contained within the Meditation This volume remains a seminal book that has inspired generations of students of anthroposophy

The Foundation Stone Rudolf Steiner, 1996 The right ground in which we must lay today's Foundation Stone the proper soil this is our hearts in their harmonious cooperation in their love imbued good will to carry the will of anthroposophy through the world together with one another Rudolf Steiner This volume brings together for the first time two classic booklets The Foundation Stone and The Life Nature and Cultivation of Anthroposophy The first contains Steiner's comments of The Foundation Stone Meditation made during the reestablishment of the Anthroposophical Society at the Christmas Conference of 1923/24 The Foundation Stone Meditation is central in the meditative life of many students of spiritual science Part two The Life Nature and Cultivation of Anthroposophy contains letters that Steiner wrote to members of the Anthroposophical Society following the Christmas Conference They contain thoughts and guidelines regarding the Anthroposophical Society and its members conduct in the world An excellent companion to this book is Constitution of the School of Spiritual Science An Introductory Guide

Rudolf Steiner's Foundation Stone Meditation Peter Selg, 2012 People who practice esoteric exercises grow spiritually into the future they experience in themselves what will one day come about and what they experience in this way is what we know as the higher worlds These represent future

conditions of humankind Rudolf Steiner Munich 1907 Rudolf Steiner spoke the Foundation Stone meditation at the Christmas Conference of the General Anthroposophical Society in 1923 giving it to the Society members for strengthening their forces The meditation s words contain as Sergei O Prokofieff states the quintessence of the whole of Anthroposophy Thus Rudolf Steiner was bestowing on the members the possibility of dealing resolutely with the specific tasks that awaited them In this short potent volume the author suggests further that The Foundation Stone Meditation represents the concerns of every individual of our time allowing each of us to maintain our humanity in the face of the challenges and catastrophes of both the present and the future Steiner said that one could hear the words of the meditation sounding in one s heart This process of hearing will acquire even more significance and reality in future and can be of enormous help to anyone who opens themselves to it It is against this background that Selg has written this introductory book to promote awareness of the meditation understanding of its historic place in the catastrophic twentieth century and its critical but latent contribution to the future

The Foundation Stone Meditation Rudolf Steiner, 2004 *The Foundation Stone Meditation of Rudolf Steiner* Valentin Tomberg, Sebastian Niklaus, Willi Seiss, 2019 **Angels Speak the Foundation Stone Meditation** Rudolf Steiner, 2025-06-24

A year after the burning of the first Goetheanum during the eight days of the Christmas Conference 1923 24 Rudolf Steiner together with the 800 people present laid the Foundation Stone in our hearts as a meditation Every day at ten o clock in the morning and on the last day also in the evening nine times in total he spoke the verses invoking the angelic hierarchies allowing their voices to sound for us in the spirit The Foundation Stone is thus a purely spiritual text not intended as information but as meditation The all encompassing relationships of the cosmic ordering of the spiritual world described by Rudolf Steiner in his written works and lectures are united in seed form in the Foundation Stone Meditation In this book some sixty meditative passages about the role of the angelic hierarchies in cosmic and human evolution have been selected from Rudolf Steiner s works with the aim of shedding new light on the words of the Foundation Stone Here the cosmic speech of the hierarchies resounds as the primal source of anthroposophy revealing their dynamic radiant ever renewing creative work with humanity and the Earth This book is intended for all who seek a deeper relationship to the Foundation Stone Meditation as a path of awakening

Studies on the Foundation Stone Meditation Valentin Tomberg, 2010 In the unfolding of a true spiritual mission upon the Earth the great teachers of humanity work together An example of this working together to fulfill a spiritual mission for humanity is presented to us in this book It is a matter in this work of a collaboration between two great spiritual teachers of humanity in the twentieth century Rudolf Steiner 1861 1925 and Valentin Tomberg 1900 1973 Rudolf Steiner s life work culminated in the baptismal event for the Second Coming of Christ expressed in the Foundation Stone of Love and clothed in the words of the Foundation Stone meditation Valentin Tomberg after his spiritual awakening in 1932 entered into the Mystery of Christ s Second Coming His *Studies on the Foundation Stone Meditation* published in critical years of world history 1936 1939 were written just a few years after his spiritual awakening They

penetrate into the Mystery of Christ's Second Coming by offering the reader access from within to the Foundation Stone meditation given to humanity by Christ through Rudolf Steiner Every sentence of these studies born of living experience undergone by Valentin Tomberg leads the reader into the sublime mystery of the spirit awakening of humanity through Christ in our time Understood as a manual for enlightenment to be worked with meditatively over and over again this work is one of the great treasures of humanity's spiritual literature a priceless jewel for every spiritual seeker in our time The Foundation Stone Meditation ,2021 **The Christmas Foundation** Rudolf Grosse,1984 This is an introduction to the spiritual and historical conditions prevailing during the reestablishment of the General Anthroposophical Society at the Christmas Conference of 1923 just one year after its first center the Goetheanum was burned to its foundation The author's purpose was to see Rudolf Steiner within the overall process of world history and so to recognize his spiritual mission while experiencing the nature of that important event Rudolf Steiner and the Founding of the New Mysteries Sergei O. Prokofieff,2017-06-21 In this revised and expanded edition of his classic debut Sergei O Prokofieff investigates the deepest mysteries of Rudolf Steiner's life and individuality from the years of apprenticeship and the great Sun period to the path of the Teacher of Humanity and the birth of the New Mysteries He discusses the earthly and supersensible aspects of the first Goetheanum the implications of the Christmas Conference of 1923/24 and the Foundation Stone meditation that Steiner left as a legacy to members of the Anthroposophical Society In his very personal Introduction Prokofieff describes in moving detail the events in his life which led to his discovery of anthroposophy whilst living in Communist Russia and how eventually he came to write this extraordinary study of Rudolf Steiner The resulting volume a work of secondary anthroposophical literature unprecedented in its depth and significance was first published in Germany in 1982 meeting with equal amounts of acclaim astonishment and controversy It is published in this paperback edition to mark the 35th anniversary of the original publication *The Anthroposophical Society as a Michael Community* Paul Mackay,2013 What lies spiritually and cosmically at the foundation of a community like the Anthroposophical Society In wrestling with this question I have come to the inner conviction that it is justified to speak of the Anthroposophical Society as a Michael community Paul Mackay How can one understand Rudolf Steiner's use of the word we in the last part of the Foundation Stone Meditation What we found from our hearts and direct from our heads with focused will What is the meaning of we here In the first part of this original and inspiring work Paul Mackay takes this question as a point of departure developing a unique approach to working with the seven rhythms of the Meditation Based on personal experiences he concludes that the rhythms express the members of the human makeup We in the fifth rhythm has the quality of spirit self The second part of the book considers the same we from a karmic perspective with reference to Steiner's lectures on karmic relationships events in the fourth and ninth centuries the mystery of death and evil and the restoration of karmic truth What's the use of telling people over and over that we're not a sect if we act like a sect You see something that needs to be well understood especially by the members of the

Anthroposophical Society is what any society in our modern age requires A society must not be a sect in any way If the Anthroposophical Society is to stand on firm ground the word we can really never play a role in regard to opinion Again and again anthroposophists are heard saying to the rest of the world We the Society think this or that This or that is going on with us We want this or that In earlier times societies could present a face of conformity to the world Now this is no longer possible Within a contemporary society each individual must really be a free human being Only individuals have views thoughts and opinions Rudolf Steiner 1923 **May Human Beings Hear It!** Sergei O. Prokofieff, 2014-03-12 During the Christmas period of 1923 4 Rudolf Steiner refounded the Anthroposophical Society at its headquarters in Dornach Switzerland This important event which has come to be known as the Christmas Conference can be studied on many levels and its many mysteries have been central to Sergei O Prokofieff s anthroposophical research over the years His beginning point has been an enduring question What did Rudolf Steiner mean when he called the Christmas Conference the start of a World Turning point of Time In this far reaching work the author working from several different viewpoints guides the reader towards an answer Prokofieff suggests that the impulse of the Christmas Conference can only be reenlivened today through conscious action by individuals to experience its spiritual essence Rather than offering dogmatic conclusions he opens up paths of approaching this goal by throwing light on different aspects of the Conference and what lies at its heart the Foundation Stone and its Meditation In particular Prokofieff explores three key perspectives the connection of the Christmas Conference with humanity s evolution the inner relationship of each individual anthroposophist to the Christmas Conference and the significance of the Conference to Rudolf Steiner himself Although this is major work of some length the individual chapters of *May Human Beings Hear It* are complete in themselves and can therefore be studied independently of each other

The Most Holy Trinosophia and the New Revelation of Divine Feminine Robert Powell, 2000 The rising interest in goddess spirituality expresses our current need to understand the feminine side of God the Sophia or Divine Wisdom and her relationship to the masculine aspects of God Offering a new perspective the author draws on his own research and on the teaching of Russian philosopher Pavel Florensky according to whom Sophia has a relationship to the masculine Trinity as an independent spiritual being Robert Powell discusses Sophia as a Trinity as Mother Daughter and Holy Soul and as the feminine aspect of Divine Godhead He connects our reawakening to the feminine aspect of God with many of the changes now taking place in the world Also included is an introduction to the Divine Feminine by Daniel Andreev author of *The Rose of the World*
