The Foundations Of Judaism Method Teleology Doctrine:

The Foundations of Judaism: Teleology. Messiah in context Jacob Neusner, 1983 **The Documentary History of Judaism and Its Recent Interpreters** Jacob Neusner, 2012-07-10

The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis. It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds. In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon. At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications. Here Neusner has collected some of the more ambitious ventures into the hypothesis and its current recapitulations. Neusner begins with the article written by Professor William Scott Green for the *Encyclopaedia Judaica* second edition as Green places the documentary hypothesis into the context of Neusner's entire oeuvre. Neusner then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah's and the Talmuds programs for the social order of Israel, the doctrines of economics, politics and philosophy set forth in those documents respectively. Then come the two foci of discourse: Halakhah or normative law and Aggadah or normative theology. Professors Bernard Jackson of the University of Manchester, England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California, Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents. Neusner concludes with a review of a book by a critic of the documentary hypothesis. *A Traditional Quest* Louis Jacobs, Dan Cohn-Sherbok, 1991-01-01 **Judaism in Society** Jacob Neusner, 2003-10-01 *Neusner on Judaism* Jacob Neusner, 2017-11-28

Jacob Neusner has published more than 1000 books and articles, scholarly and academic, popular and journalistic, and is one of the most published humanities scholars in the world. Over a period of fifty years he has made significant, insightful and challenging contributions to the study of Rabbinic Judaism, particularly in the disciplines covered in the three volumes which make up *Neusner on Judaism*: the study of history, volume 1; literature, volume 2; and religion and theology, volume 3. These unique volumes of selective writings by Jacob Neusner, with new introductions by the author, offer scholars an invaluable resource in the field of Judaic Studies.

The Transformation of Judaism Jacob Neusner, 2011-03-31

Jacob Neusner describes, analyzes and interprets the transformation of one system of the Israelite social order by a connected but autonomous successor system. He characterizes the successive systems, classifying the one as philosophical and the other as religious. He explains the categorical account of each and sets forth the outcome of a number of topical studies on the category formations of Rabbinic Judaism, with special attention to the social order, politics, philosophy and economics. These systems emerged as 1) autonomous when viewed synchronically, 2) connected when seen diachronically, and 3) as a continuous construction when seen at the end of their formative age. In their successive stages of categorical

autonomy connection and finally continuity the three distinct systems may be classified respectively as philosophical religious and theological each one taking over and revising the definitive categories of the former and framing its own fresh generative categories as well The formative history of Judaism is the story of the presentations and re presentations of categorical structures In method it is the exegesis of taxonomy and taxic systems Now after more than two decades Neusner has decided to review the initial statement Since the book summarizes ten years of work from 1980 to 1990 on the Rabbinic category formations of social science politics philosophy and economics in the setting of the law and theology of Rabbinic Judaism from the Mishnah through the Bavli 200 600 C E it seemed well worth the effort to recapitulate the original work The revised introduction explains the omission of theology in his category formation philosophy religion theology Neusner s account of the Bavli produced the decade after this title was completed did not make possible the continuous description of the unfolding of the Rabbinic system The pattern that appealed to Neusner from philosophy to religion to theology has not yet come to a satisfactory account In the twenty years

The Midrash Jacob Neusner, 1994-10-01 The Midrash An Introduction sets forth the way in which Judaism reads the Hebrew Bible In this masterful presentation the reader is introduced to the classics of Jewish Bible interpretation with special attention to the way in which the rabbis of Talmudic times read the Pentateuch the Book of Ruth and Song of Songs The seven Midrash compilations are introduced with a lucid account of their main points accompanied by selections that give the reader a direct encounter in English with the Bible as Judaism understands it The word midrash based on the Hebrew root DaRaSH search means interpretation or exegesis Midrash also more formally refers to the compilations of such interpretations of Scripture As Dr Jacob Neusner explains these compilations reached closure and conclusion in the formative stage of Judaism that is the first seven centuries of the Common Era the time in which the Mishnah ca 200 Talmud of the Land of Israel ca 400 and Talmud of Babylonia ca 600 were written Midrash is not so much about Scripture as it is a subordinate part of Scripture They did not write about Scripture Dr Neusner says They wrote with Scripture much as painters paint with a palette of colors The Midrash An Introduction is the second volume in Dr Jacob Neusner s series of introductory volumes on classical rabbinic literature As with the first volume The Mishnah An Introduction this book offers the layperson a concise description of the religious literature and drawing on Dr Neusner s own translations of the texts walks readers through the selections providing them with firsthand experience with the document itself As Dr Neusner says in his preface to The Midrash An Introduction In these pages I mean to make it possible for readers to know one such compilation from the other and so to begin studying their own
