The Irish Republican Brotherhood, 1914-1924 John O'Beirne Ranelagh, 2024-06-20 This captivating book delves into the secretive world of the Irish Republican Brotherhood IRB and its profound impact on Ireland's political landscape between 1914 and 1924. With the aid of new documentation Ranelagh unravels the true influence of the oath-bound society without which the 1916 Rising might never have taken shape. For Michael Collins the IRB was the true custodian of the Irish Republic and the only body he pledged his loyalty to but its legacy remains obscured by its intense secrecy. This book re-introduces the IRB as the organisation that created and furnished the IRA, influenced the result of the critical 1918 election and changed the face of Irish history. From a memoir of Valera's recollections of how he first learned of the Treaty to narratives from Nora Connolly O'Brien Emmett Dalton et al testimonies from key figures paint a vivid picture of the IRB's inner workings and external influence. A fascinating exploration of secret societies political manoeuvres and personal sacrifices. *The Irish Republican Brotherhood 1914-1924* casts new light on a pivotal chapter in Ireland's quest for independence

Ray Gregory Bobby Jean Tipton Marie Bullock James Meyers Vera Woodman and Gerald Woodman were the six that died by his hand as he orchestrated murder and mayhem

Irish Crime Fiction Brian Cliff, 2018-04-19 This book examines the recent expansion of Ireland's literary tradition to include home-grown crime fiction. It surveys the wave of books that use genre structures to explore specifically Irish issues such as the Troubles and the rise and fall of the Celtic Tiger as well as Irish experiences of human trafficking the supernatural abortion and civic corruption. These novels are as likely to address the national regulation of sexuality through institutions like the Magdalen Laundries as they are to follow serial killers through the American South or to trace international corporate conspiracies. This study includes chapters on Northern Irish crime fiction novels set in the Republic women protagonists and transnational themes and discusses Irish authors' adaptations of a well-loved genre and their effect on assumptions about the nature of Irish literature. It is a book for readers of crime fiction and Irish literature alike illuminating the fertile intersections of the two

The New York Times Index ,1921 *Capital Punishment in Independent Ireland* David M. Doyle,Liam O'Callaghan,2019 This is a comprehensive and nuanced historical survey of the death penalty in Ireland from the immediate post civil war period through to its complete abolition Using original archival material this book sheds light on the various social legal and political contexts in which the death penalty operated and was discussed In Ireland the death penalty served a dual function as an instrument of punishment in the civilian criminal justice system and as a weapon to combat periodic threats to the security of the state posed by the Irish Republican Army IRA Through close examination of cases dealt with in the ordinary criminal courts this study elucidates ideas of class gender community and sanity and explores their impact on the administration of justice The application of the death penalty also had a strong political dimension most evident in the enactment of emergency legislation and the setting up of military courts specifically aimed at the IRA As the book demonstrates the civilian and the political strands converged in the story of the abolition of the death penalty in Ireland Long after decision makers accepted that the death penalty was no longer an acceptable punishment for ordinary cases of murder lingering anxieties about the threat of subversives dictated the pace of abolition and the scope of the relevant legislation
