Gospels Hubert J. Richards, 2007 **The Four Gospels** Archbishop Averky (Taushev), 2015-08-01 Writing in the tradition of biblical exegetes such as St John Chrysostom and Blessed Theophylact of Bulgaria the work of Archbishop Averky Taushev provides a commentary that is firmly grounded in the teaching of the Church manifested in its liturgical hymnography and the works of the Holy Fathers Analyzing all four Gospels chronologically and simultaneously he allows readers to see the life of Christ as an unfolding narrative in accessible direct language Using the best of prerevolutionary Russian sources these writings also remained abreast of developments in Western biblical scholarship engaging with it directly and honestly He approaches the Gospels first and foremost not as a literary work of antiquity but as the revelation of Jesus Christ as God in the flesh Archbishop Averky's commentaries on the New Testament have become standard textbooks in Holy Trinity Orthodox Seminary and have been published in Russia to widespread acclaim This present volume is the first translation of these texts into English and it is an indispensable addition to the library of every student of the Gospels **The Theology of the Four Gospels** Mel Shoemaker, 2011-10 Biblical theology is the discovery and development of doctrine as found and emphasized by a specific book of the Bible Instead of beginning with a subject and then searching the scriptures broadly to assemble what may be relevant and illuminate one's understanding of that specific topic biblical theology starts with a particular author and focuses upon a specific scriptural unit The objective is to let the Bible speak for itself and discover what the original writer's wanted readers or those listening to the reading to understand Therefore New Testament biblical theology assists the student in understanding the distinctive doctrinal enrichment each book in the Christian canon brings to the collection of authoritative literature The Theology of the Four Gospels is designed to engage an individual or group in a fresh study of the teachings of Jesus and the distinctive perspectives of the Four Evangelists Matthew Mark Luke and John Even though everyone participating in the study is examining the same literature the conclusions may vary widely which may contribute to a very fruitful discussion Why should one anticipate a variety of interpretations Each person comes to the study of the Bible with prior opinions judgments and beliefs These presuppositions have been formed by our culture e.g. ethnicity political social economic and religious background critical knowledge educational background in history literature language natural abilities life experiences and age and character moral values belief in the supernatural human immortality accountability rational choices and spiritual maturity This is the goal to let the Four Gospels speak for themselves The theological outcome may be tentative and provisional however the reader or student becomes engaged in the process of building a sound personal theology and a steadfast living faith in Jesus Christ **The Conceptual Worlds of the Fourth Gospel** Charles B. Puskas, C. Michael Robbins, 2021-01-08 Over under and through John's story of Jesus are unforgettable ideas and concepts profoundly simple and simply profound for the author's own audience and beyond These ideas did not originate in a vacuum They have recurred and been repeated before and after the writing of the Fourth Gospel For this reason we will examine the meaning of its words and themes in the context of its Jewish Greco Roman milieu Much of our

intertextual understanding will be derived from alleged parallels that involve comparisons of similar vocabulary and phrases as well as parallel concepts and images from the Old Testament the Dead Sea Scrolls Philo and other relevant writings Such parallels will help to determine the meaning of a word or expression the translation of a particular language determining any direct influences upon the Fourth Gospel parallel traditions or the influence of its ideas as a creative and inspiring work of later antiquity

The Four Gospels, an Historical Introduction Lucien Cerfaux,1960 In what sense can we trust the four Gospels as the written origin of Christianity and our faith How did the four Gospels get written The author gives the answer so far as we know it His book provides a history of the Gospels in the first three centuries The oral tradition the structure of each Gospel and the apocryphal gospels are all discussed in detail

The Four Gospels Patrick Schreiner,2024-06-01 In The Four Gospels Jesus the Hope of the World Patrick Schreiner demonstrates the critical importance of the gospel narratives not only as the stories of our Savior but also as the climax of God s story

The Gospels Vincent Taylor,2009-05-20 As the subtitle indicates this book is not intended to be anything more than a brief introduction to the four gospels It treats questions of sources date and authorship and the mutual relations of one Gospel to another It does not attempt to discuss the deepest and most beautiful things in the Gospels but rather those questions about which we must form opinions if we are to read these unique works with insight and understanding This edition has been carefully revised and notes and references have been added relating to the Q the Proto Luke and Bussmann s Hypotheses the authorship of 1 John and the critical problems connected with the Fourth Gospel and it should be of service to students and to the growing number of readers who are keenly interested in the question of Gospel Origins
