The RCIA Journey Deborah M. Jones, 1997 Parish leaders catechists and sponsors are invited to reach out to catechumens with renewed enthusiasm and joy through 20 lessons covering the basic tenets of the faith Topics includes Jesus the Christ the Old and New Testaments the church s story Catholic sacraments the place of prayer and much more Debates over the Resurrection of the Dead Outi Lehtipuu, 2015-02-12 In *Debates over the Resurrection of the Dead* Outi Lehtipuu highlights the striking observation that in many early texts the way that belief in resurrection is formulated is used as a sign of inclusion and exclusion not only in relation to non Christians but vis vis other Christians Those who teach otherwise have deviated from the truth are not true Christians and do the works of the devil Using insights from the sociological study of deviance Dr Lehtipuu demonstrates that labelling was used as a tool for marking boundaries between those who belonged and those who did not This was extremely important in the fluid conditions where the small Christian minority groups found themselves In a situation where there were no universally accepted structures that defined what constituted the true Christian belief several competing interpretations and their representatives struggled for recognition of their views based on what they believed to be the apostolic tradition The most hotly debated aspect of resurrection was whether it would entail the body of flesh and blood or not When resurrection would take place was closely related to this Controversies died since the scriptural legacy was ambiguous enough to allow different hermeneutical solutions The battle over resurrection was closely related to the question of how scriptures were to be understood as well as to what constituted the human self that would survive death To demonstrate this a wide variety of texts are studied from theological treatises including relevant Nag Hammadi texts to apocryphal acts and martyrologies Acknowledging the complexity and diversity of the early Christian movement this volume views early Christian discourse as part of the broader ancient discursive world where similar debates were going on among both Jews and the majority population Christianity Contested Paul Copan, Stewart Kelly, 2024-12-30 Although Christianity has significantly influenced many of Western civilization s cherished ideals and values it faces ongoing criticism regarding its truth goodness and beauty Critics argue that Christianity is at odds with science human flourishing and the dignity of women that it is disconnected from modern views on sexuality and that its Scriptures support slavery and genocide They also claim that the historical evidence for Jesus bodily resurrection is weak and his claims of exclusivity are narrow minded Additionally the problem of evil and the hiddenness of God are major points of contention In response a group of scholars has provided a comprehensive well reasoned yet accessible resource to address these accusations for both the church and the broader public *Themes in the Hebrew Bible* D. N. Premnath, 2021-06-10 This book provides non expert readers with insights and perspectives on a variety of theological themes from the Hebrew Bible D N Premnath compiles scholarly insights on themes such as God creation and redemption community land law and covenant royal tradition and prophetic dissent praise and lament wisdom sexuality violence and the future Examples of socio historical perspectives set the broader historical and

cultural contexts for each of the topics By juxtaposing the socio historical and thematic discussions he places the biblical notions in their historical development and societal manifestations The discussions also combine broader thematic emphases with attention to specific biblical texts while keeping the technical details to a minimum Through theological engagement Premnath draws implications from biblical ideas for contemporary faith and practice He also addresses some tough questions of biblical interpretation and offers suggestions for dealing with difficult biblical texts *Studies in the New Testament,*

Volume 4: Midrash, the Composition of Gospels, and Discipline J.D.M. Derrett, 2023-10-09 **The Resurrection Effect**

Transforming Christian Life and Thought Kelly, Anthony J., 2014-04-10 What difference should the resurrection of the crucified Jesus make to Christian thought to our sense of the cosmos and our understanding of humanity itself Despite the centrality of the resurrection in the New Testament and the Creed the practical answer of many Christians might be not much In this light Anthony Kelly sets out to affirm the resurrection as the living center of Christian life and the basis for its theological methods and themes Without the resurrection he writes hope would be a repressive optimism or an accommodation to routine despair Acknowledging that the resurrection like a work of art eludes any single point of view Kelly shows why it remains the key to Gods relationship to Jesus and ourselves the most critical horizon from which to grasp the meaning and pattern of life and the basis of our ultimate hopes **Proclamation and Celebration** Susan K.

Hedahl, 2012-01-01 Proclamation and Celebration focuses homiletically on the six principal festivals of the church year Christmas Epiphany Easter Ascension Pentecost and Holy Trinity Central to the complicated development of lectionaries over the centuries these festivals have anchored the church year primarily because they are specifically enunciated in biblical materials Susan Hedahl argues for the importance of viewing these festivals both as a unit and individually from a doctrinal perspective in light of the dynamic and theological expressions of God s lively relationship with humanity Exploring the possibilities in the biblical narratives that ground each festival Hedahl helps the preacher create sermons that find joyous resonance in the liturgical spiritual ecumenical theological cultural and educational activities of congregational life After an initial introduction to the festivals as a group six chapters address each specific festival describing the history biblical texts doctrines cultural issues and possibilities attendant on the festival Throughout the book Hedahl uses sermon excerpts by many preachers to illustrate strategies choosing materials from a wide range of times styles and cultures Publisher description **The Death and Resurrection of a Coherent Literature Curriculum** Sandra Stotsky, 2012-06-14 This book

is addressed to teachers who know that the secondary literature curriculum in our public schools is in shambles Unless experienced and well read English teachers can develop coherent and increasingly demanding literature curricula in their schools average high school students will remain at about the fifth or sixth grade reading level where they now are to judge from several independent sources This book seeks to challenge education policy makers test developers and educators who discourage the assignment of appropriately difficult works to high school students and make construction of a coherent

literature curriculum impossible It first traces the history of the literature curriculum in our middle schools and high schools and shows how it has been diminished and distorted in the past half century It then offers examples of coherent literature curricula and spells out the cognitive principles upon which coherence is based Finally it suggests what English teachers in our public schools could do to develop a literature curriculum that gives all their students an adequate basis for participation in an English speaking civic culture

Aristotle in Aquinas's Theology Gilles Emery, Matthew Levering, 2015 Aristotle in Aquinas's Theology explores the role of Aristotelian concepts principles and themes in Thomas Aquinas's theology Each chapter investigates the significance of Aquinas's theological reception of Aristotle in a central theological domain the Trinity the angels soul and body the Mosaic law grace charity justice contemplation and action Christ and the sacraments In general the essays focus on the Summa theologiae but some range more widely in Aquinas's corpus For some time it has above all been the influence of Aristotle on Aquinas's philosophy that has been the centre of attention Perhaps in reaction to philosophical neo Thomism or perhaps because this Aristotelian influence appears no longer necessary to demonstrate the role of Aristotle in Aquinas's theology presently receives less theological attention than does Aquinas's use of other authorities whether Scripture or particular Fathers especially in domains outside of theological ethics Indeed in some theological circles the influence of Aristotle upon Aquinas's theology is no longer well understood Readers will encounter here the great Aristotelian themes such as act and potency God as pure act substance and accidents power and generation change and motion fourfold causality form and matter hylomorphic anthropology the structure of intellection the relationship between knowledge and will happiness and friendship habits and virtues contemplation and action politics and justice the best form of government and private property and the common good The ten essays in this book engage Aquinas's reception of Aristotle in his theology from a variety of points of view historical philosophical and constructively theological

Resurrection: Faith or Fact? Carl Stecher, Craig L. Blomberg, 2019-04-09 Is there enough evidence to believe Jesus rose from the dead or must such a judgment be based only on faith Can the resurrection story be considered a fact of history or should it be viewed as an ahistorical account Two renowned professors atheist Carl

Stecher and Christian Craig Blomberg engage in a groundbreaking new debate on these very questions Other experts on the resurrection atheist Richard Carrier and Christian Peter S Williams comment on the outcome Presenting new approaches to these centuries old questions and taking into account the latest scholarly research Resurrection Faith or Fact is a must have not only for all those following the resurrection question but also for those skeptics and Christians alike who are interested in determining for themselves the truth behind this foundational doctrine of the Christian faith **The Resurrection Stories**

Have you ever wondered why Paul leaves the resurrection discussion in 1 Corinthians 15 for the end of the letter Have you pondered how 1 Corinthians 15 functions as the climax to 1 Corinthians This book answers those questions by exploring insinuatio the Greco Roman rhetorical convention used to address prejudiced or controversial topics like resurrection at the end of a discourse This is the most thorough treatment of insinuatio in Biblical and Classical studies to date It examines the Greco Roman rhetorical handbooks and speeches on insinuatio compares them to what Paul does in 1 Corinthians 15 and finds that this was precisely Paul s rhetorical strategy in 1 Corinthians **A Thematic Access-Oriented Bibliography of**

Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection. Present-day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus. The literature measures well over seven thousand sources in English language books alone. This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task. Even when a specific book is relevant, finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort. A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways. First, the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty-four subcategories which are designed to help you find the most relevant literature quickly and efficiently. Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views: theistic (e.g., Christian, Jewish, Muslim, etc.), agnostic, and nontheistic. The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives, allowing you to browse or find the one source accurately and with ease.

Death until Resurrection Joseph Saligoe, 2020-03-11 What really happens to the soul when people die? This groundbreaking book may appeal both to Luther experts and to those who know little about the Reformer. It demonstrates that Luther constantly taught over the last twenty-four years of his life that death is like an unconscious sleep. It also shows why this matters today for Christians. *Death until Resurrection* is a great first step in understanding God's plan for renewal of the creation that can alleviate our common fears about death. Seeing what exactly the scriptural writers meant regarding death as interpreted by one of the most prominent church leaders ever also provides the benefit of helping us better understand core doctrines such as our resurrection, the nature of hell, and eternal life through salvation. This book offers that which very few writers on Luther have done: an explanation that can unravel his apparent contradictions and the Luther paradox on the nature of death and the soul using Luther's own words scattered throughout his voluminous writings. Learn which group of widely acclaimed authors or experts on Luther was correct about what Luther believed about death. Lohse and George or Althaus and Thiselton.

Resurrection as Salvation Thomas D. McGlothlin, 2018-08-02 This book shows how Paul's tight link between resurrection and salvation both raised problems for and profoundly shaped Early Christian theology.

[On the Resurrection, Volume 1](#) Gary Habermas, 2024-01-15 The first volume of Gary Habermas's magnum opus *On the Resurrection: Evidences* represents the culmination of fifty years of research on the probability of Jesus's resurrection. Using his minimal facts argument, Habermas demonstrates why we ought to trust the biblical and historical testimony of Scripture regarding the resurrection. This book is a must-read for pastors, students, and scholars interested in the historical evidence for the resurrection of Jesus Christ.

Judaism in Late Antiquity 4. Death, Life-After-Death, Resurrection and The World-to-Come in the Judaism of Antiquity Alan Avery-Peck, Jacob Neusner, 2015-11-02 Thirteen foremost scholars describe the views of death, life after death, resurrection,

and the world to come set forth in the literary evidence for late antique Judaism The volume covers the view of Scripture as a whole as against other Israelite writings distinct parts of Scripture such as Psalms and the Wisdom literature apocalyptic and the non apocalyptic pseudepigraphic literature Philo Josephus the Dead Sea Scrolls earliest Christianity the Gospels in particular the Rabbinic sources the Palestinian Targums to the Pentateuch and out of material culture the inscriptional evidence The result is both to highlight the range of available perspectives on this important issue and to illuminate a central problem in the study of Judaism in late antiquity phrased neatly as One Judaism or many Here we place on display indicative components of Judaism in their full diversity leaving it for readers to determine whether the notion of a single coherent religion falls under the weight of a mass of documentary contradictions or whether an inner harmony shines forth from a repertoire of largely shared and only superficially diverse data
