The Fourth Of Pistis Sophia:

The Melchizedek Tradition Fred L. Horton Jr.,2005-08-22 Why was Melchizedek a minor figure selected to represent the priesthood of Christ in the Epistle to the Hebrews *The Woman Jesus Loved* Antti Marjanen,2020-10-26 This is the first comprehensive study on Mary Magdalene in those second and third century Gnostic texts in which Jesus most famous female follower gains a prominent position Special attention is paid to the way Mary is presented in relation to other disciples and to how her portrait pertains to gender imagery used in the writings Detailed text analyses based on a careful philological study show that no uniform picture and use of the figure of Mary can be traced Contrary to a common supposition the book also demonstrates that the positive view of Mary displayed in the texts does not automatically imply a positive attitude towards women in general The work provides a basis for all further discussion of Mary Magdalene in the Nag Hammadi and related documents *The Seductiveness of Jewish Myth* S. Daniel Breslauer,2012-02-01 The Seductiveness of Jewish Myth offers a panorama of diverse definitions of myth understandings of Judaism and competing evaluations of the mythic element in religion The contributors focus on the problem of defining myth as a category in religious studies examine modern religion and the role of myth in a secularized world and look at specific cases of Jewish myth from biblical through modern times

Encyclopaedia of Religion and Ethics James Hastings,John Alexander Selbie,Louis Herbert Gray,1928 **The Expository Times** James Hastings,Ann Wilson Hastings,Edward Hastings,1910 *The Egyptian Elements in the Legend of the Body and Soul ...* Louise Dudley,1911 *Biblical Essays* Joseph Barber Lightfoot,1893 *Nag Hammadi, Gnosticism, and Early Christianity* Charles W. Hedrick,Robert Hodgson,2005-10-17 This book acquaints the beginner with the topic of gnosticism and early Christianity and presents to the specialist some of the new frontiers their colleagues are exploring For the beginner there is a concise introduction to gnosticism It covers the issues of origin literature leading ideas and possible links with early Christianity Each contributor has prepared a preface to his or her paper that points to its salient features and explains how the essay fits into the overall subject of the book from the Preface *Frangements of a Faith Forgotten* G.R.S. Mead,2017-08-02 The writing of the present work has been a congenial task to Mr Mead and he has brought to bear lovingly and zealously upon the portraiture of the figure of Christ and of early Christianity all the knowledge which a deep study of Oriental religions from their emotional side could furnish The outset that there is very little of what is commonly regarded as the Theosophic method apparent in the work which is the product of a scholarly though withal very devotional spirit Mr Mead s aim has been to enable the reader to obtain a glimpse of a world of which he has never heard at school and of which no word is ever breathed from the pulpit to take him away from the pictures which the rationalists and the apologists have presented and to enable him to obtain an unimpeded view of that wonderful panorama of religious strife which the first two centuries of our era presented He will here see a religious world of immense activity a vast upheaval of thought and a strenuousness of religious endeavor to which the history of the Western world gives no parallel Thousands of schools and

communities on every hand striving and contending a vast freedom of thought a mighty effort to live the religious life Here he finds innumerable points of contact with other religions he moves in an atmosphere of freedom of which he has previously had no experience in Christian tradition Who are all these people not fishermen and slaves and the poor and destitute though those are striving too but these men of learning and ascetic life saints and sages as much as many others to whom the name has been given with far less reason The Beloved Disciple in Conflict? Ismo Dunderberg,2006-04-27 Could it be that the Gospel of John was written in response to the Gospel of Thomas an early collection of Jesus s sayings Or was the enigmatic Beloved Disciple in John s Gospel in fact Thomas Ismo Dunderberg provides a critical examination of these theories *The Dragon in Medieval East Christian and Islamic Art* Sara Kuehn,2011-07-12 This book is a pioneering work on a key iconographic motif that of the dragon It examines the perception of this complex multifaceted motif within the overall intellectual and visual universe of the medieval Irano Turkish world Using a broadly comparative approach the author explores the ever shifting semantics of the dragon motif as it emerges in neighbouring Muslim and non Muslim cultures The book will be of particular interest to those concerned with the relationship between the pre Islamic Islamic and Eastern Christian especially Armenian world The study is fully illustrated with 209 b w and full colour plates many of previously unpublished material Illustrations include photographs of architectural structures visited by the author as well as a vast collection of artefacts all of which are described and discussed in detail with inscription readings historical data and textual sources **The Expository Times** ,1910 Encyclopaedia of Religion and Ethics: Picts-Sacraments James Hastings,John Alexander Selbie,1919 The Nag Hammadi Story (2 vols.) James M. Robinson,2014-06-05 The Nag Hammadi Story is not a history of research in the usual sense of a Forschungsbericht which would report on the massive amount of scholarship that has been devoted to the content of the Nag Hammadi Codices for more than a half century Rather it is a socio historical narration of just what went on during the thirty two years from their discovery late in 1945 via their initial trafficking and then the attempts to monopolize them until finally through the intervention of UNESCO the whole collection of thirteen Codices was published in facsimiles and in English translation both completed late in 1977 Gnostic Religion in Antiquity R. van den Broek,2013-01-24 An examination of Gnostic religion in Late Antiquity within its historical and religious context using Greek Latin and Coptic sources **Gospel Women** Richard Buckham,2002-05-15 This unique approach reveals that there is much more to be known about biblical women than previous studies have assumed Employing historical and literary readings of the biblical texts Bauckham successfully captures the particularity of each woman he studies The Classical Review ,1916 This companion to the Classical Quarterly contains reviews of new work dealing with the literatures and civilizations of ancient Greece and Rome Over 300 books are reviewed each year **Christian Monasticism in Egypt to the Close of the Fourth Century** William Herbert Mackean,1920 **New Testament Apocrypha** Wilhelm Schneemelcher,Robert McLachlan Wilson,2005-07-28 Translation of Neutestamentliche Apokryphen *Surrealist Sorcery*

Will Atkin, 2023-08-10 Often regarded as an artistic movement of interwar Paris Surrealism comprised an international community of artists writers and intellectuals who have aspired to change the conditions of life itself over the course of the past century Consisting of a wide range of dedicated case studies from the 1920s to the 1970s this book highlights the international dimensions of the Surrealist Movement and the radical chains of thought that linked its followers across the globe from France to Romania and from Canada to the former Czechoslovakia From very early on the surrealists approached magic as a means of bypassing discrediting and combatting rationalism capitalism and other institutionalized systems and values that they saw to be constraining influences upon modern life Surrealist Sorcery maps out how this interest in magic developed into a major area of surrealist research that led not only to theoretical but also practical explorations of the subject Taking an international perspective Atkin surveys this important quality of the movement and how it s remained an important element in the surrealist project and its ongoing legacy
