The Introduction of Printing Into Canada Aegidius Fauteux, 1929      **The Old Oregon Country** Oscar Osburn Winther, 1950-01-01 The Pacific Northwest the old Oregon country was one of the most remote and inaccessible frontier areas but it was also known to be rich in natural resources The opening up of this region is a story of courage endurance and pioneer enterprise Transportation in this rugged country was a problem to the settlers who would promote commerce and travel just as it was a problem to the earlier fur traders The construction of roads and development of water routes progressed through the years until the railroad finally came to the Northwest but at no time did the scarcity of roads prevent settlers from pushing back the frontier Here the whole story of travel and travelers in this region is told for the first time The book is based largely on primary sources and as such is a contribution to history As an account of courage and ingenuity transportation monopoly against transportation monopoly and man versus nature it is fascinating reading University Professor of History at Indiana University O O Winther is the author of Express and Stagecoach Days in California and Via Western Express and Stagecoach      **Ghost Towns & Mining Camps of Vancouver Island** Thomas William Paterson, Garnet Basque, 1999 Leechtown Wellington Bevan Kildonan Fort Rupert Cape Scott Vancouver Island s ghost towns dot the Island from its southern end to its northern tip and their stories chart the boom and bust of the resource economy that still characterizes the region Well illustrated with maps and an abundance of photos archival and modern Ghost Towns Mining Camps of Vancouver Island is filled with tales of the famous and the not so famous The Dunsmuirs appear throughout the book but so do the First Nations who lived here first and the many European and Asian settlers who were drawn by the promise of wealth and land      Overland from Canada to British Columbia Joanne Leduc, 2011-11-01 Spurred on by reports of gold in the Cariboo adventurers from all over the world descended on British Columbia in the mid 1800s Among them were ambitious easterners who accepted the challenge of the shorter but more arduous overland route across the prairies and the

Rockies One such man determined to find his fortune in the West was Thomas McMicking destined to lead the largest and best organized group of Overlanders into British Columbia His record of their epic journey is a valuable historical document that possesses the universal appeal of an adventure story McMicking presents a vivid image of the hardships of the overland route the dangers both real and imagined like the apparently threatening Plains Indians who turned out to be our best friends facts about important officials and settlements and scientific observations of the physical environment But this is also a very human document that describes a journey of self discovery revealing a sensitive man s encounter with a bountiful and beautiful yet hostile and alien land The journal is augmented by a valuable introduction appendices on the Overlanders trail and the McMicking family and biographical sketches of many of the men who later played prominent roles in British Columbia s development and whose descendants became some of the province s best known leaders and families It is also enriched by the pictorial records of William Hind a major Canadian painter who became known as the expedition artist Drawing on much previously unavailable material as well as on traditional sources the editor has created a comprehensive historical framework for this unique document

*The Golden Frontier* Herman Francis Reinhart, 2014-08-27 The gold rush was Herman Francis Reinhart s life for almost twenty years From the summer of 1851 when as a boy in his late teens he traveled the Oregon trail to California until a January day in 1869 when he climbed aboard an eastbound train at Evanston Wyoming he was a part of every gold discovery that stirred the West Reinhart dipped his pan in the streams of northern California and western Oregon in Humbug Creek Indian Creek Rogue River and Sucker Creek He made the arduous and dangerous overland journey through Indian occupied western Washington and British Columbia to find the Fraser River gold even more elusive than that farther south With his teams and wagons he traversed all of the inland mine areas from Walla Walla to Fort Benton from Boise Basin to South Pass City Reinhart s German common sense soon turned him from actual mining to other sources of income but whatever his labor was the mines were always the focal point of his activities When he operated a bakery and saloon it was a business whose customers were miners whose transactions were more likely to involve gold dust than legal tender and whose gambling tables saw the exchange of mining fortunes When he operated a whipsaw mill the timbers cut there were used by miners for sluices and cradles For a while Reinhart farmed but planting and harvesting suffered from interruption by frequent expeditions to the mines And when he prospered as a teamster it was to and from the mining towns that he hauled passengers supplies and equipment The men who like Herman Francis Reinhart hopefully followed the golden frontier were not an articulate group and the written records of their lives are few and fragmentary But Reinhart in his later years recorded his experiences in five long narrow hardback ledgers Many years after he died his daughter gave the ledgers to a friend in Chanute Kansas Nora Cunningham who read the narrative became fascinated by it and typed it for publication Reinhart s account written in a grammar and language all his own is not a record of the historian s West but of the West of the individual miner The pages are filled with the details of day to day life of the

miners the subjects that interested them the problems that plagued them their fun and feuding their frustrations and hopes Edited by an authority of the history of the West it is a book that will offer exciting reading to casual readers and scholars alike
