The Freak Within:

Freak Show Legacies Gary S. Cross, 2021-05-06 Society has long been fascinated with the freakish shocking and strange In this book Gary Cross shows how freakish elements have been embedded in modern popular culture over the course of the 20th century despite the evident disenchantment with this once widespread cultural outlet Exploring how the spectacle of freakishness conflicted with genteel culture he shows how the condemnation of the freak show by middle class America led to a transformation and merging of genteel and freak culture through the cute the camp and the creepy Though the carnival and circus freak was marginalised by the 1960s and had largely disappeared by the 1980s forms of freakish culture survived and today appear in reality TV horror movies dark comedies and the popularity of tattoos *Freak Show Legacies* will focus less on the individual freak as the other in society and more on the audience for the freakish and the transformation of wonder sensibility and sensitivity that this phenomenon entailed It will use the phenomenon of the freak to understand the transformation of American popular culture across the 20th century identify elements of the freak in popular culture both past and present and ask how it has prevailed despite its apparent unpopularity *The Big Top on the Big Screen* Teresa Cutler-Broyles, 2020-01-10 Circuses and film are a natural pairing and the new essays making up this volume begin the exploration of how these two forms of entertainment have often worked together to create a spectacle of onscreen alchemy The films discussed herein are an eclectic group ranging from early silent comedies to animated 21st century examples in which circuses serve as liminal or carnivalesque spaces wherein characters and by extension audience members can confront issues as far reaching as labor relations sensuality identity ethics and more The circus as discussed in these essays encompasses the big top the midway the sideshow and the freak show it becomes backdrop character catalyst and setting and it is welcoming malicious or terrifying Circus performers are family friends foe or all of the above And film is the medium that brings it all together This volume starts the conversation about how circuses and film can combine to form productive exciting spaces where almost anything can happen **The Electric Woman** Tessa Fontaine, 2018-05-01 A New York Times Editors Choice A Southern Living Best Book of 2018 An Amazon Editors Best Book of 2018 A Refinery29 Best Book of 2018 A New York Post Most Unforgettable Book of 2018 Fascinating Vogue This is the story of a daughter and her mother It s also a memoir a love story and a tale of high flying stunts An adventure toward and through fear Southern Living Tessa Fontaine s astonishing memoir of pushing past fear *The Electric Woman* follows the author on a life affirming journey of loss and self discovery through her time on the road with the last traveling American sideshow and her relationship with an adventurous spirited mother Turns out one lesson applies to living through illness keeping the show on the road letting go of the person you love most and eating fire The trick is there is no trick You eat fire by eating fire Two journeys a daughter s and a mother s bear witness to this lesson in *The Electric Woman* For three years Tessa Fontaine lived in a constant state of emergency as her mother battled stroke after stroke But hospitals wheelchairs and loss of language couldn t hold back such

relationship between fact and fiction bolstered by the discourses of fake news and alternative facts has not only drawn attention to the shattering of any notion of shared reality but has also forced a reexamination of the purpose and value of literature especially when considering its troubled relation to the representation of America The authors in this collection respond to the invitation to reassess the workings of fiction and critique in an age of Trumpism by considering some of the most recent literary responses to the new American realities including works by Colson Whitehead Ben Winters Claudia Rankine Gary Shteyngart Jennifer Egan and Steve Erickson to name but a few some of which were composed in the run up to the 2016 election but were able to accurately and incisively imagine the world to come

The Palgrave Handbook of Steam Age Gothic Clive Bloom, 2021-02-03 By the early 1830s the old school of Gothic literature was exhausted Late Romanticism emphasising as it did the uncertainties of personality and imagination gave it a new lease of life Gothic the literature of disturbance and uncertainty now produced works that reflected domestic fears sexual crimes drug filled hallucinations the terrible secrets of middle class marriage imperial horror at alien invasion occult demonism and the insanity of psychopaths It was from the 1830s onwards that the old gothic castle gave way to the country house drawing room the dungeon was displaced by the sewers of the city and the villains of early novels became the familiar figures of Dr Jekyll and Mr Hyde Dracula Dorian Grey and Jack the Ripper After the death of Prince Albert 1861 the Gothic became darker more morbid obsessed with demonic lovers blood sucking ghouls blood stained murderers and deranged doctors Whilst the gothic architecture of the Houses of Parliament and the new Puginesque churches upheld a Victorian ideal of sobriety Christianity and imperial destiny Gothic literature filled these new spaces with a dread that spread like a plague to America France Germany and even Russia From 1830 to 1914 the period covered by this volume we saw the emergence of the greats of Gothic literature and the supernatural from Edgar Allan Poe to Emily Bronte from Sheridan Le Fanu to Bram Stoker and Robert Louis Stevenson Contributors also examine the fin de siècle

dreamers of decadence such as Arthur Machen M P Shiel and Vernon Lee and their obsession with the occult folklore spiritualism revenants ghostly apparitions and cosmic annihilation This volume explores the period through the prism of architectural history urban studies feminism hauntology and much more Horror as Poe teaches us is the soul of the plot

Sexuality at the Fin de Siècle Peter Maxwell Cryle, Christopher E. Forth, 2008 It has come to be widely accepted that sexuality as we know it took shape at the end of the nineteenth century This is when Krafft Ebing asserted that sexual feeling is really the root of all ethics and no doubt of aestheticism and religion and Havelock Ellis declared sexuality to be the central problem of life Yet however self evident Ellis s claim about sexuality might seem the act of placing something at the center is the consequence of insistent cultural work that engages with competing views about bodies and indeed about the life of society This volume examines how this work was carried out and what resulted from such efforts BOOK JACKET

Sex and Sexuality in Modern Southern Culture Trent Brown, 2017-09-18 In the American imagination the South is a place both sexually open and closed outwardly chaste and inwardly sultry Sex and Sexuality in Modern Southern Culture demonstrates that there is no central theme that encompasses sex in the U S South but rather a rich variety of manifestations and embodiments influenced by race gender history and social and political forces The twelve essays in this volume shine a particularly bright light on the significance of race in shaping the history of southern sexuality primarily in the period since World War II Francesca Gamber discusses the politics of interracial sex during the national civil rights movement while Katherine Henninger and Rich Richardson each consider the intersections of race and sexuality in the blaxploitation film Mandingo and the comedy of Steve Harvey respectively Political and religious regulation of sexual behavior also receives attention in Claire Strom s essay on venereal disease treatment in wartime Florida Stephanie M Chalifoux s examination of prostitution networks in Alabama Krystal Humphreys s piece on purity culture in modern Christianity and Whitney Strub s essay delving into the sexual politics of the Memphis Deep Throat trials Specific places in the South figure prominently in Jerry Watkins s essay on queer sex in the Redneck Riviera of northern Florida Richard Hourigan s exploration of bachelor parties in Myrtle Beach and Matt Miller s piece on African American spring break celebrations in Atlanta Finally Abigail Parsons and Trent Brown investigate southern portrayals of gender and sexuality in the fiction of Fannie Flagg and Larry Brown Above all Sex and Sexuality in Modern Southern Culture demonstrates that sex has been a fluid and resilient force operating across multiple discourses and practices in the contemporary South and remains a vital component in the perception of a culturally complex region

Freaks in Late Modernist American Culture Nancy Bombaci, 2006 Freaks in Late Modernist American Culture explores the emergence of what Nancy Bombaci terms late modernist freakish aesthetics a creative fusion of high and low themes and forms in relation to distorted bodies Literary and cinematic texts about freaks by Nathanael West Djuna Barnes Tod Browning and Carson McCullers subvert and reinvent modern progress narratives in order to challenge high modernist literary and social ideologies These works are marked by an acceptance of the disteleology anarchy and degeneration that racist discourses of the late nineteenth and early twentieth centuries associated with racial and ethnic outsiders particularly Jews In a period of American culture beset with increasing pressures for social and political conformity and with the threat of

fascism from Europe these late modernist narratives about freaks defy oppressive norms and values as they search for an anarchic and transformational creativity *Midgetism* Erin Pritchard,2023-04-14 There exist problematic attitudes and beliefs about dwarfism that have rarely been challenged but continue to construct people with dwarfism as an inferior group within society This book introduces the critical term midgetism which the author has coined to demonstrate that the socio cultural discrimination people with dwarfism experience is influenced by both heightism and disablism As a result it unpacks and challenges the problematic social assumptions that reinforce midgetism within society including the acceptability of midget entertainment and non normate space to demonstrate how particular spaces can either aid in reinforcing or challenge midgetism Drawing on the tripartite model of disability this book demonstrates how midget entertainment is framed as a non normative positivism which makes it an acceptable form of employment Using autocritical discourse analysis the book exposes examines and responds to excuses that are used to reinforce midgetism thus critiquing the numerous beliefs influenced by cultural representations of dwarfism such as people with dwarfism being acceptable figures of entertainment It will be of interest to all scholars and students of disability studies social history sociology and cultural geography **The Megarhetorics of Global Development** Rebecca Dingo,J. essential reference point providing international coverage and thematic richness The chapters examine the real and imagined spaces of the prison and perhaps more importantly dwell in the uncertain space between them The modern fixation with seeing inside prison from the outside has prompted a proliferation of media visions of incarceration from high minded and worthy to voyeuristic and unrealistic In this handbook the editors bring together a huge breadth of disparate issues including women in prison the view from inside prisons as a source of entertainment the real worlds of prison and issues of race and gender The handbook will inform students and lecturers of media film popular culture gender and cultural studies as well as scholars of criminology and justice *Analysing Gender in Performance* J. Standing in the Shadows of Street Legends Vernon Lucas, 2010-06-01 I have heard it said that we all shall pay for the sins of the father Someone once told me that when the next generation has it rough its because they are reaping what the generation before them has sowed This is what Creole people would call Blood Magic in the Basement or so Ive been told I am Vernon Lucas II and my father was a kingpin in the heroin drug trade I cant say that my adult life has been easy but at least as a child I never really wanted for anything Ive been told that since my family has helped to poison many people in America with illegal drugs that I was cursed to suffer in my adult life for their sins I almost believed that for a time I felt very restless in my adult life and very few goals that I set for myself ever worked out for me I felt ashamed and even embarrassed by my family until I began to research the reasons why they did what they did in the first place My father and his brothers came from very humble beginnings His mother my Grandmother was a field hand housewife and her husband my Grandfather was a share cropper as well as a bootlegger They lived loved and struggled in the segregated south of the early 1900s There have been rumors about how mean my Grandfather was but by the time I had to live with him he was much kinder and gentler My Fathers brother Frank Lucas was at least 20 years older than he was so it was natural for him to look up to my Uncle Frank as not only an older brother but also as somewhat of a Father figure Frank left home at a very early age to make his own way in life and turned to a life of crime out of necessity He became one of the best at what he did It was

just a matter of time before my father eventually followed in his footsteps I am by no means condoning what they did in the 60s the chicken or the egg Meaning Was my lifes emotional instability inherited or was it caused by the way I had to live You be the judge I am hoping this autobiography serves some as a manual as well as entertainment through self education So in synopsis what Im trying to convey is that the Lucas family is so much more than this gangster image
