The upcoming YA book festival at the Bodie Island Lighthouse Library is bringing in renowned authors from all over the world. When best-selling author Todd Harrison unexpectedly visits librarian Lucy McNeil at her Outer Banks beach house after a meeting, she is puzzled by his presence since they're virtually strangers. After she steps inside to get him a drink, she's shocked to discover that he's been murdered on her deck in the few minutes she left him alone. Not knowing why he wanted to meet with her in private or how someone managed to kill him in the time it takes to make lemonade, Lucy is determined to help with the investigation and figure out what happened. When Heather Harrison, Todd's widow, shows up in town, her motivations aren't inspired by grief. She's intending to use her husband's tragic death to launch her candidacy for state senator and her first order of business is to go after the local police force and Lucy herself. Caught between an intrusive fan club mourning Todd, squabbling authors fighting for prominence in his absence and a politically ruthless widow, Lucy must roll up her sleeves and catch the killer before the chapter closes on justice.
