Norris's work shows that for early Christians this text was counted with the Psalms and the Gospels among those Scriptures that touched most deeply on the believer's relation to God. All in all, Norris's Song of Songs is a masterful work that aptly acquaints contemporary readers with the church's traditional way of discerning in this text a guide to the character of Christian belief and life. This volume and the entire Church's Bible series will be welcomed by preachers, teachers, students and general readers alike.

Love's Privilege Stella M. Düring, 1909 Communication, Love, and Death in Homer and Virgil Stephen Ridd, 2017-08-24

Homer's Iliad and Odyssey and Virgil's Aeneid are three of the most important and influential works of Western classical literature. Although they differ in subject matter and authorship, these epic poems share a common purpose: to tell the deeds both of men and of the gods. Written in an accessible style and ideally suited for classroom use, *Communication, Love, and Death in Homer and Virgil* offers a unique comparative analysis of these classic works. As author Stephen Ridd explains, the common themes of communication, love, and death respond to deeply ingrained human needs and are therefore of perennial interest. Presenting select passages from the original Greek and Latin texts translated here into modern English, Ridd explores in detail how the characters within the poems communicate on these subjects with one another as well as with the reader. Individual chapters focus on subjects such as the traditions of singing and storytelling, relationships between sons and mothers, the role of Helen of Troy and her ties to the men in her life, and communication with the dead. Throughout his analysis, Ridd treats the three poems on an equal basis, revealing similarities and differences in their handling of prevalent themes. By introducing readers to a new way of reading these abiding classics, *Communication, Love, and Death in Homer and Virgil* enhances our appreciation of the imaginative world of ancient Greek and Roman epic poetry.

Love Letters of Famous Poets and Novelists Lionel Strachey, 1909 **Love, Death, Chariot of Fire** Winton Higgins, 2020-05-13

Reg Mitchell is a modest, decent man with a gift for designing fast aeroplanes. Two horrors seek him out: terminal illness and Nazi Germany's predicted invasion of his country. His response will change the course of world history. Here is a splendid love story of a maker for machines: an inventor's single-minded devotion to his imperilled country and to the fighter plane that he hopes will save it. Winton Higgins handles the origin story of the Spitfire with the surefootedness of the historian and eloquence of the poet. His drama of creation is made all the more poignant by its backdrop of destruction: the collective destruction of war and the personal destruction of the cancer that Mitchell attempts to outpace just long enough to get the job done.

Sara Knox, author of *The Orphan Gunner*: If you love aeroplanes and even if you don't, this book is a must. There is a saying among pilots: if it looks good, it will fly well, and there can be no better example than the Supermarine Spitfire, the graceful and deadly British superhero of World War II. The Spitfire evolved into a fighter plane that could outclimb, outrun, outturn, and outfight anything in the sky. Pilots didn't like the Spitfire; they loved it. Winton Higgins has written a fluent and brilliantly researched story of the Spitfire's designer, Reg Mitchell, and the creation of a unique classic aircraft.
