Future Now Christian Aligba,2016-10-14 In this short book I have attempted to inspire and initiate a collective awakening to new possibilities that borders on a different path for African leadership urgently needed to close the sickening gap between the recent past and Africa's prodigious future Chapter One tries to deliberate on the repulsive legacy of the typical African leadership and the case for change In Chapter Two I attempt to discuss the imperative to fan the embers of the Afrocentric leadership revolution that has begun already Chapter Three briefly explores the need to embrace an education archetype for leadership in Africa one that posits a binary view or philosophy I call Heart x Mind where education is not exaggeratedly reliant on cognitive abilities or superior academic achievements but one that is proselytised in sound value systems You will certainly enjoy reading this book It's quick vivid provocative and immersive More importantly it's beautifully written intimately reported and passionately argued

Loux, 2001 *Metaphysics Contemporary Readings* is a comprehensive anthology that draws together leading philosophers writing on the major themes in Metaphysics Chapter sections cover Universals Particulars Modality and Possible Worlds Causation Time and Realism and Anti Realism The readings are designed to complement Michael Loux's *Metaphysics A Contemporary Introduction* 2nd Edition **Facing the Future** Nuel Belnap, Michael Perloff, Ming Xu, 2001-08-02 Here is an important new theory of human action a theory that assumes actions are founded on choices made by agents who face an open future It is a theory that makes indeterminism not only intelligible but illuminating Tools from philosophy of language and philosophical logic help generate a full scale account of agents seeing to it that The authors then proceed to clarify a variety of action related topics such as determinism vs indeterminism imperatives promises strategies joint agency could have done otherwise deontic constructions and assertions about a not yet settled future *The Future Knowledge Compendium* Peter Ellyard, 2023-03-03 **THRIVING IN THE 21ST CENTURY** Humans have a unique capability to both understand their situation in the world and to envision and act to realise their aspirations in the emerging world And most of us would welcome knowing how we can become ever more skilful at both understanding and shaping the future of our emerging world so that we can thrive in it The 21st century is very different from the 20th century Globalisation the greatest economic prosperity uplifting machine humanity has ever invented and mass education are combining to sweep humanity into an emerging interdependent global village It is creating a global educated middle class that will number 5 billion in 2030 In this emerging world a world where our future prosperity will be increasingly based on metaphysical wealth on what we know 20th century nation first competitive win lose mindsets and agendas can no longer work These now yesteryear mindsets will instead undermine our best endeavours including making our future ever more climate and pandemic safe Humanity is now beginning to learn that it now has no option but to adopt planet first collaborative win win values and mindsets if it wishes to shape our emerging global village so that it can become liveable for all ever more prosperous harmonious inclusive sustainable healthy and secure Meeting these challenges successfully will require that humanity innovates for itself a new future knowledge curriculum so that it can economically thrive in a sustainable and humane manner Peter Ellyard has asked the question what would be the contents of such a curriculum In *The Future Knowledge Compendium A Curriculum for Thriving in the 21st Century* he has sought to answer this question *Jesus of the Future* Alexander C. Parker, 2013-10 *Jesus of the Future* is a novel presenting a totally different option for stories about God and Jesus it takes you through a fictional creation and several well know Bible stories Each provides a different view from what you find in the Holy Bible but with a somewhat same conclusion there is an extensive disclaimer that acknowledges the Holy Bible as true and that no part of the novel is to take the place of the actual Word of God as is in the Holy Bible There is an extraterrestrial portion in which a human man and a visitor from another world become friends from this comes the ability to create the first and totally genetically artificial life form which becomes Jesus

Another section describes how Jesus is born is raised lives and dies it offers a continuous message of salvation Again it presents a totally different way for Jesus to have lived even so He does die for the sins of mankind by crucifixion and the final part tells of the return and promise of everlasting life This work of fiction provides direct firm clear direction for becoming a born again Christian There is a very clear message on the promised return of Jesus Christ This is the first of a planned series The second volume will be titled The Book of Short Stories and will tell how God worked in the lives of different people
