**Sylvia Ellis**

## **The GIs The Americans In Britain 1942 1945:**

**The G.I.'s** Norman Longmate,1975      **Rich Relations** David Reynolds,1995 The fascinating social and political history of a time when a million and a half American servicemen crowded onto a small island training and waiting for a conflict which would eventually cost many of them their lives A superb job of telling one of the most fascinating stories of World War II Stephen E Ambrose 16 pages of photos maps charts and political cartoons Index      *The forgotten French* Nicholas Atkin,2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license It is widely assumed that the French in the British Isles during the Second World War were fully fledged supporters of General de Gaulle and that across the channel at least the French were a nation of resisters This study reveals that most exiles were on British soil by chance rather than by design and that many were not sure whether to stay Overlooked by historians who have concentrated on the Free French of de Gaulle these were the Forgotten French refugees swept off the beaches of Dunkirk servicemen held in camps after the Franco German armistice Vichy consular officials left to cater for their compatriots and a sizeable colonist community based mainly in London Drawing on little known archival sources this study examines the hopes and fears of those communities who were bitterly divided among themselves some being attracted to P tain as much as to de Gaulle      The American Occupation of Australia, 1941-45 John McKerrow,2013-07-26 Over 120 000 American troops were stationed in Australia during the Second World War Hundreds of thousands more passed through the country between 1941 and 1945 Because of Japan s conquest of the Philippines in 1942 Australia was transformed into the principle base for the United States Army in the Southwest Pacific This American occupation of an allied country resulted in several areas of tension between friends The examination of these fault lines which have for the most part received little attention from historians is the purpose of this book Jurisdictional and policing disputes and problems between Australian workers and American authorities are examined American personnel committed thousands of crimes during the occupation many of which were notorious How Australians reacted to these crimes and how the American military sought to limit their negative effect on wartime relations is a major focus of this book How the US military tried to protect GIs from prosecution by spiriting them out of Australia is also explored Other areas of tension such as race and gender relations which have been looked at by other historians are examined in a new light this book provides novel insights and challenges the existing historiography with regard to relations between black Americans and Australian civilians How leaders on both sides in particular Douglas MacArthur and John Curtin managed crises and relations between civilians and GIs are studied Sexual relations an area of particular concern for authorities were directed towards short term flings and prostitution In contrast authorities did all they could to discourage long term relations i e marriage Authorities obsessed over interracial sexual relations and doubled efforts to discourage them Conflicts between American personnel and Australian civilians during the occupation did not threaten the alliance against Japan Nevertheless there were myriad problems between allies that led to

friction and ill will These problems demanded management from above

**British Humour and the Second World War** Juliette Pattinson, Linsey Robb, 2023-06-01 This book skilfully combines cutting edge historical research by leading and emerging researchers in the field to investigate the utilization of British humour during the Second World War as well as its legacy in British popular culture Juliette Pattinson and Linsey Robb bring together case studies that address a variety of situations in which humour was generated including wartime jokes films radio cartoons and private drawings as well as post war recollections museum exhibitions and television comedy By adopting an original interpretative framework of various wartime and post war sites this books opens up the possibility for a more variegated richer analysis of Britain s wartime experience and its place thereafter in the cultural imagination Through the lens of humour this book promises to add critical nuance to our understanding of the functioning of British wartime society Covering sources such as The British Cartoon Archive BBC World War II People s War Archive and The Ministry of Information and including analysis of the lasting role of comedy in Britain s memories and depictions of the war the result is a rich addition to existing literature of use to students and scholars studying the cultural history of war

**British Cinema and the Second World War** Robert

Murphy, 2005-08-15 The author provides a decade by decade analysis of every film ever made in Britain about World War II It provides a comprehensive account of how Britain has portrayed the war through films

The Military-State-Society

Symbiosis Peter Karsten, 2013-12-16 These five volumes concern one of the most important institutions in human history the military and the interactions of that institution with the greater society Military systems serve nations they may also reflect them Soldiers are enlisted they may also be said to self select Military units have missions they also have interests In an older more traditional military history while the second reflects a newer approach Although each statement in the pairs may be said to be true the former speak from the framework of the military sciences the latter from the framework of the social and behavioral sciences The military systems of our past differ from one another over time in political origins size missions and technological and tactical fashions but to a great extent their historical experiences have been more noticeably similar than they were different When we ask questions about the recruiting training or motivating of military systems or of those systems interactions with civilian governments and with the greater society as do the essays in these five volumes of reading on The Military and Society we are struck by the almost timeless patterns of continuity and similarity of experience In each of these volumes approximately half of the essays selected deal with the experience in the United States the other half with the experiences of other states and times enabling the reader to engage in comparative analysis

**Historical Dictionary of**

**World War II** Anne Sharp Wells, 2013-12-24 This dictionary covers the complex and costly conflict that began when Germany ruled by Adolf Hitler and the Nazi Party invaded neighboring Poland on 1 September 1939 and concluded when Germany surrendered on 7 9 May 1945 leaving much of the European continent in ruins and its population devastated The war against Germany Italy and the other European Axis members was fought primarily in Europe the Mediterranean the

Middle East East and North Africa and the Atlantic Ocean The Axis powers were defeated by the Allies led by the Grand Alliance of Great Britain the United States and the Union of Soviet Socialist Republics The Historical Dictionary of World War II The War against Germany and Italy relates the history of this war through a chronology an introductory essay maps and photos and an extensive bibliography The dictionary section has more than 300 cross referenced entries on the countries and geographical areas involved in the war as well as the nations remaining neutral wartime alliances and conferences significant civilian and military leaders and major ground naval and air operations This book is an excellent access point for students researchers and anyone wanting to know more about World War II      **A Nation Forged in War** Thomas A.

Bruscino,2013-05-12 World War II shaped the United States in profound ways and this new book the first in the Legacies of War series explores one of the most significant changes it fostered a dramatic increase in ethnic and religious tolerance A Nation Forged in War is the first full length study of how large scale mobilization during the Second World War helped to dissolve longstanding differences among White soldiers of widely divergent backgrounds Never before or since have so many Americans served in the armed forces at one time more than 15 million donned uniforms in the period from 1941 to 1945 Thomas Bruscino explores how these soldiers shared experiences enduring basic training living far from home engaging in combat transformed their views of other ethnic groups and religious traditions He further examines how specific military policies and practices worked to counteract old prejudices and he makes a persuasive case that throwing together men of different regions ethnicities religions and classes not only fostered a greater sense of tolerance but also forged a new American identity When soldiers returned home after the war with these new attitudes they helped reorder what it meant to be white in America Using the presidential campaigns of Al Smith in 1928 and John F Kennedy in 1960 as bookend events Bruscino notes a key change in religious bias Smith s defeat came at the end of a campaign rife with anti Catholic sentiment Kennedy s victory some three decades later proved that such religious bigotry was no longer an insurmountable obstacle Despite such advances Bruscino notes that the growing broad mindedness produced by the war had limits it did not extend to African Americans whose own struggle for equality would dramatically mark the postwar decades Extensively documented A Nation Forged in War is one of the few books on the social and cultural impact of the World War II years Scholars and students of military ethnic social and religious history will be fascinated by this groundbreaking new volume      **Murder**

**Capital** Amy Bell,2016-05-16 Murder Capital is a historical study of unexpected deaths whose circumstances required official investigation in mid twentieth century London Suspicious deaths murders in the family and by strangers infanticides and deaths from illegal abortions reveal moments of personal and communal crisis in the social fabric of the city The intimate details of these crimes revealed in police investigation files newspaper reports and crime scene photographs hint at the fears and desires of people in London before during and after the profound changes brought by the dislocations of the Second World War By setting the institutional ordering of the city against the hidden intimate spaces where crimes occurred and

were discovered the book presents a new popular history of the city in which urban space circumscribed the investigation classification and public perceptions of crime

**American Soldiers Overseas** Anni Baker, 2004-09-30 Over the past 60 years the U S armed forces have created a web of military bases all over the world from Australia to Iceland to Saudi Arabia This is the aspect of military service that the majority of soldiers know and remember Interaction between U S personnel and local populations is almost a given and it is inevitable that the American and host communities will influence each other in numerous ways This book looks at the history and impact of American military communities overseas It discusses how U S bases affected economic and political life in the host communities how host societies shape the profile and activities of military communities and what happens when relations break down Through case studies of communities around the world Baker shows that the U S armed forces have had a surprisingly large impact both positive and negative on the affairs of many but not all host societies including economic revitalization cultural change and sometimes tragic social consequences In not a few cases the U S military presence has become politically controversial on a national level On the other hand many host nations have successfully circumscribed the activities of military communities rendering their potentially disruptive presence almost invisible

In Defence of War Nigel Biggar, 2013-09-12 Against the domination of moral deliberation by rights talk In Defence of War asserts that belligerency can be morally justified even while it is tragic and morally flawed Recovering the early Christian tradition of just war thinking Nigel Biggar argues in favour of aggressive war in punishment of grave injustice

A new focus on...Black Lives in Britain, c.1500–present for KS3 History Robin Whitburn, Abdul Mohamud, 2023-05-31 Meet the people visit the places and hear the stories that do justice to Black British history This is the first school textbook of this century that focuses solely on the history of Black people in Britain and approaches that history with the rigour relevance and extensive research that it deserves

**Diversify your KS3 curriculum**

**Designed to be used flexibly** the book contains enquiries that can be slotted easily into your schemes of work Structured into three key periods with a mix of depth site and thematic enquiries it provides numerous opportunities for you to incorporate Black British history at KS3

**Focus on real people**

**Depth enquiries** examine individual Black lives within different periods from 1500 to present using historical concepts such as causation and significance to explore their stories Unique sources bring the individuals to life and also highlight the complexity of relations between Black and White people in British society

**Understand the importance of place**

**Site enquiries** on London Liverpool Cardiff and Bristol illustrate how crucial Black communities were and are for the flourishing of Black identity

**Look at the big picture**

**Thematic enquiries** on music and sport help pupils to think about change and continuity in the experiences of Black people over the centuries Interludes between enquiries zoom out to show what was going on nationally and globally creating a backdrop to the history of Black lives in Britain

**Trust the experts in this field** The textbooks that belong in your classroom The people and stories that belong in your curriculum Look at topics through a different lens see the past from many perspectives and question traditional narratives

This exciting series comprises three titles on Black Lives in Britain c 1500 present

**From the Battlefield to the Bridal Suite** Barbara G. Friedman, 2007 Friedman reexamines the stories surrounding the influx of British war brides brought back to the United States by American GIs after WWII with a focus on media representations of sexuality and marriage in wartime showing how mass media interpretations turned from public suspicion of war brides to popular acceptance Provided by publisher

**Black Market Britain** Mark Roodhouse, 2013-03-21 The first study of the underground economy in austerity Britain Drawing on a wide range of sources including recently declassified material it reveals the nature and extent of black marketeering in rationed and price controlled goods during the 1940s and early 1950s

**Historical Dictionary of Anglo-American Relations** Sylvia Ellis, 2009-04-13 Anglo American relations have been a crucial factor in international relations for over two centuries For most of that time dealings between Britain and the United States have remained cooperative cordial and supportive In the beginning however relations were confrontational and discordant the two nations waged war against each other twice in the War of Independence and in the War of 1812 and have often disagreed over trade finance and foreign policy This volume demonstrates the changing nature of Anglo American relations and focuses in particular on the strengths and fragilities of the special relationship that developed in the aftermath of the WWII and continues to the present day The Historical Dictionary of Anglo American Relations surveys Anglo American relations from 1607 to the present and covers key events individuals and issues that have played a part in its history Through a chronology an introductory essay a bibliography appendixes and hundreds of cross referenced entries with an emphasis on the political and economic relationship between Britain and the United States but also featuring the cultural links between the two this comprehensive and easily accessible reference tool will delight those interested in the history of these two countries

**The Motherland Calls** Stephen Bourne, 2012-09-01 During the Second World War black volunteers from across the British Empire enthusiastically joined the armed forces and played their part in fighting Nazi Germany and its allies In the air sea and on land they risked their lives yet very little attention has been given to the thousands of black British Caribbean and West African servicemen and women who supported the British war effort from 1939 45 Drawing on the author's expert knowledge of the subject and many years of original research The Motherland Calls also includes some rare and previously unpublished photos Among those remembered are Britain's Lilian Bader Guyana's Cy Grant Trinidad's Ulric Cross Nigeria's Peter Thomas Sierra Leone's Johnny Smythe and Jamaica's Billy Strachan Connie Mark and Sam King The Motherland Calls is a long overdue tribute to some of the black servicemen and women whose contribution to fighting for peace has been overlooked It is intended as a companion to Stephen Bourne's previous History Press book Mother Country Britain's Black Community on the Home Front 1939 45

**The Transatlantic Century** Mary Nolan, 2012-10-11 This is a fascinating new overview of European American relations during the long twentieth century Ranging from economics culture and consumption to war politics and diplomacy Mary Nolan charts the rise of American influence in Eastern and Western Europe

its mid twentieth century triumph and its gradual erosion since the 1970s She reconstructs the circuits of exchange along which ideas commodities economic models cultural products and people moved across the Atlantic capturing the differing versions of modernity that emerged on both sides of the Atlantic and examining how these alternately produced co operation conflict and ambivalence toward the other Attributing the rise and demise of American influence in Europe not only to economics but equally to wars the book locates the roots of many transatlantic disagreements in very different experiences and memories of war This is an unprecedented account of the American Century in Europe that recovers its full richness and complexity     Reconsidering Women's History Lucy Bland,Katharina Rowold,2016-04-14 Deriving from the 20th Anniversary Women s History Network Conference entitled 20 Years of the Women s History Network Looking Back Looking Forward this volume reflects on the state of women s and gender history as well as showcasing the diversity of the current field The range of contributions is broad and stimulating covering such themes as transnational movements gender and space sexualities motherhood and women in politics Together the interdisciplinary chapters reflect the rich diversity of current women s history and historiography and will offer important insight to students and scholars researching the past present and future of feminist studies This book was originally published as a special issue of Women s History Review     Writers Directory NA NA,2016-03-05

## Reviewing **The Gis The Americans In Britain 1942 1945**: Unlocking the Spellbinding Force of Linguistics
