The Atlantis Blueprint Colin Wilson, Rand Flem-Ath, 2008-12-10 A spellbinding blend of history and science scholarship and speculation this landmark work presents startling new evidence that traces archaeology's most enduring mysteries back to the lost civilization of Atlantis The Great Pyramid Stonehenge Machu Picchu For centuries these and other sacred sites have inspired wonder among those who ponder their origins Conventional science tells us they were constructed by local peoples working with the primitive tools of a fledgling civilization But these megaliths nonetheless continue to attract pilgrims scholars and adventurers drawn by the possibility that their true spiritual and technological secrets remain hidden Who could have built these elaborate monuments How did they do it And what were their incomprehensible efforts and sacrifices designed to accomplish Now comes a revolutionary theory that connects these mysteries to reveal a hidden global pattern the ancient work of an advanced civilization whose warnings of planetary cataclysm now reverberate across one hundred millennia International bestselling author Colin Wilson and Canadian researcher Rand Flem Ath join forces to share startling evidence of a fiercely intelligent society dating back as much as 100 000 years one that sailed the oceans of the world building monuments to preserve and communicate its remarkable wisdom *The Atlantis Blueprint* is their term for a sophisticated network of connections between these sacred
