The Heroes:

The Heroes of Tolkien David Day, 2018-06-05 A compendium of the greatest heroes of Middle earth all in one volume J R R Tolkien's fictional world of Middle earth is filled with great heroes who rose in the face of crisis to shape the course of that world's history This volume examines the complexities surrounding Tolkien's portrayal of good and evil analyzing the most celebrated heroes from the earliest days of Arda to the end of the War of the Ring Men elves dwarves and their allies are covered in detail and each hero's role in the battle against the forces of evil is discussed at length This work is unofficial and is not authorized by the Tolkien Estate or HarperCollins Publishers [Where Have All the Heroes Gone?](#) Bruce Garen Peabody, Krista Jenkins, 2017 [Where Have All the Heroes Gone](#) provides an analysis of heroism's application and meaning among political and media elites as well as the mass public over the past fifty years In asking what has happened to American heroes over this span it explores how heroes are used strategically by governing officials and providers of media content in ways that are frequently divergent from and even directly opposed to popular expectations **The Heroes of Asgard...** A. Keary, 1907 [The heroes](#) Charles Kingsley, 1924 **The Heroes** Joe Abercrombie, 2012-05-10 This enhanced eBook contains An introduction from Joe Abercrombie The full text of THE HEROES A critical afterword from the editor Plus THE FOOL JOBS short story featuring characters from THE HEROES A 20 000 word planning document which contains all of Joe's behind the scenes notes plans and timeline for THE HEROES A before and after chapter showing the first draft the last draft and many stages in between if one of the most critical chapters of the book Blog archive all of Joe's blog posts from the period when he was writing THE HEROES This is half diary half book progress updates and includes illustrations links to interviews events award ceremonies and reviews of games and books from Joe as well as incidents from his life A full author biography and an author photo gallery *The Heroes of Israel's Golden Age* George Dahl, 1923 **The Heroes and Mortals of Greek Mythology** Don Nardo, 2011-07 Describes the origins personalities and special powers of the Greek mythical heroes including such figures as Heracles Theseus Perseus and Oedipus *The Hero and the Grave* Alireza Vahdani, 2018-08-15 The theme of death is an essential component of film narrative particularly in how it affects the hero Filmmakers from different cultures and backgrounds have developed distinct yet archetypal perspectives on death and the protagonist's response Focusing on Western and Japanese period genre films the author examines the work of John Ford 1894 1973 Akira Kurosawa 1910 1998 and Sergio Leone 1929 1989 and finds similarities regarding death's impact on the hero's sense of morality *The Hero Reloaded* Rosario López Gregoris, Cristóbal Macías Villalobos, 2020-03-15 What was a hero in Classical Antiquity Why is it that their characteristics have transcended chronological and cultural barriers while they are still role models in our days How have their features changed to be embodied by comic superheroes and film How is their essence vulgarized and turned into a mass consumption product What has happened with their literary and artistic representation along centuries of elitist Western culture This book aims at posing these and other questions about heroes

allowing us to open a cultural reflection over the role of the classical world in the present its meaning in mass media and the capacity of the Greek and Roman civilizations to dialogue with the modern world This dialogue offers a glimpse into modern cultural necessities and tendencies which can be seen in several aspects such as the hero's vulnerability the archetype's banalization the possibility to extend the heroic essence to individuals in search of identities vital as well as gender or class identities In some products videogames heavy metal music our research enables a deeper understanding of the hero's more obvious characteristics such as their physical and moral strength All these tendencies contemporary and consumable contradictory with one another yet vigorous above all acquire visibility by means of a polyhedral vehicle which is rich in possibilities of rereading and reworking the Greco Roman hero In such a virtual and postmodern world as the one we inhabit it comes not without surprise that we still resort to an idea like the hero which is as old as the West

The Hero and Hero-Making Across Genres Amar Singh, Shipra Tholia, Pravin K Patel, 2021-09-30 This book critically examines how a Hero is made sustained and even deformed in contemporary cultures It brings together diverse ideas from philosophy mythology religion literature cinema and social media to explore how heroes are constructed across genres mediums and traditions The essays in this volume present fresh perspectives for readers to conceptualize the myriad possibilities the term Hero brings with itself They examine the making and unmaking of the heroes across literary visual and social cultures in religious spaces and in classical texts in folk tales and fairy tales in literature as seen in Heinrich Böll's *Und Sagte Kein Einziges Wort* Thomas Brunsig's *Heroes like Us* and in movies like Christopher Nolan's *Interstellar* Michel Gondry's *Eternal Sunshine of the Spotless Mind* and in the short film like Dean Potter's *When Dogs Fly* The volume also features nuanced takes on intersectional feminist representations in hero movies masculinity in sports biopics taking everyday heroes from the real to the reel among others key themes A stimulating work that explores the mechanisms that manufacture heroes this book will be useful for scholars and researchers of English literature postcolonial studies cultural studies film studies media studies literary and critical theory arts and aesthetics political sociology and political philosophy
