Wong,2017-04-30 Engaging with contemporary thought on love and the family Bernard Wong argues that our notion of love has been deeply influenced by modern technological culture and political ideologies leading to the detriment of familial relationships Dr Wong demonstrates how Christian doctrines can be used to critique and resist these ideologies Through a careful analysis of Christ s love expressed in his life death and resurrection the author presents a notion of Christ s love bearing the characteristics of fraternal incarnational and unfolding love These aspects of Christ s love are pertinent to the relationships between husbands and wives parents and children and families and their neighbours It is through practicing Christ s love that Christians strengthen their familial relationships and bear witness to Christ in the world The Reciprocating Self Jack O. Balswick,Pamela Ebstyne King,Kevin S. Beck, 2019-08-08 Why are spouse and child abuse so frighteningly common in the church According to the findings of this book s contributors the main reason stems from misuse and misunderstanding of the Bible s teachings on headship and submission Based on a Christians for Biblical Equality conference Women Abuse and the Bible shows that many abusers see no conflict between their behavior and their Christian beliefs Some abusers even justify their behavior by citing biblical passages and religious principles With input from counselors biblical scholars an abuser and survivors this eye opening book will Compel Christians to recognize the existence of domestic violence Offer practical and creative pathways to healing Challenge churches to honestly address the issues of domestic verbal and clergy abuse emotional cruelty sexual harassment and rape This book speaks frankly of the way that the Bible can be used to hurt or to heal to disperse God s grace or to obstruct it It serves as a sourcebook for all Christians courageous enough to address the problem One, Two...I Do, Instructor Guide Charlene R. Karl Barth's Theology of Relations, Volume 2 Gary Deddo, 2015-08-04 This work originally published as one volume in the Peter Lang series Issues in Systematic Theology is now available in two volumes In the first volume Gary Deddo shows how Barth grasped the nature of relations as intrinsic to the being and act of the Triune God and to God's relations to us and our relationship to God in Christ Deddo then completes his comprehensive survey showing how Barth saw the reality of the divine relationships analogically pertains by grace to humanity and its creaturely relationships Barth's doctrine of God Christology and theological anthropology are all intrinsically onto relational to borrow a term coined by Thomas F Torrance In the second volume Deddo shows how Barth's relational theology is intrinsically ethical As a case study Deddo explicates Barth's ethical teaching on the relationship between parents and children found in section 54 of his chapter on Freedom in Fellowship in CD III 4 He further demonstrates the relevance and fruitfulness of Barth's theology of relations for critically engaging other theological and non theological views of the family and for shedding ethical light on a wide range of contemporary issues facing families especially in the North American context Karl Barth is known for his insight into the inseparability of act and being in God What is less recognized is that Barth's theological understanding of dynamic covenantal relationship is also essential to his doctrine of the Triune God his Christology and theological anthropology God is revealed in Jesus Christ to be one in act being and relation Humanity is revealed in Jesus Christ to be essentially a unity of act being and relation The failure to see the ethical implications of Barth's theology can be traced in large part to the failure to grasp how Barth's understanding of God's being and act is also essentially relational Deddo's work corrects this oversight and opens up the door to better comprehension of Barth's trinitarian doctrine of God his Christology anthropology and ethics
