Edited by Edwin M. Schur Edwin Michael SCHUR, 1966      National Library of Medicine Catalog National Library of Medicine (U.S.), 1960      Selected Readings in Marriage and Family Lorene H. Stone, 1999 This book is a collection of readings that reflect the various opinions that exist in our society concerning marriage and family diversity      *Defending Same-Sex Marriage* Martin Dupuis, William A. Thompson, Traci C. West, 2006-12-30 Today we find ourselves at a crossroads of two powerful unrelenting currents that are completely at odds with one another The movement for legal recognition of same sex unions has gone beyond the separate but equal status of civil unions to demand equality in marriage for all couples Progress is being made on many fronts mayoral action clergy officiating at same sex marriage and union ceremonies state legislative responses and street protests to name a few Meanwhile opposition to same sex marriage has also been gathering strength The struggle is sure to continue unabated for some time to come pitting those who believe in the traditional definition of marriage as a union between a man and a woman and who seek to codify this belief in the U S Constitution against those who find the basis for marriage between two loving committed individuals not only in the history of our civil rights legislation and court decisions but also in scripture and sacred religious traditions Those who believe in extending to same sex couples the 1 049 rights conferred by marriage as well as the supportive embrace of religious communities seek to strengthen the institution of marriage by making it inclusive and by passing laws and broadening doctrines to uphold marriage rights for all couples This three volume set clarifies the legal political religious cultural and social ramifications of same sex marriage for gay and lesbian couples and their families and friends and for the general public interested in the future of civil rights in the United States      The History of Sexuality Sourcebook Mathew Kuefler, 2007-03 This volume is a keeper Courses based on Kuefler will illuminate their audiences and probably win teaching awards too Paul R Hyams Cornell University      *Catalog of Copyright Entries. look beyond conventions of silence among the respectable majority to challenge stereotypes of ignorance and inhibition. Based on vivid compelling and frank testimonies from a socially and geographically diverse range of individuals the book explores a spectrum of sexual experiences from learning about sex and sexual practices in courtship to attitudes to the body, marital ideals and birth control. It demonstrates that while the era's emphasis on silence and strict moral codes could for some be a source of inhibition and dissatisfaction for many the culture of privacy and innocence was central to fulfilling and pleasurable intimate lives.
