The Fast Men A 200 Year Cavalcade Of Speed Bowlers:

The Fast Men David Frith,1982 All Ten: The Ultimate Bowling Feat Chris Overson,2017-11-01 For a bowler taking all ten wickets in an innings is the ultimate statistical feat It is also a very rare one in nearly 60 000 first class matches it has been achieved only 81 times Surprisingly although books have been written about Hedley Verity s world record ten for 10 in 1932 and Jim Laker s all ten in the 1956 Old Trafford Test nobody has ever written a book describing every all ten Until now All Ten chronicles each all ten from Edmund Hinkly s at Lord s in 1848 to Zulfiqar Babar s at Multan over a century and a half later All tens have been taken at many different venues from famous Test match grounds to outgrounds on which first class cricket is no longer played Some were taken by great bowlers such as Colin Blythe and Clarrie Grimmett some by less well known ones including Harry Pickett of Essex and Tom Graveney s brother Ken Some bowlers were at the beginning of their careers some were nearing the end You will read about them all here and their very special feat and maybe wonder why the bowlers at the other end didn t strike even once why many of the greatest bowlers of all time never took an all ten and why all tens have become much rarer in the last half century

Silence Of The Heart David Frith,2011-12-16 Cricket has an alarming suicide rate Among international players for England and several other countries it is far above the national average for all sports and there have been numerous instances at other levels of the game For thirty years celebrated cricket author David Frith has collected data on this sad subject Silence of the Heart is his compelling account of over a hundred cricketers involving top names from the past hundred years who have taken their own lives with an explanation of factors that led to their premature deaths Can the shocking rate of self destruction among cricketers be reduced Can those who run the game do something to save its participants from this dreadful fate These are among the questions addressed within this catalogue of biographies But the key question is whether cricket itself is to blame for its losses or is that this summer game attracts people of a melancholic and over sensitive nature Stoddart Shrewsbury Gimblett Bairstow Trott Iverson Robertson Glasgow Barnes There remains a sense of disbelief that these high profile cricketers killed themselves And many more cases are examined in this extraordinary book which comes crammed with detail is not devoid of humour and must rank among the most intricately researched volumes in cricket s extensive library With a foreword by former England captain Mike Brearley now a psychotherapist Silence of the Heart is a startling investigative narrative covering the phenomenon of cricket s unduly high level of suicide
