**Tom Lansford, Robert J. Pauly Jr**

## **The Federalist A Classic On Federalism And Free Government:**

**The Federalist** Gottfried Dietze, 2019-12-01 Originally published in 1960 *The Federalist* a treatise on free government in peace and security is one of the most important contributions to the literature on constitutional democracy and federalism in the United States Scholars lawyers judges and statesmen in the United States and abroad have lauded the impact of *The Federalist* John Quincy Adams referred to the papers as a classical work in the English language and a commentary on the Constitution of the United States of scarcely less authority than the Constitution itself Since the publication of the papers historians have analyzed the collected work from a variety of approaches but at the time that Gottfried Dietze wrote in 1960 scholars mainly concentrated on specific components of *The Federalist* Dietze intervened in this scholarship by offering a comprehensive study of the work which promoted federalism as both a means for establishing free government and securing peace within a federal state and for maintaining security under the threat of foreign powers In addition to a theoretical examination of the text Dietze brings in a historical component by fleshing out how its authors were shaped by the political atmosphere in which they lived and how their writings transformed political literature for generations to come *The Many Faces of Alexander Hamilton* Douglas Ambrose, Robert W. T. Martin, 2006-04-01 This anthology presents a variety of scholarly perspectives on the nation's most enigmatic Founding Father Revolutionary War officer co author of the *Federalist Papers* our first Treasury Secretary Thomas Jefferson's nemesis and victim of a fatal duel with Aaron Burr Alexander Hamilton's legacy is complex multifaceted and difficult to pin down On the one hand Hamilton was the quintessential Founding Father playing a central role in every key debate and event in the Revolutionary and Early Republic eras On the other hand he has received far less popular and scholarly attention than his brethren Was Hamilton a closet monarchist or a sincere republican A victim of partisan politics or one of its most active promoters A lackey for British interests or a foreign policy mastermind *The Many Faces of Alexander Hamilton* addresses these and other perennial questions Leading Hamilton scholars both historians and political scientists alike present fresh evidence and new sometimes competing interpretations of the man his thought and the legacy he has had on America and the world **The Conservative Intellectual Movement in America Since 1945** George H. Nash, 2006-10-31 First published in 1976 George H Nash's celebrated history of the postwar conservative intellectual movement has become the unquestioned standard in the field This new edition published in commemoration of the book's thirtieth anniversary includes a new preface and conclusion by the author and will continue to instruct anyone interested in how today's conservative movement was born **Secession, State, and Liberty** David

Gordon, 2017-09-29 The political impulse to secede to attempt to separate from central government control is a conspicuous feature of the post cold war world It is alive and growing in Canada Russia China Italy Belgium Britain and even the United States Yet secession remains one of the least studied and least understood of all historical and political phenomena The contributors to this volume have filled this gap with wide ranging investigations rooted in history political philosophy ethics

and economic theory of secessionist movements in the United States Canada and Europe      *To Protect and Defend* Tom Lansford, Robert J. Pauly Jr, 2016-12-05 In response to the terrorist attacks of 11 September 2001 the United States embarked on a dramatic and sustained effort to reform and revitalize its homeland security policies and structures This book offers an examination of the evolution of policy and the concurrent restructuring of existing agencies as well as the creation of new bodies designed to counter the threat of transnational terrorism Detailing the historical roots of US homeland security policy and its evolution in the aftermath of the 9 11 attacks this book provides a unique overview of the emerging and existing agencies and bureaux at the national state and local levels which are tasked with homeland security Furthermore by integrating the existing paradigms of contemporary security policy with the changing nature of threat and response it provides an invaluable overview of existing and likely future security threats to the US homeland      *This Great Beast* R. Catley, W. Cristaudo, 2018-12-07 First published in 1997 this volume follows Catley and Cristaudo as they defend Western Civilization against all comers against the rest of the world especially the Third World and against its own internal irritants the scribblings of the intelligentsia by idealist philosophers feminists greens post moderns multiculturalists Orientalists anti nationalists socialists and Keynesians most of them tenured academics in the arts and social sciences As academic political scientists themselves they have done time in a number of the ideological prisons they attack and they write about those states of mind with experienced cynicism As in *Paradise Lost* the devil gets all the best tunes The identification of civilization's enemies is wildly sometimes hilariously politically incorrect      **A Companion to U.S. Foreign Relations** Christopher R. W. Dietrich, 2020-03-04 Covers the entire range of the history of U S foreign relations from the colonial period to the beginning of the 21st century A Companion to U S Foreign Relations is an authoritative guide to past and present scholarship on the history of American diplomacy and foreign relations from its seventeenth century origins to the modern day This two volume reference work presents a collection of historiographical essays by prominent scholars The essays explore three centuries of America's global interactions and the ways U S foreign policies have been analyzed and interpreted over time Scholars offer fresh perspectives on the history of U S foreign relations analyze the causes influences and consequences of major foreign policy decisions and address contemporary debates surrounding the practice of American power The Companion covers a wide variety of methodologies integrating political military economic social and cultural history to explore the ideas and events that shaped U S diplomacy and foreign relations and continue to influence national identity The essays discuss topics such as the links between U S foreign relations and the study of ideology race gender and religion Native American history expansion and imperialism industrialization and modernization domestic and international politics and the United States role in decolonization globalization and the Cold War A comprehensive approach to understanding the history influences and drivers of U S foreign relation this indispensable resource Examines significant foreign policy events and their subsequent interpretations Places key figures and policies in their historical national and international contexts

Provides background on recent and current debates in U S foreign policy Explores the historiography and primary sources for each topic Covers the development of diverse themes and methodologies in histories of U S foreign policy Offering scholars teachers and students unmatched chronological breadth and analytical depth A Companion to U S Foreign Relations Colonial Era to the Present is an important contribution to scholarship on the history of America s interactions with the world

*American Constitutionalism Heard Round the World, 1776-1989* George Athan Billias,2011-12 Winner of the 2010 Book Award from the New England Historical Association American constitutionalism represents this country s greatest gift to human freedom yet its story remains largely untold For over two hundred years its ideals ideas and institutions influenced different peoples in different lands at different times American constitutionalism and the revolutionary republican documents on which it is based affected countless countries by helping them develop their own constitutional democracies Western constitutionalism of which America was a part along with Britain and France reached a major turning point in global history in 1989 when the forces of democracy exceeded the forces of autocracy for the first time Historian George Athan Billias traces the spread of American constitutionalism from Europe Latin America and the Caribbean region to Asia and Africa beginning chronologically with the American Revolution and the fateful shot heard round the world and ending with the conclusion of the Cold War in 1989 The American model contributed significantly by spearheading the drive to greater democracy throughout the Western world and Billias s landmark study tells a story that will change the way readers view the important role American constitutionalism played during this era

**Apostles of Revolution** John Ferling,2018-05-15 From acclaimed historian John Ferling the story of Thomas Jefferson Thomas Paine and James Monroe s involvement in the American and French Revolutions and their quest for sweeping change in both America and Europe Thomas Jefferson Thomas Paine and James Monroe hazarded all in quest of revolutions As founding fathers they risked their lives and their liberty for American independence and as reformers each rejoiced at the opportunity to be part of the French Revolution praying that it in turn would inspire others to sweep away Europe s monarchies and titled nobilities For these three men real revolution would lead to substantive political and social alterations and an escape from royal and aristocratic rule But as the eighteenth century unfolded these three separated onto different routes to revolution two became soldiers two became writers and two became statesmen and their united cause but divided means reshaped their country and the Western world *Apostles of Revolution* spans a crucial time in Western Civilization The era ranged from the American insurgency against Great Britain to the Declaration of Independence from desperate engagements on American battlefields to the bloody Terror in France It culminates with the tumultuous election of 1800 the outcome of which according to Jefferson saved the American Revolution Written as a sweeping narrative of a turbulent and pivotal era *Apostles of the Revolution* captures the spirit of our founding fathers and the history of America and Europe s great turning point

On the Rule of Law Brian Z. Tamanaha,2004-11-18 The rule of law is the most important political ideal today yet there is much confusion about what it

means and how it works This 2004 book explores the history politics and theory surrounding the rule of law ideal beginning with classical Greek and Roman ideas elaborating on medieval contributions to the rule of law and articulating the role played by the rule of law in liberal theory and liberal political systems The author outlines the concerns of Western conservatives about the decline of the rule of law and suggests reasons why the radical Left have promoted this decline Two basic theoretical streams of the rule of law are then presented with an examination of the strengths and weaknesses of each The book examines the rule of law on a global level and concludes by answering the question of whether the rule of law is a universal human good

ABA Journal ,1961-01 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association

On Two Wings Michael Novak,2010-01-01 The leaders of the American Revolution unlike the leaders of the French revolution did not set out to erase religion Indeed the very first act of the Continental Congress was to pray to Divine Providence in the face of the British bombardment of Boston In establishing a new model of self government the Founders believed that they were not only acting according to reason and common sense but also obeying a religious duty Benjamin Franklin proposed as their motto Rebellion against tyrants is obedience to God In telling the story of the forgotten if not deliberately ignored role of faith in America s beginnings Michael Novak probes the innermost religious conviction of Washington Jefferson Madison and other of our Founders He shows that while the American eagle could not have taken flight without the empirical turn of mind embodied in John Locke s teaching on the ends of government and the consent of the governed the men who made America also believed that liberty depends as much on faith as on reason In the course of his illustrious career Michael Novak has written several prize winning books on theology and philosophy In *On Two Wings* he has created a profound meditation on American history and on human nature and destiny as well

*Studies in the History of Tax Law, Volume 11* Peter Harris,Dominic de Cogan,2023-09-21 This book is a continuation of the prestigious series which is drawn from the papers of the biennial Cambridge Tax Law History Conference The authors are a mix of academics and senior tax professionals from the judiciary and practice with representatives from 9 countries The series continues to investigate current tax policy debates in an historical context The papers fall within 3 basic categories 1 UK and Irish tax looking at a variety of topics such as tax administration cases and judges Whitney Singer Viscount Radcliffe the taxation of royal forests the taxation of spirits and income tax transition in the Irish Free State 2 International taxation with chapters on the role of international organisations OECD League of Nations and on South Africa s early attempts to address double taxation tax treaties and 3 Non UK tax systems including chapters on the legacy of colonial influence Dutch East Indies early developments in China New Zealand and the USA an influential Canadian report Carter Commission development of the GAAR in Scandinavia and the receipt of Roman tax law in Europe

*The Philosophy of Taxation and Public Finance* Robert W. McGee,2011-06-27 Most public finance books are texts which are aimed at undergraduate or graduate students They are overly technical in

nature and appeal only to a narrow range of bureaucrats and academics Books on taxation are written for tax practitioners and usually emphasize either what the law is or how to maneuver through the labyrinth of tax law to minimize taxes for clients Philosophy books on taxation or public finance simply do not exist The Philosophy of Taxation and Public Finance is different It is written in nontechnical language and is aimed to appeal to a wide range of readers including practitioners academics and students in the fields of taxation public finance economics law philosophy and political science as well as general readers who are interested in learning why they are being taxed the way they are The author addresses the major issues and topics in taxation and public finance and injects them with philosophical insights He discusses questions such as What arguments have been used to justify taxation When is tax evasion unethical Are some taxes better than others What are the proper functions of government How much is enough Is the ability to pay concept valid When can punitive taxes be justified

*American Environmentalism* J. Michael Martinez, 2013-06-20 Protecting the natural environment and promoting sustainability have become important objectives but achieving such goals presents myriad challenges for even the most committed environmentalist *American Environmentalism Philosophy History and Public Policy* examines whether competing interests can be reconciled while developing consistent cohe

*Encyclopedia of Library and Information Science* Allen Kent, 2001-11-02 This is the 70th encyclopaedia of library and information science It covers topics such as intelligent systems for problem analysis in organizations interactive system design international models of school library development lexicalization in natural language generation and more

*Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1961 Includes Part 1 Number 1 2 Books and Pamphlets Including Serials and Contributions to Periodicals January December

*The Long Journey of Noah Webster* Richard M. Rollins, 2016-11-11 This book is a volume in the Penn Press Anniversary Collection To mark its 125th anniversary in 2015 the University of Pennsylvania Press rereleased more than 1 100 titles from Penn Press s distinguished backlist from 1899 1999 that had fallen out of print Spanning an entire century the Anniversary Collection offers peer reviewed scholarship in a wide range of subject areas

*Hamilton* R. B. Bernstein, 2023 Hamilton The Energetic Founder provides a brief introduction to the life work and legacies of Alexander Hamilton R B Bernstein explores Hamilton s role in revolution politics law constitutionalism economics diplomacy and war as well as his views on honor and duelling This thorough history reveals that Hamilton was one of the key founding fathers of the United States

**Parliamentary Candidates Between Voters and Parties** Lieven De Winter, Rune Karlsen, Hermann Schmitt, 2020-10-27 This book offers the first comprehensive comparative and coherent perspective on parliamentary candidates in contemporary representative democracy Based on the unique database of the Comparative Candidate Survey project which interrogated parliamentary candidates in more than 30 countries it fills a significant lacuna by focusing on the thousands of ordinary candidates that participate in national elections It examines who the candidates are in terms of their socio demographic background and political career patterns how they were selected by their parties what their policy

preference are and whether these are congruent to those held by their voters who they seek to represent and how they intend to do so once elected and what their visions are on representative democracy and party government Last but not least it investigates how they go about reaching out to their potential voters during the election campaign This book will be of key interest to scholars and students of political parties and party politics political elites political communication political participation elections theories of democracy and representation legislative studies voting behaviour and more broadly to European politics as well as to political and policy professionals throughout Europe
