## **The Ferrari In The Barn And Other Stories:**

**The Ferrari in the Barn and Other Stories** Rich Taylor, 1992      **The Corvette in the Barn** Tom Cotter, 2010-09-12 It's every car guy's fantasy to casually peer into a long forgotten garage or barn or warehouse and find the car he has searched for his whole life. **Corvette in the Barn** is a collection of true often amazing stories and essays about car collectors and enthusiasts who have discovered unusual and desirable cars forgotten in all manner of locations from barns to old school junkyards to farmer's fields. These are the stories that fuel the dreams of car collectors everywhere. See Tom Cotter author of Motorbooks **In the Barn** series interviewed by Jay Leno on JayLenosGarage.com <http://www.jaylenosgarage.com> video jays book club the hemi in the barn 1237422      **Discovering Lost Automobiles and their Stories** Michael Ware, 2023-01-31 Many enthusiasts dream of finding a Bugatti or a Bentley in a barn or a long disused building. In reality such finds are more likely to be an Austin 7, Ford Popular or a Mini. This book is stuffed with these so-called barn finds. The author has tried to find out the background to the abandonment and the previous history of the as-found car when it was in regular use. Why was it put away and apparently forgotten? Many of the stories have appeared in his Lost and Found column in Classic and Sports Car magazine but a book gives a chance for the expanded story to be told. The cars featured date from 1900 through till the 1980s; most come from Great Britain and Europe but there are plenty from Australasia and USA. There are well over 200 different cars plus collections featured. Each story has at least one illustration to go with it. Some of the locations are bizarre: a Daimler buried under a rockery, a Porsche sunk in Lake Lucerne, a Rolls Royce on the roof of a high-rise building in Karachi or a Morris 8 special in a Gloucestershire pond. There is a chapter on collections of cars put together by seemingly eccentric owners who never got around to restoring them before their death. The author is not critical of any of these owners and is grateful for the number of cars they have saved from almost certain destruction.      *The Hemi in the Barn* Tom Cotter, 2012-04-24 Cotter's wildly popular adventures in automotive archaeology continue with forty new stories of amazing finds and resurrections of classic cars.      **Secrets of the Barn Find Hunter** Tom Cotter, 2022-04-19 Join The Barn Find Hunter Tom Cotter for a thrilling illustrated behind-the-scenes look at how he deploys his well-honed auto archaeology skills to ferret out amazing collector car stashes. Since 2016 author Tom Cotter has been The Barn Find Hunter for an ongoing series sponsored by Hagerty Classic Insurance and found on their popular YouTube channel. Since that time Cotter and crew have filmed more than 100 episodes throughout the US and even visited the UK. Some of Cotter's most popular episodes have views in excess of 5 million. Cotter has uncovered everything from pre-WWII classics to postwar exotics like Porsche, Jaguar and Ferrari. He's a dyed-in-the-wool car guy and the collectors he finds can't resist sharing their treasure and revealing the stories behind their stashed cars. In **Secrets of the Barn Find Hunter** Cotter gives you an entertaining and informative look at how he works his barn find magic, offering tips, hard-won perspectives and why the thrill of discovery never dies in his pursuit of the next lost car. The book is illustrated throughout with images from his most epic finds. Attend any auction or any car

show and it's immediately clear that collectors cannot get enough of barn find and survivor vehicles and the stories behind them In **Secrets of the Barn Find** Hunter Cotter takes you along for what has been the ride of his lifetime      **The Cobra in the Barn** Tom Cotter, 2010-04-03 Now in paperback for the first time here is the classic version of a car lover's fairy tale You look into an old abandoned barn or garage or warehouse and there's the car you've searched for your whole life Here are the true stories of people who found their dream cars in the most unlikely places A man finds one of three King Cobras ever built in a junkyard in South Carolina another discovers a rare Delahaye in a barn in the former Czech Republic yet another answers an obscurely written ad in a local paper to discover a Triumph TR3 that had run the Daytona 24 Hour race in the early 1960s The list goes on and on and the stories never get old Relive the excitement glory in the astounding discoveries and revel in the cars that keep dreams alive See Tom Cotter author of Motorbooks In the Barn series interviewed by Jay Leno on JayLenosGarage.com <http://www.jaylenosgarage.com> video jays book club the hemi in the barn 1237422      **Lost Road Courses** Martin Rudow, 2016-07-15 Road racing has long storied roots in North America that reach from coast to coast and to Canada Some of the greatest drivers to ever compete raced wickedly fast machines staged epic duels on winding strips of asphalt and created history This history left an enduring legacy that is revealed and celebrated in **Lost Road Courses** Road racer and road racing expert Martin Rudow retraces road racing's glorious past and visits the defunct classic road courses across the United States and Canada Many road courses were built in the 1950s and 1960s the golden age of American road racing These classic road courses built and hosted famous races for Trans Am Can Am IndyCar Formula 1 and sports car racing but did not survive the times They fell victim to changing times poor business decisions urban sprawl safety standards and increasing real estate prices Rudow recounts the breathtaking races and fascinating history of more than 16 tracks from around North America Riverside International Raceway Bridgehampton Race Circuit Ontario Motor Speedway Continental Divide Raceway and many others were once major race venues that have since closed The great race teams legendary drivers classic race series that visited the tracks and cars that turned laps are brought into full focus The exploits of Chaparral McLaren Bud Moore Lotus Penske and other race teams as well as racing greats Mario Andretti Parnelli Jones Jim Hall A J Foyt Al Unser Jim Clark and Dan Gurney are covered Rudow also digs beneath the surface to reveal the story behind the story The visionaries and businessmen who saw potential and risked capital to build these palaces of speed come back to life He also recognizes the unsung heroes and regional racers who competed staffed and took on various roles at these tracks In the pages of this book a nostalgic tour of these famous races at these vintage road circuits unfolds Many period photos illustrate the racing action and the tracks themselves in their former glory and modern color shows the tracks as they currently stand If you're a fan of classic sports car Can Am Trans Am IndyCar Formula 1 as well as classic and unique tracks of yesteryear this book is a must have      **Car Collecting** Steve Linden,      **Six Days to Zeus: Alive Day (Based on a True Story)** Samuel Hill, 2018-05-15 *Alive Day* is currently optioned by Phoenix Pictures to become a blockbuster movie
