The Festivals Of Nepal:

The Festivals of Nepal Mary M. Anderson, 2024-10-30 First Published in 1971 The Festivals of Nepal describes the most important festivals from the country which have been arranged according to the ancient Nepalese calendar beginning with the New Year in mid April The author provides moreover a brief introductory sketch of Nepalese geography history and religion to give background to what follows When Mary Anderson began her five year residence in Kathmandu as the wife of a diplomat she attended the frequent Nepalese festivals up and down the Valley because they were mysterious colourful and great fun But soon she became more deeply absorbed in the meaning of these ancient activities as she grew quickly aware that to the Nepalese themselves the ancient processions and rituals were of great importance Somewhere almost every day there seems to be in Nepal a festival of some kind but now that this hitherto secret land has been opened up to tourists and foreign influences much of this historic pageantry may well be lost The modernization of Nepalese society is certain to have its effects but when these artless celebrations become the goal of spectators from outside they will also lose its spontaneity Mary Anderson was determined to record as many of them as she could explaining their mythological religious and historical backgrounds and relating some of the wealth of legends and folk tales that surround them This is an interesting read for students of sociology of culture South Asian studies South Asian religion and culture and Hindu religion The Festivals of Nepal Ravindra Dhvoju, 2015 The Nepal Festivals Dhurba Krishna Deep, 1978 **The Festival of Indra** Michael Baltutis, 2023-06-01 The Festival of Indra details the textual and performative history of an important South Asian festival and its role in the development of classical Hinduism Drawing on various genres of Sanskrit textual sources especially the epic Mahabharata the book highlights the innovative ways that this annual public festival has supported the stable royal power responsible for the sponsorship of these texts More than just a textual project however the book devotes significant ethnographic attention to the only contemporary performance of this festival that adheres to the classical Sanskrit record the Indrajatra of Kathmandu Nepal Here Indra's tall pole remains the festival's focal point though its addition of the royal blessing by Kumari the living goddess of Nepal and the regular presence of the fierce god Bhairav show several significant ways that ritual agents have reconstructed this festival over the past two thousand years *The Trinitarian Dharma* Pabitra Mani Bhandari, 2025-02-25 As the gospel continues to spread to the farthest corners of the world the Christian faith encounters an array of diverse cultures religions philosophies and belief systems This encounter serves as a catalyst for transformation as Christianity both influences and is influenced by the new frontiers it reaches The book at hand endeavors to explore this dynamic process particularly focusing on the Trinitarian theology as a potent force for transformation Moreover it seeks to uncover the resonance between Christian concepts and the rich tapestry of Dharma thereby enhancing our understanding of the Trinity In essence this book serves as a pivotal example of how abstract theological ideas can be made relevant and meaningful in the context of a multicultural and multireligious world It embodies an approach to Christian

theology that is both interreligious and interdisciplinary emanating from a global Christian perspective that embraces diversity and dialogue
