The Fifties Decades:

The 50s: The Story of a Decade The New Yorker Magazine, 2016-07-05 This engrossing anthology assembles classic New Yorker pieces from a complex era enshrined in the popular imagination as the decade of poodle skirts and Cold War paranoia featuring contributions from Philip Roth John Updike Nadine Gordimer and Adrienne Rich along with fresh analysis of the 1950s by some of today's finest writers The New Yorker was there in real time chronicling the tensions and innovations that lay beneath the era's placid surface In this thrilling volume classic works of reportage criticism and fiction are complemented by new contributions from the magazine's present all star lineup of writers The magazine's commitment to overseas reporting flourished in the 1950s leading to important dispatches from East Berlin the Gaza Strip and Cuba during the rise of Castro Closer to home the fight to break barriers and establish a new American identity led to both illuminating coverage as in a portrait of Thurgood Marshall at an NAACP meeting in Atlanta and trenchant commentary as in E B White's blistering critique of Senator Joe McCarthy The arts scene is recalled in critical writing rarely reprinted including Wolcott Gibbs on My Fair Lady Anthony West on Invisible Man and Philip Hamburger on Candid Camera Also featured are great early works from Philip Roth and Nadine Gordimer as well as startling poems by Theodore Roethke and Anne Sexton among others Completing the panoply are insightful and entertaining new pieces by present day New Yorker contributors examining the 1950s through contemporary eyes The result is a vital portrait of American culture as only one magazine in the world could do it Including contributions by Elizabeth Bishop Truman Capote John Cheever Roald Dahl Janet Flanner Nadine Gordimer A J Liebling Dwight Macdonald Joseph Mitchell Marianne Moore Vladimir Nabokov Sylvia Plath V S Pritchett Adrienne Rich Lillian Ross Philip Roth Anne Sexton James Thurber John Updike Eudora Welty E B White Edmund Wilson And featuring new perspectives by Jonathan Franzen Malcolm Gladwell Adam Gopnik Elizabeth Kolbert Jill Lepore Rebecca Mead Paul Muldoon Evan Osnos David Remnick Praise for The 50s Superb a gift that keeps on giving Kirkus Reviews starred review A magnificent anthology Literary Review

The 1950s Decade in Photos Jim Corrigan, 2010-01-01 Describes the important world national and cultural developments of the decade 1950-1959

The Lost Decade? The 1950s in European History, Politics, Society and Culture Heiko Feldner, Claire Gorrara, Kevin Passmore, 2010-10-12 This volume of essays explores the social political and cultural legacies of a decade which has until relatively recently received scant scholarly attention Sandwiched uncomfortably between the traumatic events of the Second World War and the dramatic changes of the 1960s the 1950s appeared as seemingly transitional years while they were in fact an astonishingly fecund period of reassessment and experimentation when traditional models were re-evaluated and new models were road tested to be either developed or rejected An important intervention in the dynamic scholarly re-examination of the 1950s this volume analyzes these years in relation to three broadly defined areas historiography politics and society and culture What emerges from all three parts of the volume is a vision of the 1950s as a decade which was to have a profound impact on post war European

identities in two key respects as a time of accelerated European intellectual exchange and as a time of fertile receptivity to the new variously formulated and contested across and within national borders Written by experts in the field the contributions to this volume represent some of the most exciting work on the 1950s currently being undertaken in Europe and the US They combine high intellectual standards with accessibility and will appeal to academics students and the general reader alike

Decades Cameron Silver, Rebecca DiLiberto, 2012-10-16 Presents a decade by decade guide to the most influential looks of the past century matching red carpet gowns to famous celebrities while providing original designer sketches photos of rare couture and interviews with a range of authorities [America in the Fifties](#) Andrew J.

Dunar, 2006-11-07 Blessed by a booming economy the United States experienced the benefits of technology in the 1950s with television and the automobile transforming the way people lived and the space race offering new challenges At the same time the nation faced domestic divisions and international crises that would have far reaching historical and political consequences

The 1950s evoke images of prosperity suburbia a smiling President Eisenhower cars with elaborate tail fins Elvis Presley Marilyn Monroe and the golden age of television seemingly a simpler time in which the idealized family life of situation comedies had at least some basis in reality A closer examination however recalls more threatening images the hysteria of McCarthyism the shadow of the atomic bomb war in Korea the Soviet threat manifested in the launch of Sputnik and the bombast of Nikita Khrushchev and a clash over the integration of public buses in Montgomery Alabama and a high school in Little Rock Arkansas Andrew J Dunar successfully shows how the issues confronting America in the late twentieth century have roots in the fifties some apparent at the time others only in retrospect civil rights environmentalism the counterculture and movements on behalf of women Latinos and Native Americans The rise of the beats the continuing development of jazz the emergence of rock n roll and the art of Jackson Pollock reveal the decade to be less conformist than commonly portrayed While the cold war rivalry with the Soviet Union generated the most concern Dunar skillfully illustrates how the rise of Nasser in Egypt Castro in Cuba and Communist regimes in North Korea Vietnam and China signaled new regional challenges to American power This book will be ideal for instructors of American history survey courses at the high school and undergraduate levels

Happy Days and Wonder Years Daniel Marcus, 2004 In the 21st century why do we keep talking about the fifties and sixties In *Happy Days and Wonder Years* Daniel Marcus reveals how interpretations of these decades have figured in the cultural politics of the United States since 1970 *What America Lost: Decades That Made a Difference* Sallie Ferrell Bolich, 2009-08-04 As the fifties ended we were about to embark on a journey that would take our American society in a completely new direction By reviewing history we can identify how the tumultuous sixties chose our path while each decade beginning in 1950 and continuing through 2000 determined our course at that time On this journey many values and lifestyles experienced by the Baby Boomers were left behind not passed on to their children Gen X and Gen Y The resulting new outlook profoundly influenced attitudes held by these emerging generations The fascinating

field of handwriting analysis serves as our GPS which enables us to identify these attitudes trace where weve been and understand where society is today Handwriting is an expression of self and attitudes resulting from personal experiences social interactions and events that made a significant impact Reliving the journey with insight is made possible by studying handwriting samples obtained from high school yearbooks covering those five decades Numerous historical and societal changes profoundly influenced attitudes of today These attitudes mirror our culture Handwriting analysis will not reveal precise societal changes however it will reveal how these changes impact attitudes

The Proud Decades John P. Diggins,1988 What happens when public figures private selves are put forth for examination by public audiences How do the personal struggles of music artists specifically those with immigrant backgrounds compare to the private struggles of other individuals At a time when many countries in the European Union experience an increase in far right political party activities how do individuals from the margins negotiate new ways of thinking about identity offering hope for greater understanding of shared struggles across societies This book offers interpretations of identity and belonging by examining the work of two music artists Faudel Belloua from France and Adam Tensta from Sweden By analyzing texts produced by these individuals I argue that ongoing engagement with the materials produced by Belloua and Tensta a process which I refer to as living biography presents a unique window into the process of how Belloua and Tensta connect personal struggles to public issues providing a compelling departure point for further discussions on how interpretations of national identity are changing in France and Sweden and beyond

Dealing with the Decades COL (Ret) Walter L. Steve Mayew,2020-11-25 Dealing with the Decades By COL Ret Walter L Steve Mayew Interested in the best paths to achieve a positive progression in life and avoid harm Sometimes your future can feel overwhelming and scary and it s coming for you no matter what so it s best to prepare But take heart There are several key pathways that we all must follow so perhaps the future isn t as unknown as it seems An operator s manual for people Dealing with the Decades presents expectations for each decade of life considering human needs and those predictable events in each decade based on extensive research and real life experiences It highlights the importance of developing intellect with education and emphasizes the accomplishment of happiness and security by knowing what to expect in each decade of life

Revisiting and Revising the Fifties in Contemporary US Popular Culture Eleonora Ravizza,2020-05-25 In this book Eleonora Ravizza analyzes how contemporary American popular culture has represented and reproduced the fifties By investigating the cultural work of films and TV series from the last two decades the book uncovers the inherent limitations of a revisionist take on the fifties Ravizza argues that due to the visual nature of the fifties crystallized in American consciousness through the widespread influence of television most contemporary attempts to rework and rewrite the regressive gender queer and racial politics fall short of such a revisionist reevaluation

Pop Goes the Decade Ralph G. Giordano,2017-06-05 Covering significant historical and cultural moments public figures and celebrities art and entertainment and technology that influenced life during the decade this book documents the 1950s through the lens of

popular culture On the surface the 1950s was a time of post war prosperity and abundance However in spite of a relaxation of immigration policies the good life in the 50s was mainly confined to white non ethnic Americans A new Cold War with the Soviet Union intended to contain the threat of Communism and the resulting red scare tinged the experience of all U S citizens during the decade This book examines the key trends people and movements of the 1950s and inspects them within a larger cultural and social context By highlighting controversies in the decade readers will gain a better understanding of the social values and thinking of the time The examination of the individuals who influenced American culture in the 1950s enables students to gauge the tension between established norms of conformity and those figures that used pop culture as a broad avenue for change either intentionally or by accident

The Films of the Eighties William J. Palmer,1995 In this remarkable sequel to his *Films of the Seventies A Social History* William J Palmer examines more than three hundred films as texts that represent revise parody comment upon and generate discussion about major events issues and social trends of the eighties Palmer defines the dialectic between film art and social history taking as his theoretical model the holograph of history that originated from the New Historicist theories of Hayden White and Dominick LaCapra Combining the interests and methodologies of social history and film criticism Palmer contends that film is a socially conscious interpreter and commentator upon the issues of contemporary social history In the eighties such issues included the war in Vietnam the preservation of the American farm terrorism nuclear holocaust changes in Soviet American relations neoconservative feminism and yuppies Among the films Palmer examines are *Platoon* *The Killing Fields* *The River Out of Africa* *Little Drummer Girl* *Kiss of the Spiderwoman* *Silkwood* *The Day After* *Red Dawn* *Moscow on the Hudson* *Troop Beverly Hills* and *Fatal Attraction* Utilizing the principles of New Historicism Palmer demonstrates that film can analyze and critique history as well as present it

America in the Fifties Enzo George,2015-07-15 Shortly after World War II America experienced an incredible economic and technological boom as soldiers returned home from abroad The middle class grew and technology such as the automobile and television found their way into more and more homes Explore the Fifties through the eyes of artists politicians and ordinary people

Liberalism and American Identity Patrick M. Garry,1992 His examination of the liberal ideology and tradition in American politics reveals not only the nation s liberal identity but also the conservative tendency to label liberalism un American as a means to circumvent discussion of social problems Garry defines liberalism through historical examples and the beliefs and leadership of prominent Americans namely Franklin Roosevelt Harry Truman and John Kennedy He then applies these principles of liberalism to a discussion of current politics and the problems of crime poverty and national defense Although arguing that the conservative attack during the 1980s greatly misrepresented the American liberal tradition Garry also acknowledges that changes within accepted liberal doctrines during the 1960s and 1970s led to a deviation of contemporary liberalism from its roots

The 1950s William H. Young,2004-04-30 Have the 1950s been overly romanticized Beneath the calm conformist exterior new ideas and attitudes were percolating This was the

decade of McCarthyism Levittowns and men in gray flannel suits but the 1950s also saw bold architectural styles the rise of paperback novels and the Beat writers Cinema Scope and film noir television variety shows the Golden Age of the automobile subliminal advertising fast food Frisbees and silly putty Meanwhile teens attained a more prominent role in American culture with hot rods rock n roll preppies and greasers and gasp juvenile delinquency At the same time a new technological threat the atom bomb lurked beneath the surface of the postwar decade This volume presents a nuanced look at a surprisingly complex time in American popular culture

The Puritan Origins of American Patriotism George McKenna, 2008-10-01 In this absorbing book George McKenna ranges across the entire panorama of American history to track the development of American patriotism That patriotism shaped by Reformation Protestantism and imbued with the American Puritan belief in a providential errand has evolved over 350 years and influenced American political culture in both positive and negative ways McKenna shows The germ of the patriotism an activist theology that stressed collective rather than individual salvation began in the late 1630s in New England and traveled across the continent eventually becoming a national phenomenon Today American patriotism still reflects its origins in the seventeenth century By encouraging cohesion in a nation of diverse peoples and inspiring social reform American patriotism has sometimes been a force for good But the book also uncovers a darker side of the nation s patriotism a prejudice against the South in the nineteenth century for example and a tendency toward nativism and anti Catholicism Ironically a great reversal has occurred and today the most fervent believers in the Puritan narrative are the former outsiders Catholics and Southerners McKenna offers an interesting new perspective on patriotism s role throughout American history and he concludes with trenchant thoughts on its role in the post 9 11 era

Six Decades of Baseball Bill Lewers, 2009-11-06 one of the most heart felt baseball books to come out in the last few months written not by a journalist with nice advancement but by a simple fan who put up his own money got it self published and got himself heard Tom Hoffarth columnist for the Los Angeles Daily News His take on some of baseballs major events and personalities are refreshingly different from the conventional wisdom of baseball insiders Jeffrey Stuart author of *Twilight Teams* the purest fan memoir Ive yet read Lewers is everyfan USA Nicholas Croston Lit Bases website Lewers book reminds us why we love the game so much Matt ODonnell Fenway West website Every fan has his or her memories but not everyone can express them as well as Lewers has Ron Kaplan Ron Kaplans Baseball Bookshelf website Lewers is the pioneer for the personal baseball narrative Bill Jordan Baseballreflections.com website Covering a broad sweep of personal and baseball history Lewers democratically recognizes many unsung heroes and ventures some refreshingly candid opinions Judy Johnson Watching the Game website There is no shortage of books written by baseball insiders players managers and writers What seems to be lacking are books by ordinary fans *Six Decades of Baseball* will not put you on the field or in the dugout Rather it will put you in the cheap seats of the upper deck where baseball can be viewed through lens of Bill Lewers This book is not just a recitation of baseball history although a lot of baseball history is included Rather it is a narrative of a

relationship between a fan and a game a relationship that has evolved through the years Bill has been hooked on baseball ever since his first outing at the Polo Grounds in 1951 Not content with the three local choices offered by his native New York Bill decided at a very early age that he would root for the Boston Red Sox Much of what follows in this decade by decade narrative is a consequence of that monumental choice The book starts in the 1950s with Bills formative years as he grew up in the awesome shadow of the New York Yankees and experienced Five oclock Lightning first hand A healthy amount of Red Sox minutiae is presented not because these were things that Bill memorized but rather that they were the reality that he lived Greats like Ted Williams and Mickey Mantle are remembered but also recounted are tales of the more obscure including the Red Sox Youth Movement of the early 1950s the Never Never Boys and the Fastest Man in the Majors There is even an all too brief encounter with the Boys of Summer at Ebbets Field As the narrative moves to the 1960s the new team in town the New York Mets enters the picture and those special early days at the Polo Grounds are recalled So too are visits to Bostons Fenway Park at a time when tickets were 1 50 and attendance was frequently below 10 000 All this changed with the 1967 Impossible Dream which Bill recalls from the vantage point of a New Yorker The decade ends with a baseball adventure gone amuck and the tragic end of one of the mainstays of Bills Red Sox youth The 1970s sees changes as Bill moves to Maryland and encounters a new home team the highly successful Baltimore Orioles Both Boston and Baltimore heroes are recalled as well as both the Red Sox triumph of 1975 and collapse of 1978 Much of the 1980s revolve around the Red Sox almost World Championship of 1986 A young buck achieves dominance even as an aging superstar makes his last stand Bill also examines the managerial decision that may have cost the Red Sox the championship its not the one you think The 1990s sees the unveiling of an exciting new ballpark as

American Decades Primary Sources: 1950-1959 Cynthia Rose,2004 Contains over two thousand primary sources on twentieth century American history and culture featuring seventy five different types of sources arranged chronologically in twelve categories including the arts education government and politics media medicine and health religion and sports

Radical Fictions Nick Bentley,2007 Nick Bentley takes a fresh look at English fiction produced in the 1950s By looking at a range of authors he shows that the novel of the period was far more diverse and formally experimental than previous accounts have suggested

The Fifties Decades Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Fifties Decades PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they

need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Fifties Decades PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Fifties Decades free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About The Fifties Decades Books

1. Where can I buy The Fifties Decades books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
