The First Christian Theology Studies In Romans New Testament Studies

Herman Arthur Hoyt

The First Christian Theology Studies In Romans New Testament Studies:

The First Christian Theology Herman Arthur Hoyt, 1976-08-01 The apostle Paul was the first to set forth a comprehensive orderly and profound description of Christianity in his letter to the Christians in Rome And there s not a better way for an adult discussion group to gain a complete grasp of their Christian faith than by studying Romans together Dr Herman A Hoyt here supplies adult Bible study groups with a handbook that effectively guides Christians through the book of Romans Each of the thirteen chapters is concluded with study questions to help anchor great Christian truths in the minds of those who study Back cover **The First Christian Theology Studies in Romans** Herman Arthur Hoyt, 1977

The First Christians in the Roman World E. A. Judge, 2008 Collection of previously published essays and lectures

Engaging Ecclesiology A T B McGowan, 2024-02-29 Engaging Ecclesiology presents eight challenging and thought provoking essays from the 2021 Edinburgh Dogmatics Conference EDC which is a biennial event led by the Rutherford Centre for Reformed Theology Considering the pressing reality of the decline of the church particularly in Europe the essays question the nature and purpose of the church in society today Using rigorous biblical and theological examination the contributors provide solutions and clarity to the ecclesiastical quandaries that have arisen over recent times The EDC creates a positive forum for the constructive discussion of Reformed Theology The essays represent a unified front in the face of the growing disunity and schisms found in the church **Roman Faith and Christian Faith** Teresa Jean Morgan, 2015 This

study investigates why faith pistis fides was so important to early Christians that the concept and praxis dominated the writings of the New Testament It argues that such a study must be interdisciplinary locating emerging Christianities in the social practices and mentalities of contemporary Judaism and the early Roman empire This can therefore equally be read as a study of the operation of pistis fides in the world of the early Roman principate taking one small but relatively well attested cult as a case study in how micro societies within that world could treat it distinctively Drawing on recent work in sociology and economics the book traces the varying shapes taken by pistis fides in Greek and Roman human and divine human relationships whom or what is represented as easy or difficult to trust or believe in where pistis fides is deferred and reified in practices such as oaths and proofs how pistis fides is related to fear doubt and scepticism and which foundations of pistis fides are treated as more or less secure The book then traces the evolution of representations of human and divine human pistis in the Septuagint before turning to pistis pisteuein in New Testament writings and their role in the development of early Christologies incorporating a new interpretation of pistis Christou and ecclesiologies It argues for the integration of the study of pistis pisteuein with that of New Testament ethics It explores the interiority of Graeco Roman and early Christian pistis fides Finally it discusses eschatological pistis and the shape of the divine human community in the eschatological kingdom Religious Rivalries in the Early Roman Empire and the Rise of Christianity Leif E. Vaage, 2010-10-30 Religious

Rivalries in the Early Roman Empire and the Rise of Christianity discusses the diverse cultural destinies of early Christianity

early Judaism and other ancient religious groups as a question of social rivalry The book is divided into three main sections The first section debates the degree to which the category of rivalry adequately names the issues that must be addressed when comparing and contrasting the social success of different religious groups in antiquity The second is a critical assessment of the common modern category of mission to describe the inner dynamic of such a process it discusses the early Christian apostle Paul the early Jewish historian Josephus and ancient Mithraism The third section of the book is devoted to the rise of Christianity primarily in response to the similarly titled work of the American sociologist of religion Rodney Stark While it is not clear that any of these groups imagined its own success necessarily entailing the elimination of others it does seem that early Christianity had certain habits both of speech and practice which made it particularly apt to succeed in the Roman Empire

Early Christ Groups and Greco-Roman Associations Richard S. Ascough, 2022-06-20 Over the past two and a half decades there has been an increasing interest in how the data from the associations known primarily from inscriptions and papyri can help scholars better understand the development of Christ groups in the first and second centuries Richard Ascough's work has been at the forefront of promoting the associations and applying insights from inscriptions and papyri to understanding early Christian texts This book collects together his most important contributions to the scholarly trajectory as it developed over a two decade period A fresh introduction orients the sixteen previously published articles and essays which are arranged into three sections the first dealing with associations as a model for Christ groups the second focused on how associations and Christ groups interacted over recruitment and the third on two key elements of group life meals and memorializing the dead

Wealth in Ancient Ephesus and the First Letter to Timothy Gary G. Hoag, 2015-10-16 Scholars are divided in their views about the teachings on riches in 1 Timothy Evidence that has been largely overlooked in NT scholarship appears in Ephesiaca by Xenophon of Ephesus and suggests that the topic be revisited Recently dated to the mid first century C E Ephesiaca brings to life what is known from ancient sources about the social setting and cultural rules of the wealthy in Ephesus and provides details that enhance our knowledge of life and society in that place and time In this volume Hoag introduces Ephesiaca and employs a socio rhetorical methodology to explore it alongside other ancient evidence and five passages in 1 Timothy 2 9 15 3 1 13 6 1 2a 6 2b 10 and 6 17 19 His findings augment our modern conception of the *Sitz im Leben* of the wealthy in Ephesus Additionally because Ephesiaca contains some rare terms and themes that are found in 1 Timothy this groundbreaking research offers fresh insight for biblical reading and interpretation

The Paul-Apollos Relationship and Paul's Stance toward Greco-Roman Rhetoric Corin Mihaila, 2009-06-25

Research into the social and rhetorical background of the Corinthian church shows that the Corinthians were evaluating their leaders based on their rhetorical prowess seeking to associate with those who would enhance their status and honour The coherence of Paul's argument in 1 Corinthians 1 4 is evaluated particularly by showing how Paul's discourse of the cross and Sophia relate to the issue of the dissensions in the Corinthian ekklesia Once demonstrated that there is a misunderstanding

of wisdom amongst church leaders at the basis of the dissensions a redefinition of the wisdom offered in Corinthians is required In what could be considered the locus of Paul s theology of proclamation i e 1 Corinthians 2 1-5 he rejects any employment of worldly wisdom in his proclamation of the cross for theological reasons and will not allow himself or other leaders to be drawn into this game of personality cult and honour enhancement Such conclusions then raise the question of the role played by Apollos name in Paul s argument against dissensions After a review of several possible views it is concluded based primarily on exegetical grounds and refusing to engage in hermeneutical speculations that Paul had a congenial relationship with Apollos If any distinction is drawn between the two it was solely the Corinthians fault who viewed their preachers in competitive rather than complementary terms

First and Second Timothy and Titus (Paideia: Commentaries on the New Testament) Christopher R. Hutson, 2019-11-05 Drawing from many parts of the broad Christian tradition this commentary on First and Second Timothy and Titus helps readers gain a stronger understanding of early Christian ministry in the first two centuries Paideia commentaries show how New Testament texts use ancient narrative and rhetorical strategies to form and shape the reader and provide a fresh reading of the biblical texts in light of ancient culture and modern issues Students pastors and other readers will appreciate the historical literary and theological insight offered in this commentary

Paul and Patronage Joshua Rice, 2013-07-22 The question of how leadership and authority functioned in the Pauline church remains one of the most polarizing issues in New Testament scholarship today On the one side are egalitarian and counterimperial readings that stake their interpretation of the liberating gospel upon a depiction of the Pauline church as radically countercultural with regard to leadership and authority On the other side are authoritarian readings that just as easily conceive of Paul as fully embedded within the cultural conceptions and structures of leadership and authority in vogue across the Greco Roman world This study employs social science criticism to construct a model of ancient patronage conventions and power exchange dynamics in the Greco Roman world and this model is then applied to 1 Corinthians This study finds that when Paul addresses his own apostolic relationship to the Corinthians he tends toward reinscribing traditional hierarchies but that when Paul addresses relationships between participants of the Corinthian assembly he tends toward overturning them

Exploring the New Testament in Asia Samson L. Uytanlet, Bennet Lawrence, 2024-08-31 There is a growing recognition that God s design is for us to read Scripture alongside the whole church in all of its cultural and linguistic diversity Exploring the New Testament in Asia is a textbook for students and scholars of the New Testament to help the church hear and see the good news of Jesus anew This collection of essays offers theological reflections on New Testament themes from Asian perspectives while addressing contextual issues in light of the New Testament Touching on topics such as salvation holiness poverty ethnic tensions reconciliation honoring elders persecution and hospitality the scholars in this book demonstrate the importance of a varied contemporary context for understanding the New Testament The result is a theological contribution that is both contextually relevant and biblically faithful

San

Pablo, el Espíritu y las Virtudes Nérida Naveros, 2023-08-15 Poniendo a Pablo dentro del mundo de la época helenista judía y griega este libro examina su nuevo mensaje sobre la posición preeminente del espíritu en su doctrina sobre las virtudes. La pregunta central es cómo el concepto del espíritu se hace la fuente principal de todas las virtudes cristianas en la vida ordinaria de los judíos y gentiles creyentes y cómo se refleja en sus cartas. El libro examina las siete cartas indiscutibles de Pablo e ilustra la enseñanza fundamental del poder del espíritu en la adquisición de las virtudes y la evitación de los vicios. De hecho se da un énfasis a las virtudes y vicios reflejadas en cada una de las siete cartas. También investiga cómo la vida de los creyentes en la comunidad cristiana fluye del Espíritu recibido de Dios. El libro ofrece al lector un estudio completo del entendimiento del término espíritu en las tradiciones helenista judías y griegas dando un enfoque a la manera como Pablo usa el lenguaje filosófico en su exhortación ética un lenguaje que probablemente habría sido común para muchos de sus oyentes gentiles creyentes con el fin de ofrecer un entendimiento persuasivo de su exhortación a la vida virtuosa. **The**

Ethnographic Character of Romans Susann M. Liubinskas, 2019-02-05 In this work Susann Liubinskas provides a coherent reading of Paul's letter to the Romans in light of ancient ethnography. Paul like his contemporaries harnesses the apologetic power of this genre in order to fortify the members of the Roman house churches to maintain their distinctiveness by arguing for the historical legitimacy of the Christ movement's laws, customs, and way of life. When the law-faith dichotomy is considered within the larger context of Paul's ethnic discourse its primary function as the means by which Paul draws lines of continuity and discontinuity between the Christ movement and its venerable Jewish roots comes to light. Rather than viewing Paul as dealing with two different religions we see Paul working to position believing Jews and Gentiles in relationship to Israel's history with God particularly as it finds its climax in Jesus Christ. Thus Paul utilizes the law-faith dichotomy not to describe two paths of salvation but to redefine the people of God in the new age as ethnically inclusive. Pauline Perspectives

N. T. Wright, 2013-11-01 This companion volume to Paul and the Faithfulness of God and Paul and His Recent Interpreters brings together N. T. Wright's most important articles on Paul and his letters over the last three decades. The book begins with Wright's auspicious essay of 1978 when as a young aspiring scholar he gave the annual Tyndale lecture in Cambridge and proposed for the first time a new perspective on Pauline theology. The book ends with an expanded version of a paper he gave in Leuven in 2012 when as a seasoned scholar at the height of his powers he explored the foundational role of Abraham in Romans and Galatians. The First Urban Churches

6 James R. Harrison, L. L. Welborn, 2021-11-05 An examination of early Roman Christianity by New Testament and classical scholars. Building on the methodologies introduced in the first volume of The First Urban Churches and supplementing the in-depth studies of Corinth, Ephesus, Philippi, Colossae, Hierapolis, and Laodicea, vols. 2-5 essays in this volume challenge readers to reexamine what we know about the early church within Rome and the port city of Ostia. In the introductory section of the book James R. Harrison discusses the material and documentary evidence of both cities which sets the stage for the essays that follow. In the second section Mary Jane Cuyler

James R Harrison Richard Last Annelies Moeser Thomas A Robinson Michael P Theophilus and L L Welborn examine a range of topics including the Ostian Synagogue Romans 1 2 4 against the backdrop of Julio Claudian adoption and apotheosis traditions and the epistle of 1 Clement In the final section of this volume Jutta Dresken Welland and Mark Reasoner engage Peter Lampe s magnum opus From Paul to Valentinus Lampe wraps up the section and the volume with a response Throughout readers are provided with a rich demonstration of how the material evidence of the city of Rome illuminates the emergence of Roman Christianity especially in the first century CE *The State of New Testament Studies* Scot McKnight, Nijay K. Gupta, 2019-11-05 This book surveys the current landscape of New Testament studies offering readers a concise guide to contemporary discussions Bringing together a diverse group of experts it covers research on the most important issues in New Testament studies including new discipline areas making it an ideal supplemental textbook for a variety of courses on the New Testament Michael Bird David Capes Greg Carey Lynn Cohick Dennis Edwards Michael Gorman and Abson Joseph are among the contributors **The First Christian Slave** Mary Ann Beavis, 2021-01-06 The slave Onesimus is the central figure in the letter to Philemon but he remains silent throughout the discourse Studies of the letter focus on whether or not Onesimus was a fugitive slave and on the question of Paul s intentions for him did he want Philemon to accept him back as a brother in faith did he expect Philemon to return Onesimus to him for his own use or was Paul hinting that Philemon should manumit Onesimus This study centers on Onesimus as an intentional convert the first Christian slave whose name we know Using research about early Christian slavery slavery in the Roman world and comparative evidence from African American slave narratives this study starts from the assumption that Onesimus had his own motives and aspirations in pursuing his association with Paul and reconstructs his voice using hints within and outside the text that suggest his agency and subjectivity **The Early Christian Community** Douglas A. Hume, 2011 Douglas A Hume offers a narrative ethical reading of the passages depicting the early Christian community in Acts 2 41 47 and 4 32 35 He begins with a methodological exploration of how contemporary scholars may examine the impact of biblical narratives upon reader s moral imaginations Given the presence of friendship language in Acts the work subsequently launches into an examination of this idiom in Greco Roman philosophical and literary works by Aristotle Plutarch Diogenes Laertius and Iamblichus The author then proceeds to an exegetical examination of how friendship language is employed by Luke in the narrative summaries of Acts This ethical reading of the Acts 2 41 47 and 4 32 35 incorporates multiple features of narrative criticism and asks such wide ranging questions as the use of emotion point of view and characterization to shape the reading audience s perception of God the early Christian community and other characters within the story of Luke Acts This study has implications for biblical studies practical theology and contemporary understandings of ecclesiology Paul against the Nations Neil Elliott, 2023-11-10 In these essays some of them never published before Neil Elliott presents an understanding of Romans at odds with the traditional Protestant understanding a treatise on justification by faith or the New Perspective

Paul's argument with Jewish ethnocentrism The letter that emerges here is an urgent response to a historical situation Paul engages what would quickly become the supersessionist norm in gentile Christianity shaped by the Roman construal of subject peoples Gathered here for the first time these studies rely on rhetorical criticism broad attention to Roman imperial ideology and postcolonial criticism to argue for a strikingly new perspective on Romans
