*The Fleece and the Loom* Harry Brown,1955      **The Fleece and the Loom** Harry Brown (Professor of history),1955      **Wages and Hours of Labor in the Cotton, Woolen, and Silk Industries** United States. Bureau of Labor Statistics,1913      **Wages and Hours of Labor Series** United States. Bureau of Labor Statistics,1913      *Report of the Secretary of Agriculture* United States. Department of Agriculture,1868      Introduction to Nonwovens Technology Subhash Kumar Batra,Behnam Pourdeyhimi,2012

The processing of nonwovens depends on a range of technologies some adapted from the textile and paper industries others developed uniquely for nonwovens production The present volume provides a systematic step by step explanation of virtually all processes that integrate relevant raw materials into finished nonwovens for different end uses In comprehensive terms the book explains the connection between the structure of nonwovens and the specialized as well as still evolving technologies used to produce them from simple roll goods to nanoscale webs and fiberwebs The unified treatment in the book is meant to serve the needs of engineering and technology students For students and instructors the text also offers reviews of basic chemistry polymer physics and heat transfer concepts which are linked to processing and design information Problems and exercises are presented for classroom study and individual practice The book can also be used profitably as a self teaching tool by professionals working in or new to the nonwovens industry From the Foreword by John Hearle In comparison with other publications the present book covers the great diversity of nonwovens and emphasizes how new types of nonwovens can be created through the use of novel fibres This approach integrates many aspects of fibres and textile structures that are not associated with the conventional forms of nonwovens which were established over the last fifty years In this sense the book summarizes existing technical knowledge and suggests ways of going beyond it

**The Book of Looms** Eric Broudy,2021-09-29 A heavily illustrated classic on the evolution of the handloom The handloom often no more than a bundle of sticks and a few lengths of cordage has been known to almost all cultures for thousands of years Eric Broudy places the wide variety of handlooms in their historical context What influenced their development How did they travel from one geographic area to another Were they invented independently by different cultures How have modern cultures improved on ancient weaving skills and methods Broudy shows how virtually every culture has woven on handlooms He highlights the incredible technical achievement of early cultures that created magnificent textiles with the crudest of tools and demonstrates that modern technology has done nothing to surpass their skill or inventiveness
