Ervine, 2016-04-07 home of the kings of Ulster and tried to make the world believe that St Patrick was buried in its cathedral. Ballyards magnificently unperturbed murmured, 'Your population is going down, nor does it manifest any respect for Greenry, which has a member of parliament to itself and has twice the population of Ballyards. It's an ugly hole,' says Ballyards. 'And it's full of Papishes, Millreagh and Pickie, openly sneer at Ballyards and Greenry affects to be unaware of it, but the pride of Ballyards remains unaltered, incapable of being diminished, incapable even of being increased for pride cannot go to greater lengths than the pride of Ballyards has already gone, and in spite of' **The Foolish Lovers (Classic Reprint)** St. John G. Ervine, 2015-07-10 Excerpt from *The Foolish Lovers*: IF you were to say to an Ulster man, 'Who are the proudest people in Ireland?' He would first of all stare at you as if he had difficulty in believing that any intelligent person could ask a question with so obvious an answer, and then he would reply, 'Why, the Ulster people, of course.' And if you were to say to a Ballyards man, 'Who are the proudest people in Ulster?' He would reply, if he deigned to reply at all, 'A child would know that. The Ballyards people, of course.' Debating the Roman de la Rose Christine McWebb,2013-10-08 Around the year 1400 the poet Christine de Pizan initiated a public debate in France over the literary truth and merit of the Roman of the Rose perhaps the most renowned work of the French Middle Ages She argued against what she considered to be misrepresentations of female virtue and vice in the Rose Her bold objections aroused the support and opposition of some of the period's most famous intellectuals notable Jean Gerson whose sermons on the subject are important literary documents The Quarrel of the Rose is the name given by modern scholars to the collection of these and other documents including both poetry and letters that offer a vivid account of this important controversy As the first dual language version of the Quarrel documents this volume will be of great interest to medievalists and an ideal addition to the Routledge Medieval Texts series Along with translations of the actual debate epistles the volume includes several relevant passages from the Romance of the Rose as well as a chronology of events and ample biography of source materials

Debate of the Romance of the Rose David F. Hult,2010-04-15 In 1401 Christine de Pizan 1365a 1430 wrote a letter to the provost of Lille criticizing the highly popular Romance of the Rose for its unwarranted misogynistic depictions of women Here Hult collects debate documents letters and excerpts from other works of Pizan including one from City of Ladiesa her major defense of women

The Myths of Love Katherine Heinrichs,2010-11 This study seeks to define the medieval literary conventions governing allusions to certain Ovidian and Virgilian tales of love in the works of Boccaccio Machaut Froissart and Chaucer Using evidence from the Latin mythographers it addresses several much debated critical issues in medieval scholarship questions of narrative voice thematic unity and purpose Its principal contribution is to the discussion and evaluation of the French and Italian poems of love to which Chaucer was most heavily indebted The author suggests that the love poems of Boccaccio Machaut and Froissart rather than being ponderous didactic productions designed to instruct medieval audiences in the art of love are true progeny of the Roman de la Rose complex jeux d'esprit much closer in spirit and intention to the works of Chaucer than has been supposed

Magister Amoris: The Roman de la Rose and Vernacular Hermeneutics Alastair J. Minnis,2001-04-26 The Roman de la Rose was a major bestseller largely due to its robust treatment of natural sexuality This study concentrates on the ways in which Jean de Meun in imitation of Ovid assumed the mock magisterium or mastership of love From Latin texts and literary theory Jean derived many hermeneutic rationales and generic categorizations without

allowing any one to dominate Alastair J Minnis considers allegorical versus literalistic expression in the poem its competing discourses of allegorical covering and satiric stripping Jean's provocative use of plain and sometimes obscene language in a widely accessible French work the challenge of its homosocial and perhaps even homoerotic constructions the subversive effects of coital comedy within a text characterized by intermittent aspirations to moral and scientific truth and placing the Rose's reception within the European history of vernacular hermeneutics the problematic translation of literary authority from Latin into the vulgar tongue

The Origins of Life Anna-Teresa Tymieniecka, 2012-12-06 Understanding life through its origins reveals the groundwork underlying the differentiations of its autonomous generative matrixes Following the primogenital matrix of generation the three generative matrixes of the specifically human sense of life establish humanness within the creative human condition as the existential sphere of sharing in life *Appletons' Journal*, 1873

Fallible Authors Alastair Minnis, 2013-02-12 Can an outrageously immoral man or a scandalous woman teach morality or lead people to virtue Does personal fallibility devalue one's words and deeds Is it possible to separate the private from the public to segregate individual failing from official function Chaucer addressed these perennial issues through two problematic authority figures the Pardoner and the Wife of Bath The Pardoner dares to assume official roles to which he has no legal claim and for which he is quite unsuited We are faced with the shocking consequences of the belief standard for the time that immorality is not necessarily a bar to effective ministry Even more subversively the Wife of Bath who represents one of the most despised stereotypes in medieval literature the sexually rapacious widow dispenses wisdom of the highest order This innovative book places these fallible authors within the full intellectual context that gave them meaning Alastair Minnis magisterially examines the impact of Aristotelian thought on preaching theory the controversial practice of granting indulgences religious and medical categorizations of deviant bodies theological attempts to rationalize sex within marriage Wycliffite doctrine that made authority dependent on individual grace and raised the specter of Donatism and heretical speculation concerning the possibility of female teachers Chaucer's Pardoner and Wife of Bath are revealed as interconnected aspects of a single radical experiment wherein the relationship between objective authority and subjective fallibility is confronted as never before
