The Formation Of The Christian Scriptures:

The Formation of the Christian Bible Hans von Campenhausen, 1972 **The Formation of the Christian Scriptures** Margaret Baxter, 2015-07-01 The Formation of the Christian Scriptures is the second volume in a two part introduction to the New Testament tracing the processes by which the various parts of the New Testament as we know it came to be written and put together accepted as Scripture and then translated The International Study Guides ISGs are clear and accessible resources contextual and ecumenical in content and missional in direction The contributors are theological educators who come from different countries and different religious backgrounds and bring practical emphasis alongside contemporary scholarly reflection **Formation of the Bible: the Story of the Church's Canon** Lee Martin McDonald, 2012 Well known for his scholarly works on the formation of the biblical canon Lee McDonald has written a carefully researched and reasoned explanation on the history of the formation of the Bible expressly for the interested pastor and curious layman Combining a lifelong commitment to the Scriptures both as a pastor and as a scholar McDonald approaches his task with sensitivity to the importance of these sacred texts as well as with the thoughtful practice of a person steeped in the process by which these texts were brought together to form the Bible as the church knows it now From the collection and translations of the Hebrew Scriptures through the collection of the New Testament Scriptures and finally the process of settling on the final forms for these collections McDonald leads his reader right up to the present moment New Testament Introduction, 1987 **The Formation and Significance of the Christian Biblical Canon** Tomas Bokedal, 2013-12-05 This book offers a fresh cross disciplinary approach to the current discussion on the Christian canon formation process By carefully integrating historical hermeneutical and theological aspects to account for the emergence of the canon it seeks to offer a more comprehensive picture of the canon development than has previously been achieved The formation and continuous usage of the Christian biblical canon is here viewed as an act of literary preservation and actualization of the church's apostolic normative tradition the Scriptures and the Lord addressing first of all the church but also the wider society In order to grasp the complex phenomenon of the biblical canon the study is divided into four parts focusing respectively on linguistic and effective historical textual and material performative and ideational aspects of the canon Attention is given to the scribal nomina sacra convention the codex format oral and written Gospel early Christian liturgical praxis and the Rule of Faith Bokedal argues that the canon was formed in a process with its own particular intention history and direction Throughout the study history and theology past and present are considered alongside each other By using a Gadamerian hermeneutics of tradition the reader's attention is directed to historical dimensions of the canon and its interpretative possibilities for our time The notion of effective history Wirkungsgeschichte as well as the interaction between text community and reader are crucial to the argument The canonical text as text its interpretation and ritual contextualization are highlighted as unifying elements for the communities being addressed **The Formation of the Christian Bible** Hans von Campenhausen, 1972 **Israel's**

Scriptures in Early Christian Writings Matthias Henze, David Lincicum, 2023-07-20 How did New Testament authors use Israel's Scriptures? Use, misuse, appropriation, citation, allusion, inspiration: how do we characterize the manifold images, paraphrases and quotations of the Jewish Scriptures that pervade the New Testament? Over the past few decades, scholars have tackled the question with a variety of methodologies. New Testament authors were part of a broader landscape of Jewish readers interpreting Scripture. Recent studies have sought to understand the various compositional techniques of the early Christians who composed the New Testament in this context and on the authors' own terms. In this landmark collection of essays, Matthias Henze and David Lincicum marshal an international group of renowned scholars to analyze the New Testament text by text, aiming to better understand what roles Israel's Scriptures play therein. In addition to explicating each book, the essayists also cut across texts to chart the most important central concepts, such as the messiah, covenants and the end times. Carefully constructed reception history of both testaments rounds out the volume. Comprehensive and foundational, *Israel's Scriptures in Early Christian Writings* will serve as an essential resource for biblical scholars for years to come.

Biblical Exegesis and the Formation of Christian Culture Frances M. Young, 1997-04-28. This book challenges standard accounts of early Christian exegesis of the Bible. Professor Young sets the interpretation of the Bible in the context of the Graeco-Roman world: the dissemination of books and learning, the way texts were received and read, the function of literature in shaping not only a culture but a moral universe. For the earliest Christians, the adoption of the Jewish scriptures constituted a supersessionary claim in relation to Hellenism as well as Judaism. Yet the debt owed to the practice of exegesis in the grammatical and rhetorical schools is of overriding significance. Methods were philological and deductive, and the usual analysis according to literal, typological and allegorical is inadequate to describe questions of reference and issues of religious language. The biblical texts shaped a totalizing discourse which by the fifth century was giving identity, morality and meaning to a new Christian culture.

The Impact of Scripture in Early Christianity J. den Boeft, M.L. van Poll-van de Lisdonk, 2015-12-22. One of the most conspicuous innovations of early Christianity within Greco-Roman culture is its reliance upon a collection of authoritative texts. The ultimate author of Scripture was thought to be God.

Himself whose will could and should be sought and found in these holy writings For this reason it is not surprising that very soon these texts not only became the object of careful attention and scholarly study but also put their stamp on the various forms and manifestations of early Christian life such as martyrdom asceticism liturgy art and literature This multifarious influence of Scripture is the subject of *The Impact of Scripture in Early Christianity* It contains fourteen contributions predominantly in English by Belgian and Dutch scholars which have been gathered in a thematically ordered collection

Introduction to the Bible Gregory W. Dawes, 2016-11-17 When we first pick it up and open it the Bible can seem confusing and perhaps even frightening Here is this bulky book made up of seventy three sections with unfamiliar titles such as Deuteronomy Ecclesiastes Colossians and Corinthians with numbers in front of almost every sentence rarely any pictures and perhaps a few maps of ancient areas such as Mesopotamia Assyria and Judah Since the Bible looks like a book we may start to read it as we would any other book hoping to move from cover to cover Then we begin to wonder Who wrote this When was it written What kind of writing is this History Science Biography Fiction What am I supposed to get out of it As or if we keep reading the Bible page by page section by section we soon realize that this is no ordinary run of the bookshelf volume Without a guide the Bible is likely to remain the book most often purchased but not very often read and even less often understood To rescue Bible readers and students from turning their initial enthusiasm into boredom Gregory Dawes gives us this *Introduction to the Bible* the indispensable prologue to the entire series of the New Collegeville Bible Commentary Dividing the contents into two parts the author first describes how the Old and New Testaments came to be put together and then explores how their stories have been interpreted over the centuries In the words of Dawes this very broad overview of a very complex history offers the general reader a helpful framework within which to begin to understand the Bible The author writes clearly frequently seasoning his explanations with crisp examples This book anchors individual and group Bible study on the solid foundation of basic biblical vocabulary and concepts Gregory W Dawes is senior lecturer in both religious studies and philosophy at the University of Otago New Zealand He undertook graduate study at the Pontifical Biblical Institute in Rome where he completed the Licentiate degree before receiving a PhD from the University of Otago in 1995 He has written several books the most recent being *The Historical Jesus Question The Challenge of History to Religious Authority* Westminster John Knox 2001 He is currently researching Christian responses to the work of Charles Darwin [The Formation of the Hebrew Bible](#) David M. Handbook of Early Christian Studies Susan Ashbrook Harvey, David G. Hunter, 2008-09-04 Provides an introduction to the academic study of early Christianity c 100 600 AD and examines the vast geographical area impacted by the early church in Western and Eastern late antiquity from publisher description Imaging the Early Medieval Bible John Williams, 1999 A unique exploration of the beginnings of biblical illustration and decoration *Before There Was a Bible* Lee Martin McDonald, 2023-01-26 How did authority function before the bible as we know it emerged Lee Martin McDonald examines the authorities that existed from the Church's beginning the appeal to the texts containing the words of Jesus and that would become the New Testament the not yet finalized Hebrew Scriptures referred to mostly in Greek and the apostolic leadership of the churches McDonald traces several sacred core traditions that broadly identified the essence of Christianity before there was a bible summarized in early creeds hymns and spiritual songs baptismal and Eucharistic affirmations and in lectionaries and catalogues from the fourth century and following McDonald shows how those traditions were included in the early Christian writings later recognized as the New Testament He also shows how Christians were never fully agreed on the scope of their Old Testament canon Hebrew scriptures and that it took centuries before there was universal acceptance of all of the books now included in the Christian bible Further McDonald shows that whilst writings such as the canonical gospels were read as authoritative texts likely from their beginning they were not yet called or cited as scripture What was cited in an authoritative manner were the words of Jesus in those texts alongside the multiple affirmations and creeds that were circulated in the early Church and formed its key authorities and core sacred traditions
