The Freedom Trap Priyan Max Jeganathan, 2025 Re CONSIDERING invites you to look at what s familiar from an unfamiliar angle To consider how we consider things and how to do it better Has our obsession with freedom distracted us from more important things Over the past century freedom has been elevated from a political ideal to a personal mantra What began as a rallying cry for liberation from tyranny has morphed into a demand for endless personal autonomy No longer confined to our constitutions courtrooms or parliaments freedom now permeates our diets our shopping carts our social media feeds Every inconvenience is a potential violation of our rights every restriction feels like an affront to our dignity But what has this pursuit of absolute limitlessness really brought us The more we chase freedom from from constraints from responsibility from discomfort the more we seem to lose our grip on freedom for for purpose for others for the common good Despite living in an age of unprecedented choice modernity has not delivered on its promises Instead many find themselves burdened by anxiety adrift in a sea of options with no compass for ethics no anchor in morality no clarity about what it means to live well We may be freer but we re not necessarily happier Could it be that our current concept of freedom understood as the absence of all limits is not true liberation but a kind of new oppression One that masquerades as empowerment while leaving us isolated overwhelmed and detached from anything larger than ourselves Have we traded the oppression of external control for the subtler tyranny of infinite choices Philosophy theology and Christianity have long warned that unbounded freedom can become its own kind of cage True freedom they argue is not the ability to do whatever we want but the ability to choose what

is good even when it's hard. It involves discipline, virtue, and an understanding of our place in the world not as atomized individuals but as part of a society woven together in mutual responsibility. Perhaps we've misunderstood the nature of limits. Not as barriers to be broken but as boundaries that create space for meaning. Just as the walls of a home provide shelter, the right kind of restrictions can protect, guide, and even enable a richer form of individualism, one that is grounded in relationship, not self-gratification. What if freedom is only truly meaningful when tethered to ethics, to morality, to love? What if what we truly seek isn't the removal of all constraints but the restoration of a vision of the good, a life shaped not by limitless desire but by deliberate and life-giving choices. Can a society that's drunk on freedom come back to its senses? What if freedom is a trap? And if it is, what can we do to free ourselves from it?

The Freedom Bunker James Porteous, 2022-08-06
War is not hell. Hawkins Bay Freedom Bunker. Chief Major Milton Stursberg once famously said, "Hell is hell. War is just war. War is just war. And death is just death." Major Stursberg is equally infamous for his service above and beyond when, in World War III, he demonstrated the feasibility of limited nuclear attacks by wiping out a country the size of Switzerland. Because it was Switzerland. Not since J. Robert Oppenheimer did the newspaper headlines cry out with glee. And so, of course, he was hand-picked to run the Hawkins Bay Freedom Bunker, the local version of the 1,000 or so Freedom Bunkers designed to preserve the gold, stock options, and DNA of the 1%. One day, God willing, Major Stursberg will lead the inhabitants of the Hawkins Bay Freedom Bunker into the glorified air of New World 2.0, and life on Earth will begin anew. And do they have God on their side? Or will He turn the other cheek and offer Eternal Redemption to Those Left Behind who have spent decades suffering and preparing for this final battle against The Ones? One thing is for certain: Those Left Behind will not go quietly into the night. Got a revolution?
