The wonder of man's ingenuity Rijksmuseum voor Volkenkunde,2024-09-09 **Yellowstone, Land of Wonders** Jules Leclercq,2020-04-01 In the summer of 1883 Belgian travel writer Jules Leclercq spent ten days on horseback in Yellowstone the world's first national park exploring myriad natural wonders astonishing geysers majestic waterfalls the vast lake and the breathtaking canyon He also recorded the considerable human activity including the rampant vandalism Leclercq's account of his travels is itself a small marvel blending natural history firsthand impressions scientific lore and anecdote Along with his observations on the park's long rumored fountains of boiling water and mountains of glass Leclercq describes camping near geysers washing clothes in a bubbling hot spring and meeting such diverse characters as local guides and tourists from the United States and Europe Notables including former president Ulysses S Grant and then president Chester A Arthur were also in the park that summer to inaugurate the newly completed leg of the Northern Pacific Railroad A sensation in Europe the book was never published in English This deft translation at long last makes available to English speaking readers a masterpiece of western American travel writing that is a fascinating historical document in its own right Philosophy Begins in Wonder Michael Funk Deckard,Peter Losonczi,2011-10-27 Philosophy begins with wonder according to Plato and Aristotle Yet Plato and Aristotle did not expand a great deal on what precisely wonder is Does this fact alone not raise curiosity in us as to why this passion or concept is important What is wonder's role in science philosophy or theology except to end thinking or theorizing as soon as one begins The primary purpose of this book is to show how seventeenth and eighteenth century developments in natural theology metaphysics epistemology ethics aesthetics and the philosophy of science resulted in a complex history of the passion of wonder a history in which the elements of continuation criticism and reformulation are equally present Philosophy Begins in Wonder provides the first historical overview of wonder and changes the way we see early modern Europe It is intended for readers who are curious who wonder about how modern philosophy and science were born The book is for scholars and educated readers alike **The New Yearbook for Phenomenology and Phenomenological Philosophy** Burt C. P.,2016-04-22 This book explores the Liturgy as the manifestation by cultic signs of Christian revelation the setting of the Liturgy in terms of architectural space iconography and music and the poetic response which the revelation the Liturgy carries can produce The conclusion offers a synthetic statement of the unity of religion cosmology and art Aidan Nichols makes the case for Christianity s capacity to inspire high culture both in principle and through well chosen historical examples which draw on the best in Catholicism Eastern Orthodoxy and Anglicanism **Honour Among Men and Nations** Geoffrey Best,1982-12-15 To no group subject to sociological and political analysis has honour seemed to matter more than to the military Their idea of it has commonly been accepted as the most superior open to emulation to the limited extent that different circumstances and purposes in non military life permit The degeneration of this concept and of the public realm in which honour s obligations have to be observed is the subject of this book based on the 1981 Joanne Goodman Lectures at the University of Western Ontario Best begins with the discovery in the age of the American and French revolutions of the nation as the supreme object of honourable service He discusses how nationalism and democracy marched together through the nineteenth century to harden this creed and broaden its base so that what had previously been a code for noblemen became a popular code for patriots He finds that in spite of the historical naturalness even inevitability of nationalism its ensuing and corrective counter current internationalism is a much more appealing principle In internationalism a tradition of cosmopolitan transnational thought and activity unmoved by the passions of nationalism and critical of them on the grounds of humanity and peace he perceives a greater field for honourable service honour s obligation to the service of mankind Best casts new light upon some familiar historical episodes and values and suggests fruitful fields for future study **Men Worthy to Lead** Peter Bayne,1890
