information gushing out of academia and our media outlets To turn it off is escapist but to attempt to cognitively grapple with

it is overwhelming In *Unforgettable* Enabling Deep and Durable Learning a nationally recognized master teacher gives

professors and their students the means to chart a clear path through this information explosion Humans crave explanatory

patterns and this book enables teachers to think deeply about their academic disciplines to find and articulate their core

explanatory principles and to engage their students in a compelling way of thinking An alternative title for this book could be

Why the Best College Teachers Do What They Do because the author articulates a compelling rationale that will equip faculty

to create and deliver transformative courses Students in transformative courses grapple with essential questions and gain

mental muscle that equips them for real world challenges
