Hoosh Jason C. Anthony, 2012-11-01 Antarctica the last place on Earth is not famous for its cuisine Yet it is famous for stories of heroic expeditions in which hunger was the one spice everyone carried At the dawn of Antarctic cuisine cooks improvised under inconceivable hardships castaways ate seal blubber and penguin breasts while fantasizing about illustrious feasts and men seeking the South Pole stretched their rations to the breaking point Today Antarctica s kitchens still wait for provisions at the far end of the planet s longest supply chain Scientific research stations serve up cafeteria fare that often offers more sustenance than style Jason C Anthony a veteran of eight seasons in the U S Antarctic Program offers a rare workaday look at the importance of food in Antarctic history and culture Anthony s tour of Antarctic cuisine takes us from hoosh a porridge of meat fat and melted snow often thickened with crushed biscuit and the scurvy ridden expeditions of Shackleton and Scott through the twentieth century to his own preplanned three hundred meals plus snacks for a two person camp in the Transantarctic Mountains The stories in Hoosh are linked by the ingenuity good humor and indifference to gruel that make Anthony s tale as entertaining as it is enlightening

Empire Antarctica Gavin Francis,2014-08-26 Gavin Francis fulfilled a lifetime s ambition when he spent fourteen months as the basecamp doctor at Halley a profoundly isolated British research station on the Caird Coast of Antarctica So remote it is said to be easier to evacuate a casualty from the International Space Station than it is to bring someone out of Halley in winter Antarctica offered a year of unparalleled silence and solitude with few distractions and a very little human history but also a rare opportunity to live among emperor penguins the only species truly at home in he Antarctic Following Penguins throughout the year from a summer of perpetual sunshine to months of winter darkness Gavin Francis explores the world of great beauty conjured from the simplest of elements the hardship of living at 50 c below zero and the unexpected comfort that the penguin community bring Empire Antarctica is the story of one man and his fascination with the world s loneliest continent as well as the emperor penguins who weather the winter with him Combining an evocative narrative with a sublime sensitivity to the natural world this is travel writing at its very best
