Negotiating Capability and Diaspora Ashmita Khasnabish, 2013-12-04 *Negotiating Capability and Diaspora* A Philosophical Politics scrutinizes Indian economist cum philosopher Amartya Sen's theory of capability which rose as a critique of the modern American philosopher John Rawls's theory of primary goods Ashmita Khasnabish develops Sen's theory of capability as a leitmotif throughout the book She focuses on the following themes 1 how Amartya Sen's theory of capability offers strength to immigrants and underdogs 2 the significance of John Rawls's theory for Sen's theory of capability 3 two aspects of Sen's theory on the one hand it exposes the asymmetry between people of power and the powerless due to the discrepancy of resources and on the other hand it shows how the powerless or the underdogs or the minorities could exert their will power through the paradigm of choices to overcome 4 finally Sri Aurobindo's theory of democracy which intersects with John Rawls's theory of comprehensive doctrines and political justice Khasnabish also discusses authors Amitav Ghosh Jhumpa Lahiri and Toni Morrison whose novels illustrate different facets of the theory of capability *Negotiating Capability and Diaspora* develops themes that will be of great interest to students and scholars of political philosophy feminist philosophy postcolonial studies literary studies Diaspora studies and world literature

Frank Lloyd Wright and Ralph Waldo Emerson Ayad Rahmani, 2023-09-27 *Frank Lloyd Wright and Ralph Waldo Emerson Transforming the American Mind* is an interdisciplinary volume of literary and cultural scholarship that examines the link between two pivotal intellectual and artistic figures It probes the degree to which the transcendentalist author influenced the architect's campaign against dominant strains of American thought Inspired by Emerson's writings on the need to align exterior expression with interior self Wright believed that architecture was not first and foremost a matter of accommodating spatial needs but a tool to restore intellectual and artistic freedom too often lost in

the process of modernization Ayad Rahmani shows that Emerson's writings provide an avenue for interpreting Wright's complex approach to country and architecture. The two thinkers cohered around a common concern for a nation derailed by nefarious forces that jeopardized the country's original promise. In Emerson's condemnations of slavery and inequality, Wright found inspiration for seeking redress against the humiliations suffered by the modern worker, be it at the hands of an industrial manager or an office boss. His designs sought to challenge dehumanizing labor practices and open minds to the beauty and science of agriculture and the natural world. Emerson's example helped Wright develop architecture that aimed less at accommodating a culture of clients and more at raising national historical awareness while also arguing for humane and equitable policies.

Frank Lloyd Wright and Ralph Waldo Emerson presents a new approach to two vital thinkers whose impact on American society remains relevant to this day. A Human Creation W. R. Frederick, 2022-07-05. A Human Creation challenges god belief under several disciplines. History shows that humanity's need for the supernatural is rooted in the ancient past and that subsequent religious scriptures are poor proof of any god's existence wrought with myth fabrication and textual error. Evolution is supported by the evidence, not a divine intervention or design. The brain your mind can make you a believer and society culture and power politics can enforce belief. The physics of the universe show that there is no need for a god to arrive at today's reality while life's existence was a natural certainty. All of this means that humans fabricated their gods to satisfy their needs and fears. Worlds of Samsara James Heron, 2012-05-18. WHAT WOULD YOU DO IF YOU LOST YOUR DAUGHTER? When one grief-stricken father, Alexandros Vassago, loses his daughter Angelina, he embarks on an induced out-of-body experience as he tries to reconnect with her in the afterlife. But unbeknownst to him, this is just the beginning of a riveting journey he would not forget. What happens next is an inevitable unveiling of a myriad of life truths and revelations that will challenge his convictions. Led by his desire to be with his daughter, Alexandros enters one parallel world after another and in the process begins to open his eyes to the true workings of life, discovering that the people, places, and events we encounter are no accident. At the end of his journey, will Alexandros reunite with his daughter? Will he survive all the challenges in store for him? Enter the Worlds of Samsara to find out. Music and Identity in Postcolonial British South-Asian Literature Christin Hoene, 2014-08-27. This book examines the role of music in British South Asian postcolonial literature, asking how music relates to the construction of postcolonial identity. It focuses on novels that explore the postcolonial condition in India, Pakistan, and the United Kingdom: Vikram Seth's *A Suitable Boy*, Amit Chaudhuri's *Afternoon Raag*, Suhayl Saadi's *Psychoraag*, Hanif Kureishi's *The Buddha of Suburbia* and *The Black Album*, and Salman Rushdie's *The Ground Beneath Her Feet*, with reference to other texts such as E. M. Forster's *A Passage to India* and Vikram Seth's *An Equal Music*. The analyzed novels feature different kinds of music, from Indian classical to non-classical traditions and from Western classical music to pop music and rock n roll. Music is depicted as a cultural artifact and as a purely aestheticized art form at the same time. As a cultural artifact, music derives meaning from its socio-cultural context of

production and serves as a frame of reference to explore postcolonial identities on their own terms As purely aesthetic art music escapes its contextual meaning The transgressive qualities of music render it capable of expressing identities irrespective of origin and politics of location Thereby music in the novels marks a very productive space to imagine the postcolonial nation and to rewrite imperial history to express the cultural hybridity of characters in between nations to analyze the state of the nation and life in the multicultural diaspora of contemporary Great Britain and to explore the ramifications of cultural globalization versus cultural imperialism It will be a useful research and teaching tool for those interested in postcolonial literature music studies cultural studies contemporary literature and South Asian literature
