

SUBLIMITY & SKEPTICISM *in Montaigne and Milton*

DAVID L. SEDLEY

Sublimity And Skepticism In Montaigne And Milton

David Louis Sedley

Sublimity And Skepticism In Montaigne And Milton:

Sublimity and Skepticism in Montaigne and Milton David Louis Sedley, 2005 Boldly investigates the relationship between the sublime as an aesthetic category and the emergence of skepticism as a philosophical problem Sublimity and Skepticism in the Early Modern Period David Louis Sedley, 1999 *Milton, Longinus, and the Sublime in the Seventeenth Century* Thomas Matthew Vozer, 2024-03-07 In this wide ranging study in classical reception and the history of ideas Thomas Matthew Vozer shows how Milton's ideas of the sublime were informed by a deep understanding of Longinus and other ancient sources The book also demonstrates how Longinus's ideas and writings were far more prevalent in early modern England than previously thought **Doubt and Skepticism in Antiquity and the Renaissance** Michelle Zerba, 2012-07-09 An interdisciplinary study of the forms and uses of uncertainty in important works of literature and philosophy in antiquity and the Renaissance **Milton, the sublime and dramas of choice** Irene Montori, 2020-11-23 Milton the Sublime and Dramas of Choice challenges readers and scholars to rethink Milton's relationship to the sublime in terms of ethics The book demonstrates that Milton's sublimity merges the early modern reception of Longinus with classical medieval and Renaissance categories of magnanimity wonder and inspiration to investigate the relations between human and divine agency Under the influence of early modern models of sublimity including Spenser and Shakespeare Milton speaks through his fictional characters about the making of heroic and literary virtue In turn the work also sheds light on the importance of tragedy as an additional source to the formation of the Renaissance sublime Milton's tragic plots illustrate how the character's virtue is tested strengthened and eventually transformed into an experience of elevation The study explores the heroic path from dramatic choice to self realisation offering extensive treatments of Milton's dramas A Maske and Samson Agonistes The redefinition of the pairing Milton and the sublime in this work aims to relocate the poet within the English literary history as the climax of earlier traditions and receptions of the sublime but also as the starting point of modern sublimity Disenchantment, Skepticism, and the Early Modern Novel in Spain and France Ann T. Delehanty, 2022-12-16 This volume examines five early modern novels from the seventeenth century in Spain and France as examples of literature as a form of skeptical inquiry Cervantes's Don Quijote Zayas's Desengaños amorosos Scarron's Roman comique Cyrano de Bergerac's L'Autre Monde and Mme de Lafayette's Zayde These early modern novels encourage readers to take a critical stance toward accepted beliefs through content that stages multiple encounters with the shockingly unfamiliar as well as through experiments in literary form especially the interpolated story At its broadest reach this study asserts the fundamental value of literature as a means of encouraging discernment recognizing the illusory and honing critical acuity In terms of the particularity of the historical moment the volume also identifies the early modern novel as uniquely able to represent the conflicting value spheres of early modernity because of its ability to present multiple voices and its fascination with conflicting vantage points Due to its interdisciplinary nature Disenchantment Skepticism and the

Early Modern Novel in Spain and France appeals to literary scholars and intellectual historians of the early modern period in Europe as well as to advanced undergraduates and postgraduates studying the early novel intellectual history and philosophy of literature

Montaigne and the Life of Freedom Felicity Green, 2012-06-29 More than any other early modern text Montaigne's *Essais* have come to be associated with the emergence of a distinctively modern subjectivity defined in opposition to the artifices of language and social performance Felicity Green challenges this interpretation with a compelling revisionist reading of Montaigne's text centred on one of his deepest but hitherto most neglected preoccupations the need to secure for himself a sphere of liberty and independence that he can properly call his own or himself Montaigne and the Life of Freedom restores the *Essais* to its historical context by examining the sources character and significance of Montaigne's project of self study That project as Green shows reactivates and reshapes ancient practices of self awareness and self regulation in order to establish the self as a space of inner refuge tranquillity and dominion free from the inward compulsion of the passions and from subjection to external objects forces and persons

French Connections in the English Renaissance Catherine Gimelli Martin, Hassan Melehy, 2016-04-15 The study of literature still tends to be nation based even when direct evidence contradicts longstanding notions of an autonomous literary canon In a time when current events make inevitable the acceptance of a global perspective the essays in this volume suggest a corrective to such scholarly limitations the contributors offer alternatives to received notions of influence and the more or less linear transmission of *translatio studii* demonstrating that they no longer provide adequate explanations for the interactions among the various literary canons of the Renaissance Offering texts on a variety of aspects of the Anglo French Renaissance instead of concentrating on one set of borrowings or phenomena this collection points to new configurations of the relationships among national literatures Contributors address specific borrowings rewritings and appropriations of French writing by English authors in fields ranging from lyric poetry to epic poetry to drama to political treatise The bibliography presents a comprehensive list of publications on French connections in the English Renaissance from 1902 to the present day

Skepticism and Memory in Shakespeare and Donne A. Sherman, 2016-04-30 This book fills a lacuna in the intellectual history of the seventeenth century by investigating the role that skepticism plays in the declining prestige of memory It argues that Shakespeare and Donne revolutionize the art of memory thanks to their skepticism and thereby transform literary strategies like mimesis exemplarity and pastoral

Montaigne After Theory, Theory After Montaigne Zahi Zalloua, 2009-12-02 Essayist Michel de Montaigne is one of the most accessible and widely read authors in world literature His skepticism and relativism and the personal quality of his writing make him a perennial favorite among readers today Montaigne After Theory Theory After Montaigne pursues the idea that theory has altered the scholarly understanding of Montaigne while Montaigne's ideas have simultaneously challenged the authority of the various interpretive *doxa* collectively known as theory Montaigne's life and writings have drawn myriad interpretations While some scholars of his work focus on the content of the writings to define the

man others stress his playful use of language Montaigne's complex and multifaceted works provide fertile ground for exploring themes of wide ranging significance within the field of literary theory including the relationship between biography and theory the critique of modernism a critical history of the confessional mode of writing sexuality and gender and the theory of practice The essays in this collection move beyond the current stalemate in Montaigne criticism by revisiting questions about the role of theory in literary studies and by opening up a dialogue on the validity and limitations or use and abuse of theory in Montaigne studies

Eventually, you will extremely discover a further experience and capability by spending more cash. nevertheless when? complete you say yes that you require to get those every needs like having significantly cash? Why dont you attempt to acquire something basic in the beginning? Thats something that will lead you to understand even more in relation to the globe, experience, some places, taking into account history, amusement, and a lot more?
