Submission In Suffering And Other Essays On Eastern Thought:

Submission in Suffering, and Other Essays on Eastern Thought Harold Henry Rowley, 1951 **Submission in Suffering** Harold Henry Rowley, 1951 **The Function of Suffering in Philippians** L. Gregory Bloomquist, 1992-12-01 This closely argued and thoughtful book offers a fresh and nuanced understanding of the function of the suffering theme in Philippians A comprehensive survey of previous readings of Philippians is followed by a clear outline of the principles and practice of rhetorical criticism with particular reference to the study of letter structure The book concludes by considering in detail the shape and function of the theme of suffering in each of the rhetorical sections of the letter as identified by the author **Christianity and Education in Modern China** Wong Man Kong, George Kam Wah Mak, 2024-12-11 In Christianity and Education in Modern China Wong Man Kong George Kam Wah Mak and other contributors demonstrate how Christianity served as a driving force in the development of modern education in China Each of the chapters offers new insights into Christian involvement in different issues concerning education in modern China The contributors examine how Christian missionaries and Chinese Christian educators interacted with China's social cultural and political contexts Also explored are the Christian legacies of higher education in mainland China and Taiwan as well as how the spirit of Christian higher education in modern China has been carried on in Asia This volume suggests that Western missionary and Chinese Christian perspectives of higher education were complementary with each other in modern China Timely and informative Christianity and Education in Modern China tells the stories of less known Christian educators development experts and researchers who indigenized global knowledge and skills to address Chinese problems Its masterful narratives and analytical details highlight the transformative influence of Christianity on Chinese educational sphere Joseph Tse Hei Lee Pace University in New York Rich and broad this interdisciplinary volume holds a prism to Protestant Christian higher education in modern China Extending also to the Hong Kong and Taiwan regions its twelve chapters offer many new insights across the whole spectrum of educational activity in Chinese society in the twentieth century A rewarding read Ryan Dunch University of Alberta *Bible and Interpretation: The Collected Essays of James Barr* James Barr, 2013-03-28 The second of three volumes of James Barr's collected essays This volume focuses on biblical interpretation and the history of the discipline It also contains material on biblical fundamentalism **Biblical Form Criticism in its Context** Martin J. Buss, 1999-02-01 This magnum opus is not another catalogue of the forms of biblical literature but a deeply reflected account of the significance of form itself Buss writes out of his experience in Western philosophy and the intricate involvement of biblical criticism in philosophical history Equally biblical criticism and the development of notions of form are related to social contexts whether from the side of the aristocracy tending towards generality or of the bourgeois tending towards particularity or of an inclusive society favouring a relational view Form criticism in Buss's conception is no mere formal exercise but the observation of interrelationships among thoughts and

moods linguistic regularities and the experiences and activities of life This work with its many examples from both Testaments will be fundamental for Old and New Testament scholars alike **Wisdom in Israel and in the Ancient Near East** ,2014-09-03 **Morality and Universality** N.T. Potter,Mark Timmons,2012-12-06 In the past 25 years or so the issue of ethical universalizability has figured prominently in theoretical as well as practical ethics The term universalizability used in connection with ethical considerations was apparently first introduced in the mid 1950s by R M Hare to refer to what he characterized as a logical thesis about certain sorts of evaluative sentences Hare 1955 The term has since been used to cover a broad variety of ethical considerations including those associated with the ideas of impartiality consistency justice equality and reversibility as well as those raised in the familiar questions What if everyone did that and How would you like it if someone did that to you But this recent efflorescence of the use of the term universalizability is something that has deep historical roots and has been central in various forms to the thinking about morality of some of the greatest and most influential philosophers in the western tradition While the term is relatively new the ideas it is now used to express have a long history Most of these ideas and questions have been or can be formulated into a principle to be discussed criticized or defended As we discuss these ideas below this principle will be stated on a separate numbered line The concepts of justice and equality were closely linked in Greek thought These connections between these two concepts are apparent even in two authors who were hostile to the connection Plato and Aristotle **Supplements to Vetus Testamentum** International Organization of Old Testament Scholars,International Organization for the Study of the Old Testament,
